

COLOCATION UPDATE

August 2019

Wongan Hills Sports and Community Co-Location Project

Current Works:

On Monday 23rd July 2019, the 'first pour' of 150cm³ for the footings was completed. The builder, FIRM Construction, used local contractors WCS Concrete to supply.

Progress continues with the footings, in preparation for the first construction task of approximately 400 linear metres of retaining walls.

Demolition:

Demolition of the existing ablution block will be undertaken as soon as the winter sport season is complete.

The Shire, builder and representatives from summer sporting clubs will meet on-site in August to walk through the demolition plans and engage in the opportunity to discuss arrangements for the period.

The Shire is striving to minimise disruption to any club, and thanks clubs and the community for their support and understanding.

This Project is made possible through the financial support of:
