It is Council’s preference that the training is undertaken via the eLearning method which is the more cost-efficient form of delivery. It is acknowledged however that there may be Elected Members who prefer to receive training face-to-face and/or opportunities to attend training which is being delivered in the region or in the Perth metropolitan area.

Non-compliance with the requirement to complete training is an offence under the Act punishable by a fine not exceeding \$5,000. Elected Members have a responsibility to complete training in accordance with legislation.

The professional development of Elected Members is an important activity of the Shire to ensure that its decision making is of the highest standard and is the product of informed and ethical debate by well trained and committed Elected Members acting in the best interest of all of the community.

In accordance with section 5.128 of the *Local Government Legislation Amendment Act 2019*, Elected Members are encouraged to nominate to attend other conferences or training opportunities to enhance and broaden their knowledge of local government issues to support the community.

9.1.2 DELEGATED AUTHORITY TO CEO TO SELL LOT 166 DANUBIN ROAD, WONGAN HILLS

ATTACHMENTS:	9.1.3a Map of Lots 166 and 167 Danubin Road, Wongan Hills
	<u>Confidential</u> : 9.1.3b Copies of emails from the proponent (separate attachment)

PURPOSE OF REPORT:

For Council to consider the disposal of Lot 166 Danubin Road, Wongan Hills and to delegate authority to the Chief Executive Officer to effect the sale in accordance with the Conditions set out in the delegations and with the requirements of Section 3.58 of the *Local Government Act 1995* and associated regulations.

BACKGROUND:

The property did, prior to 2007, have an interested purchaser. The decision of the day was not to sell or dispose of the land as Council may in the foreseeable future, subdivide the land for rural residential purposes. To date Council has not expressed any intent to subdivide this land.

COMMENT:

There has been no discussion in Council since 2007 as to the intent to develop the land. Looking at the satellite photo of the block it is questionable as to the practicality of subdividing the lot for the purpose of sale, and whether Council should commit its resources into Danubin Rise for future land development.

The proponent of the offer has also acquired the adjoining lot and as such, may in the future, consider a subdivision of land to smaller blocks as a private developer. The Shire Town Planning Scheme would support this, should this be considered an option in the future.

0	Within Threshold	Non Operating Grants, Subsidies & Contributions	Within Council variance reporting threshold.
12,152	Timing	Fees & Charges & Service Charges	This is timing only. The variances individually are small and are as a result months into the new financial year
5,091	Timing	Other Revenue	This is a timing issue, as the year progresses this variance will reduce.
7,170	Timing	Interest	Interest Income can vary to budget as term deposit time periods are not known when preparing the Annual Budget. Included in interest income is reimbursement on self supporting loans. Within the Statement of Financial Activity and RSS there is a debit balance for the program Education and Welfare. This is due to the reversal of the end of year interest accrual for self supporting loans and this reverses itself when invoices are raised for reimbursement of these loans.
0	Within Threshold	Profit on sale of Assets	Within Council variance reporting threshold.
Operating Expenditure			
(25,999)	Within Threshold	Employee Costs	Within Council variance reporting threshold.
(78,867)	Timing	Materials & Contracts	Variances occur based on expenditure levels. The majority of Materials and Contracts budgets are spread evenly throughout the year.
4,867	Within Threshold	Utilities (Gas, Electricity) etc.	Within Council variance reporting threshold.
(12,216)	Timing	Interest	This account is in credit due to the reversal of the end of year interest accrual. This will correct itself as loan interest is paid during the financial year. This is a timing issue.
(115,882)	Timing	Insurance	This is timing only. Insurance premiums are normally paid in August each year but they will be paid in September 2020. This timing issue has created a credit in the Statement of Financial Activity and RSS by program within "Other property and equipment". This will also correct itself once these invoices are paid in September.
(27,094)	Timing	Other General	Variances occur based on expenditure levels. This is only a timing variance.
0	Within Threshold	Loss on Asset Disposals	Within Council variance reporting threshold.
(405,784)	Timing	Depreciation	Depreciation for July has not been calculated as yet and will not until the 2020 statements are complete.

9.4.1 P487 - APPLICATION FOR DEVELOPMENT APPROVAL – PLACEMENT OF 14 SILOS, 1 JENSEN STREET, WONGAN HILLS

FILE REFERENCE:	A1674/P487
REPORT DATE:	16 September 2020
APPLICANT/PROPONENT:	Sarana Pty Ltd (Auhls Transport-Shane Auhl)
OFFICER DISCLOSURE OF INTEREST:	Nil
PREVIOUS MEETING REFERENCES:	Nil
AUTHOR:	Melissa Marcon – Building Services Coordinator

PURPOSE OF REPORT:

Consideration and final determination of an application for development approval for the construction and installation of a retaining wall on the west side of the shed and 14 additional silos for grain storage at 1 Jensen Street, Wongan Hills.

BACKGROUND:

The applicant is seeking development approval for the construction and installation of a retaining wall on the west side of the shed and 14 additional silos for grain storage on the property at 1 Jensen Street, Wongan Hills.

1 Jensen St, Wongan Hills comprises a total area of 2.89ha. In 2011 development approval was given for ten silos to be installed on site. It currently has approval for two large sheds, 10 silos and fuel storage.

The development is not in a Bushfire prone area as of 17 September 2020.

Synergyssoft Map 09/09/2020

COMMENT:

Melissa Marcon, Building Services Co-ordinator met with the owner applicant on site on 11 September 2020 to discuss the location of the silos. Upon arrival at the property, it was noted that 10 of the 14 silos had already been installed behind the existing 10 silos and the retaining wall was already in place. The owners are still waiting on delivery of four silos for the south end of the existing shed.

The applicant advised that the silos were not due for delivery until October but they had been contacted by the manufacturer for early delivery as they wanted to move the silos from their yard.

I advised the applicant that although he had a development application lodged with the Shire, development should not have commenced without approval. He advised me that he had contacted a couple of Shire Councillors who said that it was not desirable, but that it should be okay.

Under the Planning and Development Regulations 2009 Schedule 2 there is a fee for determining a development application (other than for an extractive industry), where the development has commenced or been carried out, *'The fee in item 1 plus, by way of penalty, is twice that fee.'*

The silos have been installed as onsite grain storage for clients. The concrete pad for the new silos was already laid.

1 Jensen St is classified 'Light Industry' zone in the Shire of Wongan-Ballidu Local Planning Scheme No.5 (LPS5).

The zone objectives for the development and use of any land classified as 'Light Industry' zone are as follows:

- To provide for a range of industrial uses and service industry generally compatible with urban areas, that cannot be located in commercial zones.
- To ensure that where any development adjoins zoned or developed residential properties, the development is suitably set back, screened or otherwise treated so as not to detract from the residential amenity.
- To preclude the storage of bulky and unsightly goods where they may be in public view.

Under the terms of the Zoning Table in LPS5 the development of a transport depot is listed as being a permitted (ie 'P') use on any land classified 'Light Industry' zone provided it complies with all the relevant development standards and requirements. Despite the permissibility of the proposed development at 1 Jensen St, Wongan Hills, Council's development approval is required.

The application has been assessed with due regard for the specific objectives and standards of the Shire's local planning framework including LPS5 and all relevant local planning policies, the Deemed Provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

The development application has been assessed in consultation with the above documents and is subject to compliance with a number of conditions. As such it is recommended Council exercise its discretion and grant conditional approval to the application to ensure the development proceeds in accordance with the information and plans submitted in support of the proposal, and the relevant standards and requirements of the Shire's local planning framework.

OFFICER DISCLOSURE OF INTEREST	Nil
PREVIOUS MEETING REFERENCES:	Nil
AUTHOR:	Melissa Marcon - Building Services Coordinator
ATTACHMENTS:	<u>Confidential</u> : Letter from the applicant, New plan, Copy of Planning Approval previously granted (separate attachments)

PURPOSE OF REPORT:

The applicant is requesting approval to erect a 1800mm high fence along the laneway at the back of the property and to erect a fence of 1500mm high along Quinlan Street and Elphin Crescent at the property located at 2 Elphin Crescent, Wongan Hills.

- b) Rear fence to side fence join – where the rear (laneway) fence meets with the fence on Quinlan Street, fencing shall be diagonal to allow for viewing from traffic exiting lane way on to Quinlan Street:
 - (i) Rear fence shall begin to decrease in height from 1.8m to 1.2 m from 17 m point so that at the 20 m point the height of the fence is 1.2 m to allow for sufficient viewing access from the laneway;

On 21 August 2020 an email was received from the applicant requesting permission to erect a 1800mm high fence around the perimeter excluding the north side boundary.

On 1 September 2020 a response was sent to the applicant by the Building Services Co-ordinator explaining that in accordance with the fencing local law, approval by Council was required to erect a fence of this height, as the maximum is 1200mm high without approval by a building surveyor.

On 7 September 2020 a letter was received by the applicant requesting permission for the fence to be 1800mm high fence along the laneway at the rear of the property, and to erect a fence 1500mm high along Quinlan Street and Elphin Crescent of the property located at 2 Elphin Crescent, Wongan Hills. Synergy Map 17/09/2020

COMMENT:

Lot 2 is classified 'Rural' zone in the Shire of Wongan Ballidu Local Planning Scheme No. 5 (LPS5).

The Zone Objectives for the development and use of any land classified 'Rural' zone are as follows:

- To provide for the maintenance or enhancement of specific rural character.
- To protect broad acre agricultural activities such as cropping and grazing and intensive uses such as horticulture as primary uses, with other rural pursuits and rural industries as secondary uses in circumstances where they demonstrate compatibility with the primary use.
- To maintain and enhance the environmental qualities of the landscape, vegetation, soils and water bodies, to protect sensitive areas especially the natural valley and watercourse systems from damage.
- To provide for the operation and development of existing, future and potential rural land uses by limiting the introduction of sensitive land uses in the Rural zone.
- To provide for a range of non-rural land uses where they have demonstrated benefit and are compatible with the surrounding rural uses.
- To support small scale, low impact, short-term tourist accommodation in rural locations.
- To support mining activities where an environmental management plan has been prepared and the project is acceptable to the local government, EPA and the Department responsible for mining.
- To preclude the disposal of used tyres or any other material that may be detrimental to the quality of the land.

Under the terms of the Zoning Table in LPS5 the development to remove existing 1.2m high wall frames from existing open bulkheads OBH/03 and 04 and install 1.8m high wall frames in the same location, is listed as being a permitted (ie 'P') use on any land classified 'Rural' zone, provided it complies with all the relevant development standards and requirements. Despite the permissibility of the proposed development on Lot 2, Council's development approval is required.

The application has been assessed with due regard for the specific objectives and standards of the Shire's local planning framework including LPS5 and all relevant local planning policies and the Deemed Provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

The development application has been assessed in consultation with the above documents and is subject to compliance with a number of conditions.
