Item 3. PUBLIC QUESTION TIME

Ms Pam Toster from Ballidu.

Ms Toster addressed Council in relation to the rebranding of the Shire Logo.

Ms Pam Toster left the meeting at 4.15pm

Ms Dawn Vaughan from Ballidu.

Ms Vaughan addressed Council in relation to the Ballidu Heritage Centre she is unhappy with the current state of the back of the Ballidu Town Hall. It is a trip hazard, and the ground is not level. Manager of Works Services had been in Ballidu and checked the area and the area was levelled as agreed at the onsite meeting before the works were completed.

Ms Vaughan also questioned Council about the footpath on Fairbank St, Ballidu. There is an issue with the brick paving of the footpath. Ms Vaughan has made a request for this to be fixed before and nothing has happened. Even a watch step sign could be placed there. Would like this fixed before the Back to Ballidu event on 2 October 2021.

Council has agreed to discuss this further at another time.

Ms Dawn Vaughan left the meeting at 4.15pm

Mr Ashley Townsend and Mrs Kylie Townsend from Ballidu.

Mr Ashley Townsend and Mrs Kylie Townsend addressed Council in relation to Development Application P507 – Transport Depot at 18 Wallis St, Ballidu.

'Good Afternoon Councillors

My name is Ashley Townsend and along with my wife Kylie and 2 sons have recently purchased a property at 18 Wallis St, Ballidu.

As I have 5 farmers in the area that I assist with there bulk transport logistics and have done for the last 3 years from our Perth base. With this in mind we decided to make the investment in the town (Ballidu) to become the local contractor as everyone I spoke to really welcomed the idea.

We use the local tyre fitter to the tune of \$12000 in six months last financial year and have already sponsored local events such as bike it and recently the NEDGA golf weekend.

We really love living in Ballidu and contributing to the local economy and love the people.

As for our proposal to park my truck and trailers as you've seen on today's agenda I'd just like to make a couple of points if I may,

- . I have been in the bulk transport industry for 25 years, 15 as a driver and the last 10 as an owner operator and understand the industry and its regulations very well.

- . Our property will be kept immaculate at all time

- . I recently purchased a virtually silent compressor for my shed (with the public at mind)

- . I have put in my proposal that on church day (Nextdoor) which are not very often there will be NO noise come from our property, (these are just a couple of examples of the fact that I am courteous of my surrounds)

- . I understand that this had to be classified something, and transport depot was the closest thing to it, though I don't think this classification has done us any justice and caused a lot of fear in town which is unjustified as this is only for one truck and 2 trailers, not several, which will be kept in a unintrusive place on our property at all time, free from obstruction to the public.

- . There would also be no impact on the environment due to the fact no fuel and minimal engine oil will be kept on site and tyres will be disposed of appropriately through Mike Quinlan or Wongan tip.

. With regards to the permit IF granted, as recommended for 2 year only, this would be detrimental to our plans as we plan on spending a lot of money on our property, and if this was taken away from us in 2 years we would have spent thousands of dollars for virtually nothing.

. With regards to operating hour recommended being from 7am to 7pm, I feel I cannot run my business effectively between these hours (For example) We have a permit for 1 truck and 2 trailers for our property in the city of swan suburb of Hazelmere, which our operating hours are 6am to midnight, and we have houses a lot closer to us than we do in Ballidu.

. These are just a couple of key points id'e like you to consider in your decision today and would further ask you to please consider option 2 today as the other options would possibly have such impact on our business that we may have to make alternative arrangements ie sell up and leave town which we don't want to do.

In closing today id'e just like to say we are just your average hard working family trying to keep servicing the agricultural industry which we love, and reside in a town that we have grown to love.'

Item 4. ANNOUNCEMENTS FROM THE PRESIDING MEMBER

Nil

Item 5. DEPUTATIONS / PRESENTATIONS / SUBMISSIONS / PETITIONS

Mr Matt Sewell and Ms Carolyn Robinson from Wongan Hills Sport and Recreation Council Inc.

Mr Matt Sewell and Ms Carolyn Robinson addressed Council in relation to works at the Wongan Hills Sports Pavilion.

Bowling Club Project, when will this be starting? The CEO responded that there were some issues that had to be worked through due to a change in the design and inclusion of the additional building. This is expected to be completed by the end of August and works completed by the end of December 2021

Front of the Pavilion. This work will commence at the same time and works include the façade of the building, paving and dugouts.

Squash courts. There are currently lockdown issues with the installer. Completion is still planned for the end of September, subject to Victoria coming out of lockdown and contractors permitted to enter WA.

Change rooms. This will be done before football season next year.

WIFI. A New WIFI network will be installed. FSG will be doing work

Keyless entry. Sports Council are to prioritise doors. Matt Sewell to provide Stuart Taylor the plans for keyless system.

Mr Matt Sewell and Ms Carolyn Robinson left the meeting at 4.15pm

Listed below is a compilation of the reports that will meet compliance, these are listed under Sections and the relevant regulations below.

Financial Activity Statement Report

Section 6.4 of the *Local Government Act 1995* regulation 34.1 of the FMR requires a local government to prepare each month a statement of financial activity reporting on the sources and application of funds, as set out in the annual budget containing the following detail:

- Annual budget estimates;
- Budget estimates to the end of the month to which the statement relates (known as YTD Budget);
- Actual amounts of expenditure, revenue and income to the end of the month to which the statement relates (known as YTD Actuals);
- Material variances between the comparatives of Budget v's Actuals; and
- The net current assets (NCA) at the end of the month to which the statement relates.

Regulation 34.2 - Each statement of financial activity must be accompanied by documents containing:

- An explanation of the composition of the net current assets of the month to which it relates, less committed assets and restricted assets containing the following detail:
 - An explanation of each of the material variances; and
 - Such other supporting information as is considered relevant by the local government.

Regulation 34.3 - The information in a statement of financial activity may be shown:

- According to nature and type classification;

- By program; or
- By business unit.

Each financial year a local government is to adopt a % value, calculation in accordance with AAS5, to be used in reporting material variances.

Shire of Wongan-Ballidu Variance Report 31 July 2021				
<p>The Local Government (Financial Management) Regulations 1996 require that financial statements are presented monthly to council. Council has adopted 10% as its threshold for line items on the nature and type report shown on page 1. This report uses a traffic light system to flag those items that are within tolerance and others that fall out of the range. Variances are calculated using a comparison of year to date actual against year to date budget. It needs also to be noted that the early months of the financial year are a period when variance percentages are volatile and extremely sensitive to small movements in actual income and expense.</p>

PURPOSE OF REPORT:

Consideration and final determination of an application for Development Approval for an Aboriginal Cultural centre to be established at 43 Fairbank Street, Ballidu.

BACKGROUND:

The applicant is seeking Council's development approval for a Nyungar Heritage and Cultural Centre to be established at the existing single building at 43 Fairbank Street, Ballidu. The applicant was the successful tenderer of the building at the May 2021 Council meeting.

43 Fairbank Street, Ballidu comprises a total area of approximately 0.1012 hectares. The property has an existing single building, previously known as the CWA Hall. There is no driveway access at the front of the building from Fairbank Street, rear access to the property is from a laneway between Alpha Street and Bunyip Street.

Google Maps 12/08/2021

COMMENT:

The applicant would like to develop a Nyungar Heritage and Cultural Centre for the purpose of:

- Manufacturing and selling hand-crafted jewellery
- Manufacturing and selling hair accessories, covid face masks and the like
- Nyungar language lessons
- Nyungar art classes
- Display of traditional Nyungar tools and artifacts.

43 Fairbanks Street, Ballidu is classified 'Rural Townsite' zone in the Shire of Wongan Ballidu Local Planning Scheme No. 5 (LPS5).

The Zone Objectives for the development and use of any land classified 'Rural Townsite' zone are as follows:

- To provide for a range of land uses that would typically be found in a small country town.
- To maintain a small town atmosphere.

Under the terms of the Zoning Table in LPS5 the development of a building for *community purposes* is listed as being not permitted (ie 'A') on any land classified 'Rural Townsite' zone. The local government cannot approve an application type 'A' until after giving notice in accordance with clause 64 of the deemed provisions. This means the application is required to be advertised prior to approval.

Community purpose means premises designed or adapted primarily for the provision of educational, social or recreational facilities or services by organisations involved in activities for community benefit.

The minimum boundary setback for 'Rural Townsite' zone is 6m from the front, 1.5m from the rear and 1.5m from the side.

Carparking

The applicant has made no provisions for parking on site. The property has street frontage on Fairbank Street and rear lane access from Alpha Street and Bunyip Street.

The application has been assessed with due regard for the specific objectives and standards of the Shire's local planning framework including LPS5 and all relevant local planning policies.

The development application has been assessed in consultation with the above documents and is subject to compliance with a number of conditions. As such it is recommended Council exercise its discretion and grant conditional approval to the application to ensure the development proceeds in accordance with the information and plans submitted in support of the proposal and the relevant standards and requirements of the Shire's local planning framework.

Community/Stakeholder Consultation

In accordance with the *Planning and Development (Local Planning Schemes) Regulations 2015* and the Shire of Wongan Ballidu Local Planning Scheme No 5 the development applications were advertised for 14 days from 2nd August 2021 to 16th August 2021.

The application was advertised through a letter to landowner's in the town of Ballidu. The total number delivered was 62. The notice was also advertised in the local paper, the Wonga-Balli edition 984 issued on 4th August 2021 and edition 985 issued on 11th August 2021.

During the consultation period, thirteen (13) submissions were received, and all supported the proposal.

Google Maps 12/08/2021

COMMENT:

18 Wallis Street, Ballidu, Ballidu is classified 'Rural Townsite' zone in the Shire of Wongan Ballidu Local Planning Scheme No. 5 (LPS5).

The Zone Objectives for the development and use of any land classified 'Rural Townsite' zone are as follows:

- To provide for a range of land uses that would typically be found in a small country town.
- To maintain a small town atmosphere.

Under the terms of the Zoning Table in LPS5 the development of a building for *transport depot* is listed as being not permitted (ie 'A') on any land classified 'Rural Townsite' zone. The local government cannot approve an application type 'A' until after giving notice in accordance with clause 64 of the deemed provisions. This means the application is required to be advertised prior to approval.

Transport Depot means premises used primarily for the parking or garaging of 3 or more commercial vehicles including —

- (a) any ancillary maintenance or refuelling of those vehicles; and*
- (b) any ancillary storage of goods brought to the premises by those vehicles; and*
- (c) the transfer of goods or persons from one vehicle to another*

Although this development does not fully comply with the zone objectives, it is consistent with other businesses within the townsite.

Boundaries and Setbacks

Future works planned for the development include the installation of 5m X 12m concrete pad in front of existing shed with a 6m X 8m X 4.5m roof for prime mover and trailer parking. Also included is the installation of a new 1.8m high boundary fence on the western side of the property.

The minimum boundary setback for 'Rural Townsite' zone is 6m from the front, 1.5m from the rear and 1.5m from the side. The proposal complies with the minimum setback requirements.

Noise

The development application proposes hours of business as outlined. These hours are seasonal.

- Hours of business are seasonal (approximate hours)
 - January to July – (peak season) 5 am to 9 pm 6 to 7 days a week (majority Monday to Saturday)
 - July to October – (off peak season) prime mover may not move for weeks at a time this time of year, if required 6 am to 9 pm 6 to 7 days a week (majority Monday to Saturday)
 - October to December (peak season) 5 am to 10 pm, 6 to 7 days a week
 - During these hours of operation stated above, the prime mover and trailers will only need to enter and exit the property once a day for most of the year (though not limited to)

Under the Environmental Protection (Noise) Regulations 1997
Part 2 Division 1 Regulation 8 Allowable Noise Emissions, Table 1

Table 1

Type of premises receiving noise	Time of day	Assigned level (dB)		
		L _{A10}	L _{A1}	L _{Amax}
Noise sensitive premises: highly sensitive area	0700 to 1900 hours Monday to Saturday	45 + influencing factor	55 + influencing factor	65 + influencing factor
	0900 to 1900 hours Sunday and public holidays	40 + influencing factor	50 + influencing factor	65 + influencing factor
	1900 to 2200 hours all days	40 + influencing factor	50 + influencing factor	55 + influencing factor
	2200 hours on any day to 0700 hours Monday to Saturday and 0900 hours Sunday and public holidays	35 + influencing factor	45 + influencing factor	55 + influencing factor
Noise sensitive premises: any area other than highly sensitive area	All hours	60	75	80
Commercial premises	All hours	60	75	80
Industrial and utility premises other than those in the Kwinana Industrial Area	All hours	65	80	90

A noise sensitive premise; highly sensitive area as outlined above in red, means an area of noise sensitive premises comprising of

- a) Building or a part of a building on the premises that is used for a noise sensitive purpose; and
- b) Any other part of the premises within 15 metres of that building or that part of the building

Within the vicinity of the development there is an active airstrip and a Cooperative Bulk Handling rail line.

Under the Environmental Protection (Noise) Regulations 1997

Regulation 3 - Regulations do not apply to certain noise emissions

- 3.1 Nothing in these regulations applies to the following noise emissions;
 - (c.) noise emissions from trains or aircraft

Waste Management

The development application proposes light maintenance of the prime mover and trailers which can include but not limited to services of vehicles, use of compressor and changing of tyres.

The applicant provided information regarding waste oil, fuel and tyres. There will be no fuel stored on site and all waste oil and tyres will be disposed of at the Wongan Hills Waste Facility.

Signage

The development application proposes a small business sign 1m high x 2m wide at the property.

Traffic and Access

Comment provided by Karl Mickle, Manager of Works & Services

The property is on the corner of Wallis Street and Bunyip Street. Bunyip Street changes into Ballidu East Road at the junction of Ranger Road.

The proposed access route to the property is entry to town from either the north or south via Federation Street, Townsend Road, Ballidu East Road into property on Wallis Street (Bunyip Street). Exiting the property will be east along Bunyip Street via Federation Street either to the north or south intersection.

Ballidu East Road at Townsend Road is speed rated at 80 km/hr with a reduction in speed to 50 km/hr approximately 450m apart. The 50 km/hr sign is approximately 100m before the boundary of the property.

On the Ballidu East Road, western end approach, there is significant vegetation which impedes visibility to traffic entering town from the west. Currently this vegetation reduces sight distance to 35m. Removal of vegetation will increase sight distance to 45m improving visibility.

The applicant provided information that the use of vehicles will be infrequent and minimal.

Officer recommendation that a warning sign advising motorists of the driveway is displayed to the west of the driveway entrance on Ballidu East Road.

Vision travelling east along Ballidu East Road toward Ranger Road

Yellow arrows indicate travel path into property, blue arrows indicate travel from property

The application has been assessed with due regard for the specific objectives and standards of the Shire's local planning framework including LPS5 and all relevant local planning policies.

The development application has been assessed in consultation with the above documents and is subject to compliance with a number of conditions. As such it is recommended Council exercise its discretion and grant conditional approval to the application to ensure the development proceeds in accordance with the information and plans submitted in support of the proposal and the relevant standards and requirements of the Shire's local planning framework.

Community/Stakeholder Consultation

In accordance with the *Planning and Development (Local Planning Schemes) Regulations 2015* and the Shire of Wongan Ballidu Local Planning Scheme No 5 the development applications were advertised for 14 days from 2nd August 2021 to 16th August 2021.

The application was advertised through a letter to landowner's in the town of Ballidu. The total number delivered was 62. The notice was also advertised in the local paper, the Wonga-Balli edition 984 issued on 4th August 2021 and edition 985 issued on 11th August 2021.

During the consultation period, 17 submissions were received, 5 of which objected to the proposal and 12 of which supported the proposal. The objections in summary are listed below:

- Suitability of the land use 'Rural Townsite'
- Noise from traffic movements
- Potential environmental impact
- Traffic impacts and safety
- Aesthetics
- Vision impairment of road

The objections raised in the submissions have been addressed throughout this report.

PURPOSE OF REPORT:

Consideration and final determination of an Application for Development Approval for the construction and use of a new 9m x 4m outbuilding (shed) on Lot 167, 65 Fairbank Street, Ballidu.

BACKGROUND:

The applicant is seeking Council's development approval for the construction and use of a new outbuilding (shed) for private storage at Lot 167, 65 Fairbank Street, Ballidu.

Lot 167, 65 Fairbank Street, Ballidu comprises a total area of approximately 0.1004 hectares. The property has an existing single dwelling with an attached carport and a 3m x 3m garden shed.

Bushfire Prone Map as of 19 August 2021

The proposed development is located in a Bushfire Prone area.

COMMENT:

The applicant would like to erect an outbuilding (shed) for private storage on Lot 167, 65 Fairbank street, Ballidu. The outbuilding (shed) will be a steel framed shed measuring 4m x 9m.

Lot 1 Federation Street, Ballidu is classified 'Rural Townsite' zone in the Shire of Wongan Ballidu Local Planning Scheme No. 5 (LPS5).

The Zone Objectives for the development and use of any land classified 'Rural Townsite' zone are as follows:

- To provide for a range of land uses that would typically be found in a small country town.
- To maintain a small-town atmosphere.

Under the terms of the Zoning Table in LPS5 the development of an outbuilding is listed as being a permitted (ie 'P') use on any land classified 'Rural Townsite' zone provided it complies with all the relevant development standards and requirements. Despite the permissibility of the proposed outbuilding (shed) on Lot 167, 65 Fairbank street Ballidu, Council's development approval is required.

The minimum boundary setback for 'Rural Townsite' zone is 6m from the front, 1.5m from the rear and 1.5m from the side. This outbuilding proposal will be within these parameters.

The proposed outbuilding is located within a Bushfire prone area. The State Planning Policy 3.7 – Planning in Bushfire Prone Areas provides for 'minor development' such that it does not need to comply with all the requirements of the policy. This is at the discretion of the local government.

The application has been assessed with due regard for the specific objectives and standards of the Shire's local planning framework including LPS5 and all relevant local planning policies, the Residential Design Codes and the Deemed Provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

The development application has been assessed in consultation with the above documents and is subject to compliance with a number of conditions. 9.4.5 WONGAN HILLS SPORT AND RECREATION CLUB INC- HOCKEY BENCH INSTALLATION, WONGAN HILLS SPORTS PAVILION, 100 NINAN STREET, WONGAN HILLS.

APPLICANT/PROPONENT:	Wongan Hills Sport and Recreation Club Inc

PURPOSE OF REPORT:

To seek Councils permission to approve the installation of three benches by the Shire of Wongan-Ballidu at the hockey field at the Wongan Hills Sports Pavilion, 100 Ninan Street, Wongan Hills.

BACKGROUND:

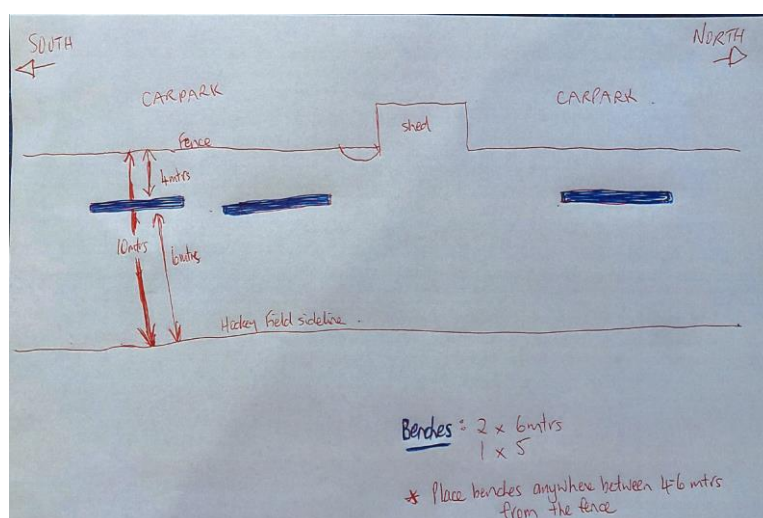

The Shire entered into a Management Agreement with the Wongan Hills Sports and Recreation Council Inc in 2008.

In 2020 upgrades were completed at the Wongan Hills Sports Pavilion with the hockey field included in the upgraded.

COMMENT:

The applicant is requesting permission from Council to install three benches within the fenced area of the hockey field (west end) at the Wongan Hills Sports Pavilion.

The Wongan-Ballidu Hockey Club have purchased the benches, two of which measure 6m long and the other measuring 5m long. The applicant would like the benches concreted in by the Shire, 6m from the playing hockey field and 4m from the fence that separates the hockey area and the carpark (see picture below).

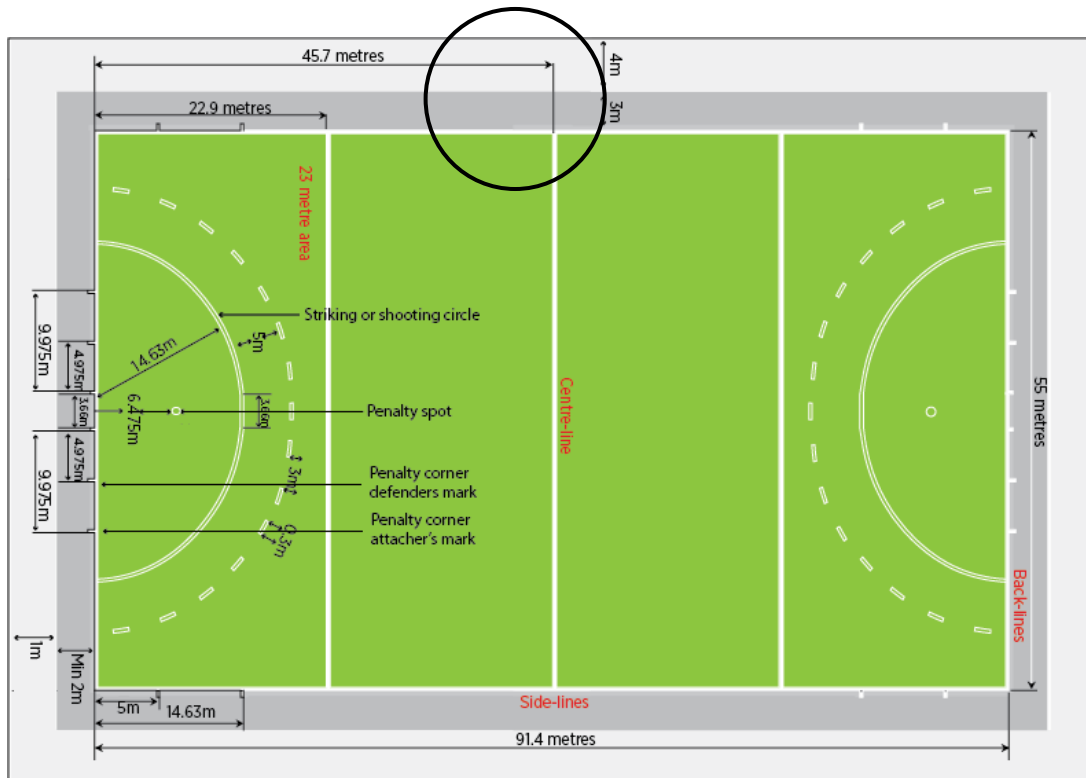

The Department of Local Government, Sport and Cultural Industries (DLGSC) Hockey rules states:

Run-off

The playing surface extends at least 2m at the backlines and one metre at the side lines with an additional unobstructed one metre. This equates to a total of 3m at each end and 2m at each of the sides of the field.

These are minimum requirements with the recommended areas being 5m at each end and 3m at each side of the field.

The extra 4m showing is the recommended area to the wall (most relevant to artificial grounds) confirmed by the General Manager of Operations - Hockey WA.

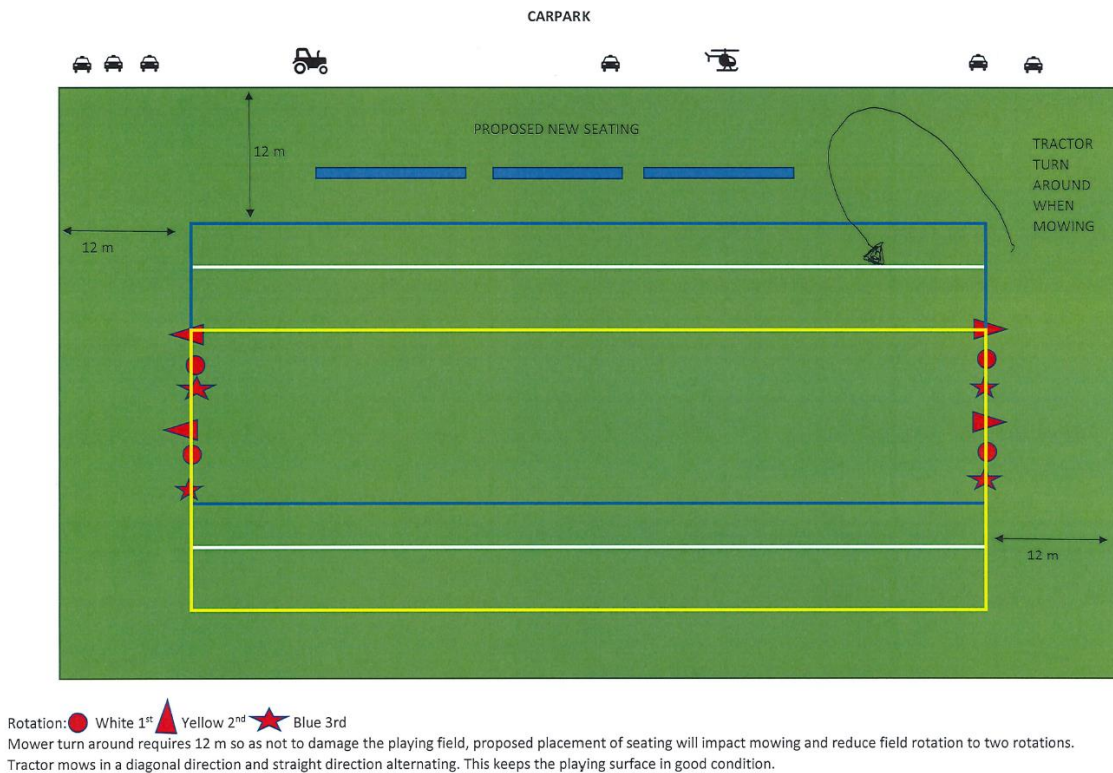

Dept Local Government, Sports and Cultural Industries 13/07/2021

There is a distance of 12m from the hockey field to the boundary fence. This allows the lawn mower to turn around easily when mowing the field. If the seats were to be put within the area requested, the lawn mower would have a tighter turn, and that would do damage to the playing surface.

If the benches were placed 7 m from the playing field the field rotation will be reduced to two. (see diagram below)

If the field rotation is reduced to two the mower would be able to mow between the benches and the playing field without damage to the playing field. However, this would require a second mowing machine to mow behind and around the benches. The current time to mow the field is approximately 2 hours with a double cut. With the benches placed within the fence line will increase the workload of the task by 1 hour per mow. It will also require additional resources to complete the task, ute, trailer, ride on mower and whipper snippers.

Information has been sourced from DLGSC and Hockey WA. If we choose not to follow these directives and an incident occurs, LGIS would not be prepared to cover the insurance.

COMMENT:

134 – 146 Wongan Road, Wongan Hills is classified as 'General Industry' zone in the Shire of Wongan Ballidu Local Planning Scheme No. 5 (LPS5).

The Zone Objectives for the development and use of any land classified 'General Industry' zone are as follows:

- To provide for a broad range of industrial, service and storage activities which by their operations, should be isolated from residential and other sensitive land uses.
- To accommodate industry that would not otherwise comply with the performance standards of light industry.
- To seek to manage impacts such as noise, dust and odour within the zone.
- To encourage any development to be appropriately screened from the main road.
- To provide a location where separate heavy vehicular access is provided.

Under the terms of the Zoning Table, Use Classes in LPS5 the development lists 'Motor Vehicle Repair' as a 'P' use. 'Industry' is a 'D' use on any land classified 'General Industry' zone provided it complies with all the relevant development standards and requirements. This application deals with both.

A 'D' use under the LPS5 means that the use is not permitted unless the local government has exercised its discretion by granting development approval.

The Planning and Development (Local Planning Schemes) Regulations 2015 definition –

Industry – means premises used for the manufacture, dismantling, processing, assembly, treating, testing, servicing, maintenance or repairing of goods, products, articles, materials or substances and includes facilities on the premise for any of the following purposes –

- (a) The storage of goods;
- (b) The work of administration or accounting;
- (c) The selling of goods by wholesale or retail;
- (d) The provision of amenities for employees;
- (e) Incidental purposes

Signage

The application provides for two signs to be erected on existing buildings within the property.

Parking

The property was an existing business within the town site and has ample onsite parking available for clients and vehicles for repair.

Ingress & Egress

The property has already established gates ways for ingress and egress along Wongan Road. The rear of the property is not suitable for ingress or egress due to a railway line.

The application has been assessed with due regard for the specific objectives and standards of the Shire's local planning framework including LPS5 and all relevant local planning policies, and the Deemed Provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

The development application has been assessed in consultation with the above documents and is subject to compliance with a number of conditions. As such it is recommended Council exercise its discretion and grant conditional approval to the application to ensure the development proceeds in accordance with the information and plans submitted in support of the proposal and the relevant standards and requirements of the Shire's local planning framework.

VOTING REQUIREMENTS:**ABSOLUTE MAJORITY REQUIRED: No**

That Council APPROVE the Development Application submitted by the applicant for 'Motor Vehicle Repair' classified as a 'P' use and 'Industry' classified as a 'D' use subject to the following conditions and advice notes:

Conditions:

1. The proposed development shall be completed within a period of two (2) years from the date of this approval. If the development is not completed within this period, the approval will lapse and be of no further effect. Where an approval has lapsed no development shall be carried out without the further approval of the Shire of Wongan Ballidu having first been sought and obtained.
2. The proposed development shall be undertaken strictly in accordance with the information and plans submitted in support of the application subject to any modifications required as a consequence of any condition/s of this approval or otherwise approved by Council.

3. The storage of fuel, oils and other toxic or hazardous substances on site shall be in accordance with the Department of Water and Environment Regulation Water Quality Protection Note 65 (April 2006) Toxic and Hazardous Waste Substances – Storage and Use. All commercial waste including oil and tyres shall be disposed of at the Wongan Hills Waste Facility.
4. Ingress and egress shall be from Wongan Road, Wongan Hills.

Advice Notes:

1. This approval is not an authority to ignore any constraint to development on the land which may exist through contract or on title, such as an easement, memorial or restrictive covenant. It is the responsibility of the applicant and landowner and not the Shire to investigate any such constraints before commencing development. This approval will not necessarily have regard to any such constraint to development, regardless of whether or not it has been drawn to the Shire's attention.

AMENDED MOTION:**MOVED: Cr West SECONDED: Cr Tunstill**

That Council APPROVE the Development Application submitted by the applicant for 'Motor Vehicle Repair' classified as a 'P' use and 'Industry' classified as a 'D' use subject to the following conditions and advice notes:

Conditions:

1. The proposed development shall be completed within a period of two (2) years from the date of this approval. If the development is not completed within this period, the approval will lapse and be of no further effect. Where an approval has lapsed no development shall be carried out without the further approval of the Shire of Wongan Ballidu having first been sought and obtained.
2. The proposed development shall be undertaken strictly in accordance with the information and plans submitted in support of the application subject to any modifications required as a consequence of any condition/s of this approval or otherwise approved by Council.
3. The storage of fuel, oils and other toxic or hazardous substances on site shall be in accordance with the Department of Water and Environment Regulation Water Quality Protection Note 65 (April 2006) Toxic and Hazardous Waste Substances – Storage and Use. All commercial waste including oil and tyres shall be disposed of at the Wongan Hills Waste Facility.
4. Ingress and egress shall be from Wongan Road, Wongan Hills.
5. Sandblasting to be contained to the confines of the booth

Advice Notes:

1. This approval is not an authority to ignore any constraint to development on the land which may exist through contract or on title, such as an easement, memorial or restrictive covenant. It is the responsibility of the applicant and landowner and not the Shire to investigate any such constraints before commencing development. This approval will not necessarily have regard to any such constraint to development, regardless of whether or not it has been drawn to the Shire's attention.
2. This is a development approval of the Shire of Wongan Ballidu under its Local Planning Scheme No. 5. It is not a building permit or an approval to commence or carry out development under any other law. It is the responsibility of the applicant/landowner to obtain any other necessary approvals, consents, permits and licences required under any other law, and to commence and carry out development in accordance with all relevant laws.
3. The applicant/landowner is reminded of their obligation to ensure compliance with the following requirements:
 - a) Shire of Wongan Ballidu Annual Firebreak Notice, Rural Residential and Industrial Properties – all land of less than 1 hectare (10,000 square metres) and zoned under the Town Planning Scheme as Rural Residential and Industrial are required to have all annual grass and herbage slashed or mowed to a height of not more than 100 mm and construct a clear earth firebreak of not less than 2 metres in width immediately surrounding all buildings and/or haystacks situated on the land.
 - b) Shire of Wongan Ballidu Health Local Law
4. The noise generated by any activities on-site including machinery motors or vehicles shall not exceed the levels as set out under the Environmental (Noise) Regulations 1997.

5. Failure to comply with any of the conditions of this development approval constitutes an offence under the provisions of the Planning and Development Act 2005 and the Shire of Wongan Ballidu Local Planning Scheme No. 5 and may result in legal action being initiated by the local government.
6. If the applicant/landowner is aggrieved by this determination, there is a right of review by the State Administrative Tribunal in accordance with the Planning and Development Act 2005 Part 14. An application must be submitted within 28 days of the determination.
