

Notice of Hazard Reduction Burning

With the aim of reducing the hazard posed by wildfire to the community, Department of Fire and Emergency Service staff are preparing to conduct a prescribed hazard reduction burn in order to reduce fuel loads.

The burn will be conducted in a manner that is safe and as environmentally friendly as possible allowing for natural regeneration of native flora.

WHERE: Unallocated Crown Land Broadbent ST Wongan Hills

WHEN: Monday 19th October to Wednesday 21st October 2020 (the date will be dependent on weather conditions)

Signs will be placed around the area confirming the date and access restrictions

WHO: DFES Staff and Volunteer Fire Brigades
DFES contractors will undertake post burn weed control if required

WHAT YOU SHOULD DO IF SMOKE AFFECTED:

- Motorists are advised to take care, turn on headlights and follow instructions or signage
- Motorists and residents should close all windows and doors and turn off air conditioners

People with health conditions exacerbated by smoke should:

- Take precautions in line with your pre-prepared treatment plan
- Seek medical advice from your doctor or call Health direct on 1800 022 222
- For more information go to Dept. of Health website www.health.wa.gov.au

WHAT YOU SHOULD NOT DO:

- Please do not call '000' unless reporting a life threatening event
- The area will be monitored following the burn to ensure it is safe
- The area may smoulder for several days
- Do not enter the reserve until deemed safe and all signage / hazard tape is removed
