ATTACHMENTS: 1.7 Wongan Hills Doctors Practice Policy
6.1 Equal Employment Opportunity Policy

6.3 Sexual Harassment Policy

6.4 Staff Superannuation Policy

PURPOSE OF REPORT:

The purpose of this report is to present sufficient information to council to enable a detailed review of existing policies to be carried out.

BACKGROUND:

The purpose of policy documents is to enable the effective and efficient management of council resources and to assist staff and council achieve an equitable decision-making process. Written policies also enable the community to be aware of the reasoning behind administrative and council decisions to be familiar with the philosophy behind individual decisions. Policy statements enable much of the day-to-day business of council to be handled by the administration, freeing up the time of the elected members in determining major policy and strategic direction.

An up-to-date policy manual of any organisation proves to be a valuable tool in improving the decision-making process. Policies contained within the manual are those that project a corporate image and are not controlled by individual directorates. The development of the policies involves input from staff across the organisation and elected members.

A policy statement is not binding on council but provides a guideline for elected members and staff in determining individual applications or requests. Generally, policies evolve as issues come before council and should continue to evolve though a process of review and refinement. For this reason, it is important that a review process in place.

It is also possible for members of the community to seek an early review of a specific policy.

Each policy is developed in order to address specific matters. They relate to objectives to the shire of Wongan-Ballidu, and, in some instances, as required by legislation. The principles behind the policies are directly related to the shire's values as an organisation.

It is important to note that the manual should only contain the policy statement of the council and should not refer to operational, staff or procedural matters.

In accordance with council's policy review process, the entire policy manual is to be reviewed at least bi-annually.

COMMENT:

The chief executive officer is responsible for the co-ordination of this review. The policies have been distributed to council review and recommendations to amend or adopt the policy were noted at informal council meeting held on 27 July 2022.

With those policies pertaining to administration & financial services, a rigorous review of all policies will be conducted over a six (6) month period, which would involve at addressing specific policies every month.

The policies selected for the august 2022 review are:

- 1.7 Wongan Hills Doctors Practice Policy
- 6.1 Equal Employment Opportunity Policy
- 6.3 Sexual Harassment Policy
- 6.4 Staff Superannuation Policy

The above policies are to be amended or adopted as is as set out by council and outlined as below:

1.7 Wongan Hills Doctors Practice Policy

No changes to policy. This policy meets the requirements of council.

6.1 Equal Employment Opportunity Policy

No changes to policy. This policy meets the requirements of council.

6.3 Sexual Harassment

No changes to policy. This policy meets the requirements of council.

6.4 Staff Superannuation

Amended in accordance with officers' recommendation

POLICY REQUIREMENTS:

The policy manual has been developed over time to enable the effective and efficient management of council resources and to assist staff and council achieve an equitable decision-making process.

The policy manual should not relate to operational or staff related matters.

The policy manual is a fluid document and should be reviewed in its entirety at least every 2 years.

LEGISLATIVE REQUIREMENTS:

The Local Government Act 1995 outlines the roles of council and the Chief Executive Officer.

STRATEGIC IMPLICATIONS:

Ongoing review and refinement of the policy manual is in line with council's strategic direction on governance (implement and develop policy based on economic, social, cultural, governance and environmental elements).

SUSTAINABILITY IMPLICATIONS:

> Environment

There are no known environmental impacts associated with this proposal.

> Economic

There are no known economic impacts associated with this proposal.

> Social

There are no known social implications associated with this proposal.

FINANCIAL IMPLICATIONS:

There are no financial implications in relation to this item.

VOTING REQUIREMENTS:

ABSOLUTE MAJORITY REQUIRED: YES

MOVED: Cr Tunstill

SECONDED: Cr Coad

That Council:

- 1. ADOPT the following polices without variation:
 - 1.7 Wongan Hills Doctors Practice Policy
 - 6.1 Equal Employment Opportunity Policy
 - 6.3 Sexual Harassment Policy
- 2. ADOPT the following polices with variation:
 - 6.4 Staff Superannuation Policy

CARRIED: 7/0 RESOLUTION:02082022

1.7 Wongan Hills Doctors Practice & Medical Centre

Policy Owner:

Administration

Person Responsible:

Chief Executive Officer

Date of Adoption:

23 February 2022

Adoption Resolution:

040222

Date of Last Amendment:

23 February 2022

OBJECTIVE:

That Council recognise the value of retaining freehold ownership of its Wongan Hills Medical Centre and control of the Doctor's Practice.

POLICY:

Notwithstanding that a third party might wish to seek permanent ownership of the Medical Centre freehold and or control of the Wongan Hills Doctors Practice, Council is of the view that the current and future interests of its communities are best dealt with by retaining an involvement in the selection of any replacement GP, owning the practice and premises provides this involvement.

Previous experience has demonstrated that Council and the Community can be powerless to influence the continuation or closing of the practice or the timely installation of a Doctor where the practice is privately owned.

To overcome this potential, it is Councils policy to retain ownership of the freehold of the Wongan Hills Medical Centre and control of the Doctors Practice to ensure that there is continuity of GP and general medical services through a service agreement to give Council some influence in the delivery of General Practitioner services to the community.

Council will continue to offer use of the practice and all of its' records and equipment to a GP chosen by a committee of Council on the basis that the Doctor is not asked to make any financial contribution in order to access use of the practice and Council has no financial commitment to the outgoing Doctor at the end of his or her term in the practice.

An agreement to provide that outcome will be signed by all parties involved.

The intent of this policy is that an incoming Doctor comes in to an equipped and working consulting rooms, runs the business as his or her own and on leaving hands back the business, including all records, to Council in order that Council may offer it to a new Doctor.

RESPONSIBILITY FOR IMPLEMENTATION

The Chief Executive Officer is responsible for implementation of this policy.

6.1 Equal Employment Opportunity

Policy Owner:

Administration and Financial Services

Person Responsible:

Chief Executive Officer

Date of Adoption:

7 February 2005

Adoption Resolution:
Date of Last Amendment:

OBJECTIVE

To ensure every person shall have equal opportunity for employment, training and advancement. The criteria for providing such opportunities will be based solely on the principle of merit.

POLICY

The Shire of Wongan-Ballidu (the Shire) is committed to maintaining and promoting an equal opportunity program whereby the objective is to ensure that none of the grounds that are recognised as being discriminatory under the Equal Opportunity Act are contravened by Elected Members, Management or any employee of, or contractor engaged by the Shire.

No discrimination shall take place on the basis of:

- Gender
- Marital Status
- Pregnancy
- Race
- Disability
- Age
- Religious conviction
- Political conviction
- Sexual orientation
- Family responsibility or family status

All offers of employment within the Shire will be directed towards providing equal opportunity to prospective employees provided their relevant experience; skills and ability meet the requirements for engagement.

All promotion opportunities will be directed towards providing equal opportunity to all employees provided their relevant experience, skills and ability meet the requirements for such promotion.

An employee who feels they have been discriminated against is encouraged to make a complaint in accordance with the Shire's complaints/Grievance Procedure.

RESPONSIBILITY FOR IMPLEMENTATION

The Chief Executive Officer, all Managers and Supervisors are responsible for ensuring that this policy and provisions contained within the Equal Opportunity Act 1984 are adhered to.

6.3 Sexual Harassment

Policy Owner: Administration and Finical Services

Person Responsible: Chief Executive Officer **Date of Adoption:** 7 February 2005

Adoption Resolution:
Date of Last Amendment:

OBJECTIVE

To facilitate the prevention of harassment in the workplace.

POLICY

The Shire of Wongan-Ballidu (the Shire) strongly supports the concept that every employee, elected member and member of the public employed by or engaged in business with the Shire, has a right to do so in an environment which is free from sexual harassment and the Council is committed to providing such an environment.

Council recognises sexual harassment to be an unlawful and unacceptable form of behaviour, which will not be tolerated and recognises that sexual harassment is unlawful.

Sexual harassment is any conduct of a sexual and /or sexist nature (whether physical, verbal or nonverbal), which is unwelcome and unsolicited, rejection of which may disadvantage (or be perceived to disadvantage) a person in their employment or their life in general. The following examples may constitute sexual harassment when they are considered offensive to an employee, elected member or member of the general public.

- 1. Deliberate and unnecessary physical contact such as patting, pinching, fondling, kissing, brushing against, touching.
- 2. Subtle or explicit demands for sexual activities or molestation.
- 3. Intrusive enquiries into a person's private life.
- 4. Uninvited and unwelcome jokes that have a sexual and/or sexist undertone.
- 5. Unsolicited leers and gestures of a sexual nature and the display within the workplace of sexually offensive material.
- 6. Electronic mail messages, graphics and documents of a sexual nature that are sent by computer.

Council recognises that sexual harassment can undermine health; performance and self-esteem of an individual and has the potential to create a hostile and intimidating environment.

Council is therefore committed to any action, which ensures the absence of sexual harassment in the workplace including general training of the workforce and specific training for officers identified to deal with complaints. Appropriate disciplinary action will be taken against any individual found to be engaging in such conduct.

Any complaints of sexual harassment made against another person associated with the Council will be viewed seriously, treated confidentially and thoroughly investigated.

Any person/s making claim of sexual harassment will be protected at all time. No transferring of staff or face-to-face meetings between the complainant and the person whose behaviour has been found to be unwelcome will occur without the prior consent of both parties.

An employee whose health or work performance has been affected by sexual harassment will not have their employment status or conditions disadvantaged in any way.

Any employee who has a complaint/grievance of sexual harassment nature should refer to Council's Complaints/Grievance Policy –and take the necessary steps to resolve the complaint.

RESPONSIBILITY FOR IMPLEMENTATION

The Chief Executive Officer, Managers and Supervisors are responsible for ensuring that this policy is adhered to.

6.4 Staff Superannuation

Policy Owner:

Administration and Finical Services

Person Responsible:

Chief Executive Officer

Date of Adoption:

16 November 2006

Adoption Resolution:

141106

Date of Last Amendment:

23 August 2022 Resolution 02082022

OBJECTIVE

This policy sets out the criteria for the payment of additional superannuation to staff. It provides guidance for officers involved in the recruitment and retention of staff. The policy applies from the first pay period on or after 1 July 2022.

POLICY

(a) Superannuation Ceiling

The Shire of Wongan-Ballidu (the Shire) employer contribution to staff superannuation shall not exceed a maximum of 16.5% (10.5% plus 6%) from 1 July 2022. This contribution is inclusive of the Superannuation Guarantee Levy and is limited by the following table.

(b) Voluntary Contributions

The Shire will match voluntary employee contributions in accordance with the following table:

Staff Contribution	Matching Council Contribution	Qualifying Period – Permanent Employees Only		
1%	1%	At commencement with the Shire of Wongan-Ballidu		
2%	2%	At commencement with the Shire of Wongan-Ballidu		
3%	3%	At commencement with the Shire of Wongan-Ballidu		
4%	3%	At commencement with the Shire of Wongan-Ballidu		
5%	3%	At commencement with the Shire of Wongan-Ballidu		
6% or over	3%	At commencement with the Shire of Wongan-Ballidu		
6% or over	4%	After 3 years with the Shire of Wongan- Ballidu		
6% or over	5%	After 5 years with the Shire of Wongan- Ballidu		
6% or over	6%	After 10 years with the Shire of Wongan- Ballidu		

(c) **Employment Contracts**

Employment contracts shall not contain any provisions which exceed or contravene this policy.

(d) Salary Sacrifice

All employees shall have the option to salary sacrifice their contributions or any additional nominated percentage of their salary to superannuation but there is no obligation on the Shire to match employee contributions other than in accordance with the table.

(e) Variation to Policy

At its absolute discretion, the Council may vary this policy from time to time with respect to legislative change and any other mitigating circumstances.

RESPONSIBILITY FOR IMPLEMENTATION

The Chief Executive Officer is responsible for this policy.

9.1.2 DOCTOR SERVICE CONTRACT RENEWAL

FILE REFERENCE:

REPORT DATE: 18 August 2022

APPLICANT/PROPONENT: N/A **OFFICER DISCLOSURE OF INTEREST:** NIL

PREVIOUS MEETING REFERENCES:

AUTHOR: Stuart Taylor, Chief Executive Officer **ATTACHMENTS:** Doctor Service Contract Renewal

PURPOSE OF REPORT:

For Council to agree to the renewal of the of the renewal/extension of the contract for medical practitioner, Dr Ajit Chaurasia, to operate from the Medical Centre in Wongan Hills for a further five (5) years.

BACKGROUND:

Dr Ajit Chaurasia current agreement expires in September 2022, therefore Council is required to consider the renewal/extension of the contract agreement.

COMMENT:

Dr Ajit Chaurasia has expressed a very strong interest in extending the contract for a further five (5) years.

The original contract included the setup of a mentoring group for Dr Ajit Chaurasia as well as three (3) monthly meetings with Dr Ajit Chaurasia to provide assistance and feedback on the practice. Part of this was also include a review of operations every twelve months to ensure that the practice is operating effectively and efficiently and this will be undertaken by the Shire appointed Doctor Committee.

This provision has been removed from the new contract.

The Doctor Committee was re-formed to review the current contract and consider any necessary changes.

This agreement incorporates provision for Dr Ajit Chaurasia to provide information and the opportunity for discussion in relation to new services or staff resources that may impact on the level of financial support provided by the Shire.

The other major amendment includes the provision of housing for the Registrar Doctor employed by the medical services provider at the surgery.

LEGISLATIVE REQUIREMENTS:

There are no known legislative implications associated with this item.

STRATEGIC IMPLICATIONS:

The long-term stability of a Doctor is of huge benefit to the community and economic wellbeing of our community.

SUSTAINABILITY IMPLICATIONS:

> Environment

There are no known environmental impacts associated with this proposal.

> Economic

There are no known economic impacts associated with this proposal.

> Social

There are no known social implications associated with this proposal.

FINANCIAL IMPLICATIONS:

During Councils' budget deliberations, provision was made to provide funds to underwrite the income of the surgery and the provision of additional funding for the Registrar Doctor.

VOTING REQUIREMENTS:

ABSOLUTE MAJORITY REQUIRED: YES

MOVED: Cr Coad SECONDED: Cr Boekeman

That Council:

ADOPT Service Contract with Dr Ajit Chaurasia for a further five (5) years with amendments to:

- a. Item 3.1 d3 Reference to her should be his or her,
- b. Schedule 1 Item 1.3 Removal of item 3 and renumber document accordingly.

CARRIED BY ABSOLUTE MAJORITY: 7/0 RESOLUTION:03082022

9.2 ADMINISTRATION & FINANCIAL SERVICES

9.2.1 ACCOUNTS SUBMITTED FOR JULY 2022

FILE REFERENCE: F1.4

REPORT DATE: 17 August 2022

APPLICANT/PROPONENT: N/A
OFFICER DISCLOSURE OF INTEREST: NIL

9.2.2 FINANCIAL REPORTS FOR JULY 2022

FILE REFERENCE: F1.4

REPORT DATE: 18 August 2022

APPLICANT/PROPONENT: N/A
OFFICER DISCLOSURE OF INTEREST: Nil
PREVIOUS MEETING REFERENCES: Nil

AUTHOR: Sam Dolzadelli - Deputy Chief Executive Officer

ATTACHMENTS: 9.2.2 Financial Reports

PURPOSE OF REPORT:

The purpose of this report is to present to Council the Monthly Financial Report (containing the Statement of Financial Activity by Nature or Type) for the month ended 31 July 2022. The Capital Works report has been incorporated into this.

BACKGROUND:

Under the *Local Government (Financial Management) Regulations 1996* ('FMR') the Council is to prepare financial reports outlining the financial operations at the previous month end date.

The State Government has recently amended regulation 34 of the *Local Government (Financial Management) Regulations 1996* to require the Statement of Financial Activity to be presented according to nature or type classification.

Listed below is a compilation of the reports that will meet compliance, these are listed under Sections and the relevant regulations below.

Statement of Financial Activity Report

Section 6.4 of the *Local Government Act 1995* regulation 34.1 of the FMR requires a local government to prepare each month a statement of financial activity reporting on the sources and application of funds, as set out in the annual budget containing the following detail:

- Annual budget estimates;
- Budget estimates to the end of the month to which the statement relates (known as YTD Budget);
- Actual amounts of expenditure, revenue and income to the end of the month to which the statement relates (known as YTD Actuals);
- Material variances between the comparatives of Budget v's Actuals; and
- The net current assets (NCA) at the end of the month to which the statement relates.

Regulation 34.2 - Each statement of financial activity must be accompanied by documents containing:

- An explanation of the composition of the net current assets of the month to which it relates, less committed assets and restricted assets; and
- An explanation of each of the material variances; and
- Such other supporting information as is considered relevant by the local government.

Regulation 34(3) - The information in a statement of financial activity must be shown according to nature or type classification.

Regulation 34(5) - Each financial year a local government is to adopt a percentage or value, calculation in accordance with AAS5, to be used in statements of financial activity for reporting material variances.

POLICY REQUIREMENTS:

Council Policy 4.8 - Monthly Financial Reporting Requirements.

LEGISLATIVE REQUIREMENTS:

- Local Government Act 1995
- Local Government (Financial Management) Regulations 1996
- > Expenditure from the municipal fund not included in the Annual Budget must be authorised
- in advance by an absolute majority decision of Council pursuant to section 6.8 of the *Local Government Act 1995*

STRATEGIC IMPLICATIONS:

There are no Strategic Implications relating to this item.

SUSTAINABILITY IMPLICATIONS:

> Environment

There are no known environmental impacts associated with this proposal.

> Economic

There are no known economic impacts associated with this proposal.

Social

There are no known social implications associated with this proposal.

FINANCIAL IMPLICATIONS:

Material variances are disclosed in the Statement of Financial Activity.

As part of the adopted 2022/23 Budget, Council adopted the following thresholds as levels of material variances for financial reporting.

In accordance with regulation 34 (5) of the Local Government (Financial Management) Regulations 1996, and AASB 1031 Materiality, the level to be used in statements of financial activity in 2022/23 for reporting material variances shall be:

- (a) 10% of the amended budget; or
- (b) \$10,000 of the amended budget.

whichever is greater. In addition, that the material variance limit be applied to total revenue and expenditure for each Nature and Type classification and capital income and expenditure in the Statement of Financial Activity.

The financial reports for the period ending July 2022 are attached to the Council Agenda.

COMMENT:

This report presents the Statement of Financial Activity by nature or type for the period ended 31 July 2022.

The following is a summary of the headline numbers from the attached report, and explanations for variances is provided in note 1 of the report.

	Original Budget	YTD Budget	YTD Actuals – July 2022
Opening Surplus	2,501,372	2,501,372	2,643,589
Operating Revenue	5,055,069	3,493,268	3,507,693
Operating Expenditure	(6,906,402)	(717,233)	(573,152)
Capital Expenditure	(8,087,837)	(673,941)	(198,064)
Capital Income	5,288,910	0	0
Financing Activities	(302,711)	(5,226)	(7,252)
Non-cash items	2,451,599	209,992	0
Closing Surplus/(Deficit)	0	4,808,232	5,372,814

- Rates notices were issued with an effective issuance date of 25 July 2022. As at 31 July, the Shire had received \$416,369 in cashflows as well as \$109,030 worth of prepaid rates being recognised as income. Due date for payment in full or first instalment is 29 August 2022.
- The capital works program is yet to significantly commence as at 31 July, with \$198,064 in actual expenditure against an adopted budget of \$8,087,837, representing 2.45% of the budgeted works.
- End of year accounting process for 30 June 2022 is continuing, and there may be small changes to the brought forward surplus figure. Original budget is built on the premise of a brought forward surplus of \$2,501,372, however, with a number of end of year accounting adjustments now processed, this figure is currently \$2,643,589 (favourable increase of \$142,217). This is largely due to June invoices for RRG projects that was not included in the budget surplus calculation.

Budget amendments

Council is requested to approve the following amendments to the 2022/23 annual budget, with explanations provided in the table below.

Account No.	Description	Adopted Budget	Proposed amended budget	Variance Increase/(Decrease) in funding position	Comment
Brought f	orward surplus	\$2,501,372	\$2,643,589	\$142,217	Favourable increase in brought forward surplus, due to RRG grant income for 30 June 2022 not included as part of original surplus calculation.
03090	Operating grants – Financial Assistance Grants (General purpose)	\$238,943	\$420,892	\$181,949	A conservative budget was allocated for the 2022/23 Financial Assistance Grants, based on information provided by WALGGC, the amount has increased subsequent to this.
03095	Operating grants – Financial Assistance Grants (Roads)	\$130,545	\$196,089	\$65,544	See above.
12105	Non-operating grants - RRG	\$693,393	\$816,360	\$122,967	Manmanning reconstruction 0 – 0.73 SLK approved by RRG.
AROAD (AA006)	Capex – Manmanning Rd Reconstruction (0 – 0.73 SLK)	(\$0)	(\$184,450)	(\$184,450)	Project approved by RRG. Fund Shire's 1/3 contribution from increased brought forward surplus.

Account No.	Description	Adopted Budget	Proposed amended budget	Variance Increase/(Decrease) in funding position	Comment
14914	Other expenditure – Contribution to deed for CBH (Cadoux)	(\$0)	(\$4,000)	(\$4,000)	New budget item, fund from increased brought forward surplus.
13001	Materials and contracts – Vermin control	(\$0)	(\$3,000)	(\$3,000)	Provision for goods/services for vermin control as per prior years.
01617	Lease Liability Principal Repayment (New Photocopiers)	(\$0)	(\$7,082)	(\$7,082)	Budget provision for new photocopiers lease repayments.
12632	Capex - Signs	(\$0)	(\$10,000)	(\$10,000)	Move budget to capital account for acquisition of signage for Bike it to Ballidu event. Nil budgetary impact.
04010	Other expenditure – Council recurrent events	(\$10,200)	(\$200)	\$10,000	See above.
12623	Capex – Backhoe	(\$0)	(\$47,800)	(47,800)	Budget for backhoe carryover not included in adopted budget. This was budgeted to be funded from the plant reserve, as it was not expended last financial year, this will be funded from the plant reserve in 2022/23.

Account No.	Description	Adopted Budget	Proposed amended budget	Variance Increase/(Decrease) in funding position	Comment
01945	Transfer from Plant Reserve	\$728,570	\$776,370	\$47,800	See above.
01970	Transfer to WH Swimming Pool Reserve	(\$20,000)	(\$220,000)	(\$200,000)	To transfer the amended budget surplus to the swimming pool reserve to fund future capital renewal and upgrade works.
01993	Transfer to Building Asset Management Reserve	(\$390,000)	(\$447,072)	(\$57,072)	Increase transfer to building asset management reserve to fund future building renewal and upgrades.
01975	Transfer to Special Projects Reserve	(\$402,211)	(\$459,284)	(\$57,073)	Increase transfer to Special Projects reserve to fund future capital projects identified in plans for the future.
Change	in net current ass	ets (funding	position)	\$0	

VOTING REQUIREMENTS:

Absolute majority is required under section 6.8 of the *Local Government Act 1995 for authorisation* of expenditure not included in the adopted annual budget.

ABSOLUTE MAJORITY REQUIRED:

Yes (budget amendments).

MOVED: Cr West

SECONDED: Cr Boekeman

That Council:

- 1. RECEIVES the Monthly Financial Report (containing the Statement of Financial Activity by nature or type) for the month ended 31 July 2022, as presented as attachment 1 to this report.
- 2. NOTES the unrestricted municipal surplus of \$5,372,814 for the month ended 31 July 2022.
- 3. Pursuant to section 6.8 of the *Local Government Act 1995*, APPROVE the following schedule of budget amendments resulting in a nil change in net current assets as at 30 June 2023:

Account No.	Description	Adopted	Proposed amended	Variance Increase/(Decrease)	Comment

Shire of Wongan-Ballidu Variance Report 31 July 2022

The Local Government (Financial Management) Regulations 1996 require that financial statements are presented monthly to council. Council has adopted 10% as its threshold for line items on the nature or type report shown on page 1. This report uses a traffic light system to flag those items that are within tolerance and others that fall out of the range. Variances are calculated using a comparison of year to date actual against year to date budget. It needs also to be noted that the early months of the financial year are a period when variance percentages are volatile and extremely sensitive to small movements in actual income and expense.

Code	Variance Actual to YTD Budget	Variance reason	Report Section	Comments					
	Operating Income								
x	3,004	Timing	Other Revenue	Favourable					
×	1,367	Timing	Interest	Favourable					
	Operating Expenditure								
×	4,711	Timing	Utilities (Gas, Electricity) etc.	Favourable					
×	3,595	Timing	Interest	This is a timing variance only and is not expected to alter the result at the end of the financial year					
×	(65,615)	Timing	Insurance	Timing variance. Second instalments to be paid in September. Some insurance premiums are paid in a single instalment and others over two instalments.					
×	10,229	Timing	Other General	Favourable					
x	209,992	Timing	Depreciation	Depreciation has not been processed in the system, as the asset register is to be audited for end of financial year.					
	Capital								
×	78,220	Timing	Capex - Land & Buildings	Capital works program yet to substantially commence.					
×	(8,143)	Timing	Capex - Furniture & Equipment	Capital works program yet to substantially commence.

9.2.3 UNSCHEDULED (VOLUNTARY) LOAN REPAYMENT - LOAN 153

FILE REFERENCE:

REPORT DATE: 18 August 2022

APPLICANT/PROPONENT: Wongan Hills Community Store

OFFICER DISCLOSURE OF INTEREST: Nil PREVIOUS MEETING REFERENCES: Nil

AUTHOR: Sam Dolzadelli - Deputy Chief Executive Officer

ATTACHMENTS: Nil

PURPOSE OF REPORT:

The purpose of this report is to seek Council's approval to make an unscheduled (voluntary) repayment of the **full** outstanding principal amount of loan 153 with Western Australian Treasury Corporation (WATC).

BACKGROUND:

The Shire entered into a loan agreement with WATC in September 2020 for loan 153, for a borrowed principal amount of \$40,000. The proceeds of this loan were then lent to the Wongan Hills Community Store under a Self-Supporting Loan arrangement.

The Wongan Hills Community Store have made formal request that they wish to pay off the debt in full as soon as possible.

POLICY REQUIREMENTS:

NIL

LEGISLATIVE REQUIREMENTS:

- Local Government Act 1995
- > Local Government (Financial Management) Regulations 1996
- > Expenditure from the municipal fund not included in the Annual Budget must be authorised
- in advance by an absolute majority decision of Council pursuant to section 6.8 of the *Local Government Act 1995*

STRATEGIC IMPLICATIONS:

There are no Strategic Implications relating to this item.

SUSTAINABILITY IMPLICATIONS:

Environment

There are no known environmental impacts associated with this proposal.

Economic

There are no known economic impacts associated with this proposal.

> Social

There are no known social implications associated with this proposal.

FINANCIAL IMPLICATIONS:

NIL.

As this is a Self-Supporting Loan there is no impact on the Shire's funding position. The third-party will pay the full amount to the Shire, who will then pay the full amount to WATC. A budget amendment will be required.

COMMENT:

Unscheduled repayments – Western Australian Treasury Corporation

Western Australian Treasury Corporation can restructure existing fixed-interest rate loans prior to their maturity date and/or accept any unscheduled repayments of capital at the request of the borrower. However, to do so requires determination of the current market value of the existing loan. The market valuation of a loan will depend on the interest rate prevailing at the time of valuation compared with the original interest rate and the length of time remaining to the maturity date of the original fixed-interest rate loan.

A market valuation involves valuing the previously committed fixed-payment schedule at the current interest rate for the remaining term of the loan. This form of valuation is required because, where a borrower elects to restructure and/or make unscheduled payments (in full or in part), WATC must make the equivalent adjustments with the market counterparties through which WATC sourced the funds for the original loan.

Given that interest rates have increased since the original draw-down of the loan, this means that a market counterparty will be prepared to receive a reduced amount of the outstanding capital (i.e. provide a discount) as they will be able to reinvest the repaid funds at a higher interest rate.

Indicative market valuation - Loan 153

WATC provided an indicative market valuation for loan 153 of \$27,039.48 (assuming settlement date of 25 August 2022). The current outstanding principal amount as at 31 July 2022 is \$28,135.62 plus accrued interest of \$84.76. This leads to an indicative discount of \$1,180.90 if the Shire was to settle this loan at the date provided. This discount will be passed onto the Wongan Hills Community Store and will be a welcomed favourable financial outcome by all parties.

Budget amendment

A budget amendment is required as the adopted budget only includes provision for the scheduled loan repayments. The adopted budget included total loan principal repayments of \$116,527, of which \$8,000 pertains to loan 153.

Council is requested to approve a budget amendment for the additional \$19,039 loan repayment, being the market valuation minus the budgeted repayment amount. A contra budget amendment will be made against the self-supporting loan proceeds account, leading to no change in the funding position of the Shire.

VOTING REQUIREMENTS:

Absolute majority is required under section 6.8 of the Local Government Act 1995 for authorisation of expenditure not included in the adopted annual budget.

ABSOLUTE MAJORITY REQUIRED: Yes

MOVED: Cr Tunstill

SECONDED: Cr West

That Council:

- 1. Approves the unscheduled repayment of loan 153 in full to the Western Australian Treasury Corporation.
- 2. Notes the indicative market valuation of loan 153, which if settled at the indicative date, will provide a discount to both the Shire of Wongan-Ballidu and the Wongan Hills Community Store.
- 3. Pursuant to section 6.8 of the *Local Government Act 1995*, approve the following schedule of budget amendments resulting in a nil change in net current assets as at 30 June 2023:

Account	Description	Original Budget	Proposed amended budget	Variance
01605	Loan liability – Self-supporting loans	(\$30,877)	(\$49,916)	(\$19,039)
01215	Self-supporting loan debtors (income)	\$30,877	\$49,916	\$19,039

CARRIED BY ABSOLUTE MAJORITY: 7/0 RESOLUTION:07082022

4.6 Investment Policy

PURPOSE OF REPORT:

The purpose of this report is to present sufficient information to council to enable a detailed review of existing policies to be carried out.

BACKGROUND:

The purpose of policy documents is to enable the effective and efficient management of council resources and to assist staff and council achieve an equitable decision-making process. Written policies also enable the community to be aware of the reasoning behind administrative and council decisions to be familiar with the philosophy behind individual decisions. Policy statements enable much of the day-to-day business of council to be handled by the administration, freeing up the time of the elected members in determining major policy and strategic direction.

An up-to-date policy manual of any organisation proves to be a valuable tool in improving the decision-making process. Policies contained within the manual are those that project a corporate image and are not controlled by individual directorates. The development of the policies involves input from staff across the organisation and elected members.

A policy statement is not binding on council but provides a guideline for elected members and staff in determining individual applications or requests. Generally, policies evolve as issues come before council and should continue to evolve though a process of review and refinement. For this reason, it is important that a review process in place.

It is also possible for members of the community to seek an early review of a specific policy.

Each policy is developed in order to address specific matters. They relate to objectives to the shire of Wongan-Ballidu, and, in some instances, as required by legislation. The principles behind the policies are directly related to the shire's values as an organisation.

It is important to note that the manual should only contain the policy statement of the council and should not refer to operational, staff or procedural matters.

In accordance with council's policy review process, the entire policy manual is to be reviewed at least bi-annually.

COMMENT:

The chief executive officer is responsible for the co-ordination of this review. The policies have been distributed to council review and recommendations to amend or adopt the policy were noted at informal council meeting held on 27 July 2022.

With those policies pertaining to administration & financial services, a rigorous review of all policies will be conducted over a six (6) month period, which would involve at addressing specific policies every month.

The policies selected for the July 2022 review are:

- 4.1 Accounting
- 4.2 Accounting for Revaluations
- 4.5 Insurance Excess Buildings
- 4.6 Investment

The above policies are to be amended or adopted as is as set out by council and outlined as below:

4.1 Accounting

Updated to include all significant accounting policies that impact the shire's operations.

4.2 Accounting for Revaluations

Repeal policy. This topic is covered in the updated accounting policy.

4.5 Insurance Excess – Buildings

No changes to policy. This policy meets the requirements of council.

4.6 Investment

No changes to policy. This policy meets the requirements of council.

POLICY REQUIREMENTS:

The policy manual has been developed over time to enable the effective and efficient management of council resources and to assist staff and council achieve an equitable decision-making process.

The policy manual should not relate to operational or staff related matters.

The policy manual is a fluid document and should be reviewed in its entirety at least every 2 years.

LEGISLATIVE REQUIREMENTS:

The Local Government Act 1995 outlines the roles of council and the Chief Executive Officer.

STRATEGIC IMPLICATIONS:

Ongoing review and refinement of the policy manual is in line with council's strategic direction on governance (implement and develop policy based on economic, social, cultural, governance and environmental elements).

SUSTAINABILITY IMPLICATIONS:

> Environment

There are no known environmental impacts associated with this proposal.

Economic

There are no known economic impacts associated with this proposal.

Social

There are no known social implications associated with this proposal.

FINANCIAL IMPLICATIONS:

There are no financial implications in relation to this item.

VOTING REQUIREMENTS:

ABSOLUTE MAJORITY REQUIRED:

Yes

MOVED: Cr Falconer

SECONDED: Cr Anspach

That Council:

- 1. ADOPT the following policies with amendments:
 - 4.1 Accounting
- 2. ADOPT the following policies without variation:
 - 4.5 Insurance Excess Buildings
 - 4.6 Investment
- 3. REPEAL the following policies:
 - 4.2 Accounting for Revaluations

CARRIED BY ABSOLUTE MAJORITY: 7/0
RESOLUTION:08082022

4.1 Accounting Policy

Policy Owner: Administration and Financial Services

Person Responsible: Deputy Chief Executive Officer

Date of Adoption: June 2009 **Adoption Resolution:** 060609

Date of Last Amendment: 24 August 2022 Resolution:08082022

OBJECTIVE

To ensure that all Financial Reports and Budgets are prepared in accordance with the relevant statutory requirements.

POLICY

This policy will apply to the presentation of the Shire's:

Management Accounts Monthly Financial Reports Annual Financial Reports Annual Budgets Annual Budget Reviews Long Term Financial Plan

The significant accounting policies are detailed below.

1. Basis of preparation

All financial reports will be prepared in accordance with the Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995 and* accompanying regulations take precedence over Australian Accounting Standards where they are inconsistent.

2. The Local Government Reporting Entity

All funds through which the Council controls resources to carry on its functions will be included in the financial statements.

In the process of reporting on the Local Government as a single unit, all transactions and balances between those Funds (for example loans and transfers between funds) will be eliminated.

All monies held in the Trust Fund are to be excluded from the Financial Statements, but a separate statement of those monies should appear as a Note to the Statements.

3. Actual Balances

The year-to-date actual balances that are presented in the annual budget are figures based on the accounts as at the time of budget preparation, they will include forecasts where appropriate, but are subject to change between time of budget adoption and the production of the Annual Financial Report.

4. Rounding Off Figures

All figures shown in the financial reports (other than the rates in the dollar), are to be rounded to the nearest whole dollar.

5. Comparative Figures

Where required, comparative figures are adjusted to conform to changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statement, a statement of financial position as at the beginning of the earliest period is disclosed.

Unless otherwise stated, the budget comparative figures shown in the financial statements is the original budget for the relevant item of disclosure.

6. Critical Accounting Estimates

The preparation of financial reports in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which forms the basis of making judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

7. Goods and Services Tax ("GST")

Revenues, expenses and assets capitalised are stated net of any GST recoverable. Receivables and payables in the Statement of Financial Position are stated as inclusive of applicable GST.

8. Cash and Cash Equivalents

Cash and cash equivalents in the Statement of Financial Position comprise cash at bank and on hand and short-term deposits with an original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purposes of the Statement of Cash Flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts. Bank overdrafts are included as short- term borrowings in current liabilities on the Statement of Financial Position.

9. Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that the debt will not be collectible.

10. Inventories

(i) Raw materials and stores (fuel stock), work in progress and finished goods

Raw materials and stores (fuel stock), work in progress and finished goods are stated at the lower of cost and net realisable value. Cost comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Costs are assigned to individual items of inventory on the basis of weighted average costs. Net realisable value is the established selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

11. Land held for resale/capitalisation of borrowing costs

(i) Land held for resale is stated at the lower of cost and net realisable value. Cost is assigned by specific identification and includes the cost of acquisition, development and borrowing costs during development. When development is completed, borrowing costs and other holding charges are expensed as incurred. Borrowing costs included in the cost of land held for resale are those costs that would have been avoided if the expenditure on the acquisition and development of the land had not been made. Borrowing costs incurred while active development is interrupted for extended periods are recognised as expenses.

Revenue arising from the sale of property is recognised in the operating statement as at the time when the conditions of a binding contract of sale are met. Land held for resale is classified as current except where it is held as non-current based on the Shire's intentions to release for sale.

12. Non-Current Assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

13. Low Value Assets

Expenditure on items of equipment under \$5,000 are not capitalised but, where applicable, are placed on the "Minor Assets Register" for reference and maintenance.

14. Revaluation

(i) Mandatory requirement to revalue certain non-current assets

Each asset class is revalued in accordance with the Regulations and the Australian Accounting Standards. The Shire applies a process of rolling revaluations by asset class, providing all assets in a class are valued within the same financial year before the reporting date.

The following is the Shire's non-current asset revaluation cycle:

Financial Year	Asset Group/Class
2021/22	Land, Buildings and Other Infrastructure
2022/23	Infrastructure – Roads, footpaths, drainage,
	parks & ovals, signage
2023/24	Nil
2024/25	Nil
2025/26	Nil
2026/27	5-year cycle recommences

The Local Government (Financial Management) Regulations 1996 state that the maximum period of time between revaluations of non-current assets is five (5) years. All plant and equipment type assets are to be held at cost.

Relevant disclosures, in accordance with the requirements of the Australian Accounting Standards, are made in the financial statements as necessary.

(ii) Accounting for revaluations

The fair value of land, buildings, infrastructure and investment properties (including vested improvements) is determined at least every five years in accordance with the regulatory framework. At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is in accordance with *Local Government (Financial Management) Regulation 17A (2)(a)* which requires land, buildings, infrastructure, investment properties and invested improvements to be shown at fair value.

Individual assets that are plant and equipment type assets and right-of-use assets are measured using the cost model in accordance with *Local Government (Financial Management) Regulation 17A (2)(b)* and *17A (2)(c)*.

Increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation reserve. Decreases in the carrying amount that offset previous increases of the same asset classes are recognised against revaluation reserve, all other decreases are recognised in the Statement of Comprehensive Income.

15. Depreciation of Non-Current Assets

All non-current assets having a limited useful life are systematically depreciated over their useful lives in a manner, which reflects the consumption of the future economic benefits embodied in those assets. Assets are depreciated from the date of acquisition, or in respect of internally constructed assets, from the time the asset is completed and held ready for use. Assets are written off when they fall below the capitalisation threshold in the Asset Register.

Depreciation is recognised on a straight-line basis, using rates which are calculated based on useful life and residual values; these are illustrated below and reviewed each reporting period.

Asset Class	Useful life
Buildings – non-specialised	20 – 80 years
Buildings – Specialised	20 – 80 years
Furniture and equipment	5 – 10 years
Plant and equipment	4 – 8 years
Motor Vehicles	3 – 5 years
Infrastructure – Roads – Surface (sealed)	27 years
Infrastructure – Roads – Surface (unsealed)	10 years
Infrastructure – Roads – Pavement	55 years
Infrastructure – Roads (Subgrade)	Not depreciated
Infrastructure – Footpaths	30 years
Infrastructure - Drainage	70 years
Infrastructure – Parks and ovals	18 – 63 years
Infrastructure – Signs	125 years
Infrastructure - Other	8 – 100 years

16. Land under Control and Land under Roads

As a result of amendments to the Regulations, effective from 1 July 2019, vested land, including land under roads, is treated as right-of-use assets measured at zero cost. Therefore, the previous inconsistency with AASB 1051 in respect of non-recognition of land under roads acquired on or after 1 July 2008 has been removed, even though measurement at zero cost means that land under roads is still not included in the statement of financial position.

17. Vested improvements

The measurement of vested improvements at fair value in accordance with *Local Government* (Financial Management) Regulations 1996 17A (2)(iv) is a departure from AASB 16 which would have required the Shire to measure the vested improvements as part of the related right-of-use asset at zero cost.

18. Gains and losses on disposal of non-current assets

Gains and losses on disposals are determined by comparing proceeds with the carrying amount (written-down value). These gains and losses are included in the Statement of Comprehensive Income. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

19. Financial Instruments

(i) Recognition and derecognition

Financial Instruments, financial assets and financial liabilities are recognised when the Shire becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and substantially all the risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

(ii) Classification and initial measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with AASB 15, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

Financial assets, other than those designated and effective as hedging instruments, are classified into the following categories:

- amortised cost;
- fair value through profit or loss (FVTPL); and
- fair value through other comprehensive income (FVOCI).

The classification is determined by both:

- the Shire's business model for managing the financial asset; and
- the contractual cash flow characteristics of the financial asset.

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

(iii) Subsequent measurement of financial assets Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVTPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category includes non-derivative financial assets like loans and receivables with fixed or determinable payments that are not quoted in an active market. After initial recognition, these are measured at amortised cost using the effective interest method.

Discounting is omitted where the effect of discounting is immaterial. The Shire's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments.

Financial assets at fair value through profit or loss (FVTPL)

Financial assets that are held within a different business model than 'hold to collect' or 'hold to collect and sell', and financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVTPL. All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements apply.

Assets in this category are measured at fair value with gains or losses recognised in profit or loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

Financial assets at fair value through other comprehensive income (FVOCI)

Financial assets are accounted for at FVOCI if the assets meet the following conditions:

- they are held under a business model whose objective is to collect the associated cash flows and sell: and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Any gains or losses recognised in Other Comprehensive Income are reclassified upon derecognition of the asset. This category includes listed securities and debentures.

20. Classification and measurement of financial liabilities

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Shire designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVTPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss (other than derivative financial instruments that are designated and effective as hedging instruments).

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

21. Impairment of financial assets

The Shire considers a broad range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

22. Fair Value Estimation of financial instruments

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes. The fair value of financial instruments traded in active markets is determined using various valuation techniques. The Shire uses valuation methods and make assumptions that are based on market conditions existing at each balance date. Quoted market prices or dealer quotes for similar instruments are used for long-term debt instruments. Other techniques, such as estimated discounted cash flows, are used to determine fair value for the remaining financial instruments.

The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting future contractual cash flows at the current market interest rate that is available to the Shire for similar financial instruments.

23. Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation as a result of past events for which it is probable that an outflow of economic benefits will result, and that outflow can be reliably measured. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow, with respect to any one item included in the same class of obligations, may be small.

24. Leases

All Leases, excluding Peppercorn Leases (concessionary leases), are recognised in the Balance Sheet as a liability by capitalising the present value of the minimum lease payments and showing a 'right-of-use' asset, while future lease payments are recognised as depreciation on the 'right-of-use' asset, and interest is charged on the lease liability.

Right-of-use assets are measured using the cost model in accordance with *Local Government* (*Financial Management*) Regulation 17A (2)(c). This means that all right-of-use assets (other than vested improvements) under zero-cost concessionary leases are measured at zero cost.

25. Impairment

The Shire's assets, other than inventories, are tested annually for impairment. Where impairment exists, an estimate of the recoverable amount of the asset is made in accordance with AASB 136 Impairment of Assets and appropriate adjustments made. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Impairment losses are recognised in the Statement of Comprehensive Income.

For non-cash generating assets such as roads, drains and public buildings value in use is represented by the asset's written down replacement cost.

26. Trade and Other Payables

Trade and other payables reflect obligations to make future payments in respect of the purchase of goods and services and are carried at amortised cost. The amounts are unsecured and are usually paid within 30 days from the date of receipt of the invoice unless otherwise agreed.

27. Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid for the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the Shire has an unconditional right to defer settlement of the liability for at least 12 months after the Statement of Financial Position date.

Borrowing costs are recognised as an expense when incurred, except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

28. Employee Benefits

Provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave and rostered days off and are calculated as follows:

Annual Leave, Long Service Leave and Rostered Days off (Short-term benefits)

The provision for employees' benefits including; annual leave, long service leave and rostered days off expected to be settled within 12 months represents the amount the Shire has a present obligation to pay resulting from employees' services provided to balance date. The provision is calculated at nominal amounts based on remuneration rates the Shire expects to pay and includes related on-costs.

Long Service Leave (Long-term benefits)

The liability for long service leave is recognised as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date, using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on state government bonds with terms to maturity and currency that match as closely as possible the estimated future cash outflows.

Where the Shire does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

29. Superannuation

Contributions to employee defined contribution plans are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

30. Interests in Joint Arrangements/Joint Ventures

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint venture entities providing joint venturers with an interest to net assets are classified as a joint venture and accounted for using the equity method.

Joint operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Shire's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements

31. Rates, Grants, Donations and Other Contributions

Revenue recognition is determined based on what the customer expects to be entitled to (rights and obligations), while measurement encompasses estimation by the entity of the amount expected to be entitled for performing under the contract or in the case of Rates, when the relevant rateable year commences.

AASB 1058 Income of Not-for-Profit Entities is considered where AASB 15 does not apply to a transaction. The timing of income recognition will depend on whether a transaction gives rise to a performance obligation, liability or contribution by owners.

32. Contract Liabilities (Prepaid Income)

When an amount of consideration is received from a customer / fund provider prior to the Shire transferring a good or service to the customer, the Shire presents the funds which exceed revenue recognised as a contract liability. The contract liability remains until the Shire's obligations have been met.

33. Contract Assets

When a performance obligation is satisfied by transferring a promised good or service to the customer before the customer pays consideration or before payment is due, the Shire presents this as a contract asset, unless the rights to that amounts of consideration are conditional, in which case the Shire recognises a receivable.

34. Current and non-current classifications

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operation cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months. An exception exists for land held for resale, where it is held as non- current based on the Shire's intentions to release for sale.

35. Intangible assets

Costs associated with maintaining computer software programs are recognised as an expense as incurred. Development costs that are directly attributable to the design and testing of identifiable and unique software products controlled by the Shire are recognised as intangible assets where the following criteria are met:

- It is technically feasible to complete the software so that it will be available for use;
- Management intends to complete the software and use or sell it;
- There is an ability to use or sell the software;

4.5 Insurance Excess – Buildings

Policy Owner: Person Responsible:

Administration and Financial Services
Deputy Chief Executive Officer

Date of Adoption:

15 October 2005

Adoption Resolution:
Date of Last Amendment:

OBJECTIVE

To ensure that sporting and not-for-profit groups are not discouraged from making insurance claims due to high excess payable on Councils property insurance.

POLICY

Council is responsible for insuring all buildings on its Asset Register, with the Municipal Property Scheme which has an excess of \$1,000 on all claims. Sporting and not-for-profit groups will only pay the first \$500 of any excess payable on an insurance claim.

It is the responsibility of the group making the claim to submit all details of the claim to Council staff including:

- 1. Specific details of damage
- 2. Date of damage
- 3. Quotes for repair
- 4. Photos of damage
- 5. Police report NUMBER if applicable

RESPONSIBILITY FOR IMPLEMENTATION

The Deputy Chief Executive Officer is responsible for implementing this policy.

4.2 Accounting for Revaluations

Policy Owner:

Administration and Financial Services

Person Responsible:

Deputy Chief Executive Officer

Date of Adoption:

9 July 2013

Adoption Resolution:

Date of Last Amendment:

OBJECTIVE

- □ To meet Audit requirements to have such a policy.
- □ To limit potential undue administrative burden.

POLICY

The Chief Executive Officer be required to use the AASB 116.35 (Option B) 'eliminating against the gross carrying amount of an asset for bringing to book fixed asset revaluations, ie: restating with a single fair value (equal to the supplied valuation) with no brought forward depreciation provision.

RESPONSIBILITY FOR IMPLEMENTATION

The Chief Executive Officer has delegated responsibility for administration of this policy to the Deputy Chief Executive Officer.

4.6 Investment

Policy Owner:

Administration and Financial Services

Person Responsible:

Deputy Chief Executive Officer

Date of Adoption:

25 June 2014

Adoption Resolution:

050614

Date of Last Amendment:

OBJECTIVE:

To invest the Shire's surplus funds with consideration of risk and at the most favourable rate of interest available to it at the time, for that investment type, whilst ensuring that liquidity requirements are being met.

The objectives of the policy are threefold in terms of preservation of capital, liquidity and the return on investment.

- The preservation of capital is the primary objective of the Shire's investment to ensure the safety and security of the investment made in relation to the credit risk of the borrowers and interest rate on offer.
- The investment of the Shire's funds should ensure there is sufficient liquidity to meet the
 operational cash flow requirement as when they fall due without incurring additional cost to
 the Shire.
- The investment made should achieve a predetermined return on investment taking into account the market condition and risk profile of the borrowers.

LEGISLATIVE REQUIREMENTS

All investments are to comply with the following:

- Local Government Act 1995 Section 6.14
- The Trustees Act 1962 Part III Investments
- Local Government (Financial Management) Regulations 1996 Regulations 19, 28 and 49
- Australian Accounting Standards

SCOPE

This policy applies to all officers involved in the investment of Council funds.

POLICY

Delegation of Authority

Authority for implementation of the Investment Policy is delegated by Council to the CEO in accordance with the *Local Government Act 1995*. The CEO may in turn delegate the day-to-day management of Council's investment to senior finance staff subject to regular reviews.

Prudent Person Standard

Investments are to be managed with the care, diligence and skill that a "prudent person" (as

derived by legislation, Trustees Act 1962, and case law) would exercise. Officers are to manage investments to safeguard the portfolio in accordance with the spirit of this investment Policy, and not for speculative purposes.

Ethics and Conflicts of Interest

Officers shall refrain from personal activities that would conflict with the proper execution and management of Council's investments. Where there is a conflict of interest, it should be disclosed to the CEO as soon as possible.

Approved Investments

All investment must be denominated in Australian dollars. Without Council approval, investment of the Shire funds is limited to:-

- State/Commonwealth Government Bonds;
- Interest Bearing Deposits;
- Bank accepted/endorsed bank bills;
- Bank negotiable Certificate of Deposits; and

Prohibited Investments

This policy prohibits any investment carried out for speculative purposes including:

- Derivative based instruments
- Principal only investments or securities that provide potentially nil or negative cash flow;
 and
- Standalone securities issued that have underlying futures, options, forwards contracts and swaps of any kind.

This policy also prohibits the use of leveraging (borrowing to invest) of an investment.

Risk Management Guidelines

Investments obtained are to comply with three key criteria (described below) relating to:

- Portfolio Credit Framework to limit overall credit exposure of the portfolio
- Counterparty Credit Framework to limit exposure to individual counterparties/institutions
- Term to Maturity Framework limits based upon maturity of securities

a) Overall Portfolio Limits

To control quality on the entire portfolio, the following framework limits the percentage of the portfolio exposed to a particular credit rating category:

S & P Long Term Rating		Direct Investment Maximum %	Managed Funds Maximum %
AAA	A-1+	100%	100%
AA	A-1	100%	100%
A	A-2	60%	80%

b) Counterparty Credit Framework

Exposure to an individual institution will be restricted by its credit rating so that single entity exposure is limited as detailed in the table below:

S & P Long Term Rating		Direct Investment Maximum %	Managed Funds Maximum %
AAA	A-1+	45%	50%
AA	A-1	35%	45%
A	A-2	20%	40%

If any of the

investments are downgraded such that they no longer fall within the investment policy, they will be divested as soon as practicable.

Investments in Negotiable Bank Instruments are not to be greater than 12 months and investments in Guaranteed Government Bonds are not to be greater than 3 years.

c) Term to Maturity Framework

The following maturity constraints will apply under Section 19C of the Local Government (Financial Management) Regulations 1996.

Negotiable Bank Instruments Maturity Limits (Term Deposits)

Bank Instruments % < 3 months	100% Max
Bank Instruments % < 6 months	80% Max
Bank Instruments % < 9 months	60% Max
Bank Instruments % < 12 months	40% Max
Authorised Deposit Institution Limits	12 months
Non Authorised Deposit Institution Limits	Not Allowed

Guaranteed Government Bonds Maturity Limits

Government Bonds % < 1 year	100% Max
Government Bonds % > 2 year	60% Max
Government Bonds % > 3 year	25% Max

Note: Authorised Deposit Institutions are corporations that are authorised under the Banking Act 1959 to take deposits from customers.

Investment Guidelines

Municipal funds will be invested for short to medium terms, and reserve funds for medium to long terms. To maintain accountability and transparency, municipal funds and reserve funds are to be invested in separate accounts.

For the purposes of this policy:

- "Long term" refers to a term of up to 12 months or more.
- "Medium term" refers to a term of up to 6 months.
- "Short term" refers to liquid investments (at call) or up to 3 months or less that is readily convertible to cash with no impairment to the original value of the investment.

Appendix B - Investment Policy checklist from Local Government Operational Guidelines - Number 19 - Investment Policy (February 2008) shall be used to assess each new investment. The form shall

be retained as evidence. Three quotes will be obtained when investing any funds. Once the rate is finalised the investment must be approved by two signatories to the bank account.

Investment Strategy

An Investment Strategy will run in conjunction with this investment policy. The investment strategy will be presented to Councils Finance Committee every six months. The Strategy will outline:

- Council's cash flow expectations
- Optimal target allocation of investment types, credit rating exposure, and term to maturity exposure and
- Appropriateness of overall investment types for Council's Portfolio

Investment Advisor

Any Investment Advisor be appointed must be approved by Council and be licensed by the Australian Securities and Investment Commission. The advisor appointed must be an independent person who has no actual or potential conflict of interest in relation to investment products being recommended; and is free to choose the most appropriate product within the terms and conditions of the investment policy.

Approved Borrowers

The following are approved by Council as financial institutions in which the Shire's funds may be invested.

- Westpac Banking Corporation (WBC)
- Australia and New Zealand Bank (ANZ)
- Commonwealth Bank of Australia (CBA)
- National Australia Bank (NAB)
- St George Bank
- Bankwest of WA

From time to time, new parties emerge wanting to participate in the Shire's investment program they will be assessed, evaluated and recommended to Council for approval. Their inclusion in the above listing is subject to approval by the Council.

Reporting and Review

A monthly report must be provided to Council detailing the investment portfolio in terms of performance, percentage exposure of total portfolio, maturity date and changes in market value (if applicable). The report will also detail investment income earned against budget.

Documentary evidence must be held for each investment and details thereof maintained in an investment register. For audit purposes, certificates will be obtained from financial institutions confirming the amounts of investments held on Council's behalf as at 30 June each year and reconciled to the Investment Register.

This policy should be reviewed if there is a marked change in the economic landscape affecting financial markets and interests and / or if there are state or federal legislative changes affecting the movement and investment of Council funds.

RESPONSIBILITY FOR IMPLEMENTATION

The Deputy Chief Executive Officer is responsible for implementing this policy.

- It can be demonstrated how the software will generate probable future economic benefits;
- Adequate technical, financial and other resources to complete the development and to use or sell the software are available; and
- The expenditure attributable to the software during its development can be reliably measured

Directly attributable costs that are capitalised as part of the software include employee cots and an appropriate portion of relevant overheads.

Capitalised development costs are recorded as intangible assets and amortised from the point which the asset is ready for use.

36. Materiality

The Shire has adopted the amendment to AASB 2018-7. The change includes additional explanation to expand the definition of what information may be considered material in nature and how presentation may also be an influence. Information is material if omitting, misstating or "obscuring" it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity.

RESPONSIBILITY FOR IMPLEMENTATION

The Deputy Chief Executive Officer is responsible for the implementation and operation of this Policy.

9.3 WORKS AND SERVICES

9.3.1 WORKS AND SERVICES POLICY REVIEWS

REPORT DATE: 08 August 2022

APPLICANT/PROPONENT: N/A **OFFICER DISCLOSURE OF INTEREST:** NIL

PREVIOUS MEETING REFERENCES:

AUTHOR: Karl Mickle, Manager of Works and Services

ATTACHMENTS: 10.8 Plant Hire

10.9 Powerline Agreements

10.10 Provide Pipeline Under Road Reserves

10.11 Private Works

PURPOSE OF REPORT:

The purpose of this report is to present sufficient information to council to enable a detailed review of existing policies to be carried out.

BACKGROUND:

The purpose of policy documents is to enable the effective and efficient management of council resources and to assist staff and council achieve an equitable decision-making process. Written policies also enable the community to be aware of the reasoning behind administrative and council decisions to be familiar with the philosophy behind individual decisions. Policy statements enable much of the day-to-day business of council to be handled by the administration, freeing up the time of the elected members in determining major policy and strategic direction.

An up-to-date policy manual of any organisation proves to be a valuable tool in improving the decision-making process. Policies contained within the manual are those that project a corporate image and are not controlled by individual directorates. The development of the policies involves input from staff across the organisation and elected members.

A policy statement is not binding on council but provides a guideline for elected members and staff in determining individual applications or requests. Generally, policies evolve as issues come before council and should continue to evolve though a process of review and refinement. For this reason, it is important that a review process in place.

It is also possible for members of the community to seek an early review of a specific policy.

Each policy is developed in order to address specific matters. They relate to objectives to the shire of Wongan-Ballidu, and, in some instances, as required by legislation. The principles behind the policies are directly related to the shire's values as an organisation.

It is important to note that the manual should only contain the policy statement of the council and should not refer to operational, staff or procedural matters.

In accordance with council's policy review process, the entire policy manual is to be reviewed at least bi-annually.

COMMENT:

The chief executive officer is responsible for the co-ordination of this review. The policies have been distributed to council review and recommendations to amend or adopt the policy were noted at informal council meeting held on 27 July 2022.

With those policies pertaining to administration & financial services, a rigorous review of all policies will be conducted over a six (6) month period, which would involve at addressing specific policies every month.

The policies selected for the august 2022 review are:

10.8 Plant Hire

10.9 Powerline Agreements

10.10 Provide Pipeline Under Road Reserves

10.11 Private Works

The above policies are to be amended or adopted as is as set out by council and outlined as below:

10.8 Plant Hire

No changes to policy. This policy meets the requirements of council.

10.9 Powerline Agreements

No changes to policy. This policy meets the requirements of council.

10.10 Provide Pipeline Under Road Reserves

Amendments made in accordance with council requirements to add "to amend policy 10.10 provide pipeline under road reserves so that it incorporates a requirement for drilling in place of excavation of site and that stabalising sand is required"

10.11 Private Works

No changes to policy. This policy meets the requirements of council.

POLICY REQUIREMENTS:

The policy manual has been developed over time to enable the effective and efficient management of council resources and to assist staff and council achieve an equitable decision-making process.

The policy manual should not relate to operational or staff related matters.

The policy manual is a fluid document and should be reviewed in its entirety at least every 2 years.

LEGISLATIVE REQUIREMENTS:

The Local Government Act 1995 outlines the roles of council and the Chief Executive Officer.

STRATEGIC IMPLICATIONS:

Ongoing review and refinement of the policy manual is in line with council's strategic direction on governance (implement and develop policy based on economic, social, cultural, governance and environmental elements).

SUSTAINABILITY IMPLICATIONS:

> Environment

There are no known environmental impacts associated with this proposal.

> Economic

There are no known economic impacts associated with this proposal.

> Social

There are no known social implications associated with this proposal.

FINANCIAL IMPLICATIONS:

There are no financial implications in relation to this item.

10.11 Private Works

2. DEFER consideration of policy 10.10 Pipeline Under Road Reserves to the next Ordinary Council meeting to adopt amendment that trenchless techniques are to be used in lieu of trenching and that alternative methods, if required, will need the approval of Shire of Wongan-Ballidu

CARRIED:7/0 RESOLUTION:10082022

10.8 Plant Hire

Policy Owner:

Works Committee

Person Responsible:

Chief Executive Officer

Date of Adoption:

21 June 2012

080612

Adoption Resolution:

Date of Last Amendment:

OBJECTIVE

To ensure that Council plant is operated by Council employed staff.

POLICY

That plant only be hired out with a Shire Operator unless authorised by the Manager of Works & Services or the CEO.

RESPONSIBILITY FOR IMPLEMENTATION

The Chief Executive Officer is responsible for implementing this policy.

10.9 Powerline Agreements

Policy Owner: Health, Building and Planning

Person Responsible: Chief Executive Officer

Date of Adoption: December 2011

Adoption Resolution: 131211

Date of Last Amendment:

OBJECTIVE

To provide guidelines for the removal of caveats that has been placed on properties as a result of power line agreements.

POLICY

The cost of removal of Caveats over the properties owned by persons holding power line agreement be borne by the landowner. Caveats to be removed automatically upon the instruction from the landowner provided the last payment under the power lines agreement has been received.

RESPONSIBILITY FOR IMPLEMENTATION

The Chief Executive Officer is responsible for implementing this policy.

10.10 Private Pipeline Under Road Reserves

Policy Owner:

Works Committee

Person Responsible:

Chief Executive Officer

Date of Adoption:

November 2011

Adoption Resolution:

071111

Date of Last Amendment:

OBJECTIVE

To ensure that works under Councils road are not at the detriment of those roads.

POLICY

Prior to installing a private pipeline under road reserves an application is to be made on the appropriate form and approval granted by the Chief Executive Officer.

The following conditions apply when approval is granted to install a private pipeline under road reserves.

- 1. Care to be taken to avoid damage or removal of any existing trees on the roadreserve.
- 2. Council shall not be responsible for the implementation, relocation or maintenance of the pipeline.
- 3. Council shall not be responsible for any damage to the pipeline at any time.
- 4. Adequate cover to be provided over the pipeline following installation.
- 5. Markers indicating the position the pipe crosses the road to be provided at the fence line on either side of the road reserve.
- 6. The road shall be reinstated to its original condition.
- 7. Care must be taken to avoid subsidence where the excavation has taken place stabalised sand and gravel must be used.
- 8. The cost of reinstating the road surface to its original condition and provision of markers is to be borne by the applicant.
- 9. Consideration to drill under the road to avoid excavation when possible.

RESPONSIBILITY FOR IMPLEMENTATION

The Chief Executive Officer is responsible for implementing this policy.

10.11 Private Works

Policy Owner:

Works Committee

Person Responsible:

Chief Executive Officer

Date of Adoption:

15 December 2011

Adoption Resolution:

101211

Date of Last Amendment:

OBJECTIVE

To specify the parameters whereby Council staff can accommodate private works and to minimise the impact on Councils normal operations.

POLICY

Private works will only be undertaken if the works involved do not compromise the Council's road construction/maintenance program and the plant is in the vicinity of the works.

Before private works are carried out the client must sign a private works authorization form.

Any private works are to be carried out at the discretion and authorization of the Manager Works & Services or the Chief Executive Officer prior to commencement.

Private works within the Shire are to be carried out on the following conditions; The client is responsible for marking out and supervising the work.

- > The Shire is not to be held responsible for damage to property, foundations, cables etc caused when working within the client's instructions.
- > The Shire is not responsible for any expense, whatsoever incurred through breakdown or delay.
- > The time of work and travelling shown are correct and chargeable.
- > That the works be charged at the current hire rate as set out in council's Annual Budget (Fees and Charges).
- A minimum of one-half hour hire of any plant will be charged.

Nothing in this policy prohibits council entering into an agreement with an individual(s) or organisations to provide a service with or without goods at a price to be negotiated between the respective parties that is mutually acceptable.

Any person/ organisation applying for private work with a private works account outstanding by thirty (30) days or more is advised that the work will not be undertaken until the amount outstanding has been paid. The application of this portion of the policy is subject to variation only by the Chief Executive officer should appeal circumstances be demonstrated and approved by the Chief Executive officer prior to work commencing.

RESPONSIBILITY FOR IMPLEMENTATION

The Chief Executive Officer is responsible for implementing this policy.

9.4 HEALTH, BUILDING AND PLANNING

9.4.1 APPLICATION FOR DEVELOPMENT APPROVAL P526 – THREE (3) OPEN BULKHEADS, TWO (2) GRID STACKERS AND ASSOCIATED INTERNAL ROADS AND DRAINAGE BASIN WORKS ON LOT 109 BALLIDU SOUTH-EAST ROAD, BALLIDU

FILE REFERENCE: A122/P526 REPORT DATE: 16/08/2022

APPLICANT/PROPONENT: Co-Operative Bulk Handling

OFFICER DISCLOSURE OF INTEREST: Nil PREVIOUS MEETING REFERENCES: Nil

AUTHOR: Melissa Marcon – Manager of Regulatory Services

ATTACHMENTS: Ni

PURPOSE OF REPORT:

Consideration and final determination of an Application for Development Approval for the installation of 2x 1.8m high, 185m x 35m, 2,235 tonnes bulkheads; 1x 1.8m high, 265m x 35m, 34,715 tonnes bulkhead; 2x 500 tph drive-over-grid stacker; associated internal roads and drainage basin works on the existing storage facility as outlined below on Lot 1276 Ballidu South-East Road, Ballidu.

BACKGROUND:

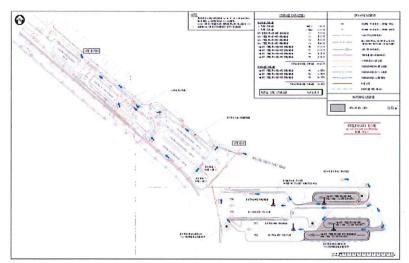

The applicant is seeking Council's development approval for the following additions to existing facilities on Lot 1276 Ballidu South-East Road, Ballidu

- 2x 1.8m high, 185m x 35m, 2235 tonnes bulkhead
- 1x 1.8m high, 265m x 35m, 34,715 tonnes bulkhead
- 2x 500 tph drive-over-grid stacker
- Associated internal roads and drainage basin works

Lot 1276 Ballidu South-East Road, Ballidu comprises a total area of approximately 71.1567 hectares. The site has existing structures and is a CBH grain receival site.

Site Location Plan (supplied by CBH)

Site Plan

SLIP Map of Bush Fire Prone Areas as at 16/08/2022 (dark blue rectangles indicate position of new bulk heads)

Part of the proposed development on Lot 1276 Ballidu South-East Road, Ballidu falls within the Bushfire Prone Area however will not require a BAL assessment based on the requirements outlined under Clause 78B of SPP 3.7;

78B. Application of Part to development

- (1) This Part does not apply to development unless the development is
 - (a) the construction or use, or construction and use, of a single house or ancillary dwelling on
 - a lot or lots with a total area of 1 100 m2 or more; or
 - (b) the construction or use, or construction and use, of
 - (i) a habitable building other than a single house or ancillary dwelling; or
 - (ii) a specified building.

COMMENT:

Lot 1276 is classified 'Rural' zone in the Shire of Wongan Ballidu Local Planning Scheme No. 5 (LPS5)

The Zone Objectives for the development and use of any land classified 'Rural' zone are as follows:

- To provide for the maintenance or enhancement of specific rural character.
- To protect broad acre agricultural activities such as cropping and grazing and intensive uses such as horticulture as primary uses, with other rural pursuits and rural industries as secondary uses in circumstances where they demonstrate compatibility with the primary use.
- To maintain and enhance the environmental qualities of the landscape, vegetation, soils and water bodies, to protect sensitive areas especially the natural valley and watercourse systems from damage.
- To provide for the operation and development of existing, future and potential rural land uses by limiting the introduction of sensitive land uses in the Rural zone.
- To provide for a range of non-rural land uses where they have demonstrated benefit and are compatible with the surrounding rural uses.
- To support small scale, low impact, short-term tourist accommodation in rural locations
- To support mining activities where an environmental management plan has been prepared and the project is acceptable to the local government, EPA and the Department responsible for mining.
- To preclude the disposal of used tyres or any other material that may be detrimental to the quality of the land.

Under the terms of the Zoning Table in LPS5 the development to construct an unsealed internal road to and around grain storage facilities and install three new Open Bulkheads is listed as being a permitted (ie 'P') use on any land classified 'Rural' zone provided it complies with all the relevant development standards and requirements.

Despite the permissibility of the proposed development on Lot 1276, Council's development approval is required.

The below is an extract from the cover letter for the Development Application which addresses Traffic Management, Stormwater Management, Noise and Dust Management by CBH.

<u>Traffic Management</u>

As CBH are expecting another significant harvest in 2022/23 in order for our network to be able to service growers and cope with the task we have identified sites throughout the network where emergency storage is required. We propose to construct 3 new temporary OBH's with nameplate storage capacity of 83,185kt at Ballidu. This will increase the total site storage capacity from 266,660kt to 349,845kt. Note that the total site storage capacity includes 85kt which is expected to be held at the site as carryover grain from the prior year. The following notes are applicable to the Shire's consideration of storage capacity and its traffic impacts:

Listed capacity is also not an accurate representation of what can be received due to operational
intricacies that impact the sites. This namely because of "loss by division/loss by commodity"

where multiple grain types are required to be stored/tarped within the same OBH, resulting in less efficient storage.

- The max case does not take into account the carryover amounts which refer to the amounts that will be retained/store in the storage from the prior year.
- Thereby reducing the effective storage amount for the current period by the carryover amount, our carryover estimate leading in to the 2022/23 harvest is 85kt.
- This means that the effective max storage capacity for the 2022/23 harvest with the proposed emergency storage build is 265kt.

During the harvest, once site capacity is reached, out loading movements may be required to restore capacity and allow grain to continue to be received from the nearby farms. This will involve shifting the grain from Ballidu to the next available site with storage capacity, with movement occurring towards the export port. This double handling of grain is inefficient in terms of cost and adds additional traffic to the surrounding road network.

Regardless of whether the emergency OBH is built, the same delivery movements to the Ballidu site will occur during harvest as traffic movements are determined by local production rather than the storage capacity of a site. If the emergency OBHs are constructed, then out-loading truck movements would not be required as the grain would be able to be stored and out-loading movements deferred to outside the harvest period, where there are less trucks on the road network. The effect of constructing the emergency storage is that out loading movements during the busy harvest period to keep the site open for grower receivals are eliminated.

Stormwater Management

An onsite drainage basin will be constructed that caters for a 5-year ARI event with all stormwater runoff from the proposed bulkheads and associated accessways directed to this drainage basin system where all surface water will be detained on-site up to the 5-year ARI event. CBH would be supportive of a condition being imposed on any development approval requiring stormwater to be retained and managed on site.

Noise & Dust Management

CBH shall ensure that noise from the specification and installation of any mechanical equipment as well as traffic and construction noise does not exceed assigned levels prescribed in the Environmental Protection (Noise) Regulations 1997, when it is received at a neighbouring property. CBH undertakes frequent noise and dust monitoring across its sites to ensure that dust and noise levels are measured and are mitigated whenever there is an exceedance.

Council have previously approved the installation of four (4) open bulk heads and associated works on the above-mentioned site.

CBH presented to Council a long-term plan for Lot 1276 Ballidu South East Road Ballidu which includes additional open bulk heads, infrastructure and internal road network.

CBH have in the last month received approval from Department Planning Lands and Heritage (DPLH) to close a portion of reserve 14087 which has now been assigned though Landgate as 14 Townsend Road Ballidu.

The Shire, through DPLH are in the process of purchasing portion reserve 14087 over Lot 251 Ballidu South East Road for use by the Shire and CBH.

As part of the previously approved development applications CBH have provided the Shire with Traffic Management and Storm Water Plan's which are still relevant to this application.

The application has been assessed with due regard for the specific objectives and standards of the Shire's local planning framework including LPS5 and the Deemed Provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

The development application has been assessed in consultation with the above documents and is subject to compliance with a number of conditions. As such it is recommended Council exercise its discretion and grant conditional approval to the application to ensure the development proceeds in accordance with the information and plans submitted in support of the proposal and the relevant standards and requirements of the Shire's local planning framework.

POLICY REQUIREMENTS:

There are no policy requirements in relation to the item.

LEGISLATIVE REQUIREMENTS:

Planning and Development Act 2015 Planning and Development (Local Planning Schemes) Regulations 2015 State Planning Policy 3.7 Planning in Bush Fire Prone Areas Shire of Wongan Ballidu Local Planning Scheme No. 5

STRATEGIC IMPLICATIONS:

There are no known strategic implications associated with this item.

SUSTAINABILITY IMPLICATIONS:

> Environment

There are no known environmental implications associated with this item.

> Economic

There are no known economic implications associated with this item.

> Social

There are no known social implications associated with the item.

FINANCIAL IMPLICATIONS:

There are no financial implications to Council in relation to this item as all costs will be incurred by the applicant.

VOTING REQUIREMENTS:

ABSOLUTE MAJORITY REQUIRED: No

MOVED: Cr Tunstill SECONDED: Cr West

That Council APPROVE the Development Application to allow the applicant to conduct works and use of three (3) additional open bulkheads for the purpose of storage subject to the following conditions and advice notes:

Conditions

- 1. The proposed development shall be completed within a period of two (2) years from the date of this approval. If the development is not completed within this period, the approval will lapse and be of no further effect. Where an approval has lapsed no development shall be carried out without the further approval of the Shire of Wongan Ballidu having first been sought and obtained.
- 2. The proposed development shall be undertaken strictly in accordance with the information and plans submitted in support of the application subject to any modifications required as a consequence of any condition/s of this approval or otherwise approved by Council.
- 3. All stormwater drainage generated by the proposed development shall be contained and managed on site to the specifications and satisfaction of the Shire's Chief Executive Officer.
- 4. Co-operative Bulk Handling Limited shall comply with the approved Traffic Management Plan.

Advice Notes

- 1. This approval is not an authority to ignore any constraint to development on the land which may exist through contract or on title, such as an easement, memorial or restrictive covenant. It is the responsibility of the applicant and landowner and not the Shire to investigate any such constraints before commencing development. This approval will not necessarily have regard to any such constraint to development, regardless of whether it has been drawn to the Shire's attention.
- 2. This is a development approval of the Shire of Wongan Ballidu under its Local Planning Scheme No. 5. It is not a building permit or an approval to commence or carry out development under any other law. It is the responsibility of the applicant/landowner to obtain any other necessary approvals, consents, permits, and licences required under any other law, and to commence and carry out development in accordance with all relevant laws.
- 3. The applicant/landowner is reminded of their obligation to ensure compliance with the following requirements:
 - a) Shire of Wongan Ballidu, Annual Firebreak Notice, Rural Land Firebreaks of not less than three meters in width immediately inside and along the whole external boundaries of the properties owned or occupied by you. In addition, firebreaks of at least three meters in width are required surrounding, and not more than fifty meters from the perimeter of any building, group of farm buildings, haystack or fuel storage situated on the land; and

- b) Shire of Wongan-Ballidu Health Local Law.
- 4. The noise generated by any activities on-site including machinery motors or vehicles shall not exceed the levels as set out under the Environmental (Noise) Regulations 1997.
- 5. No construction works shall commence on the land prior to 7 am without the Shire's written approval. No construction works are permitted to be undertaken on Sundays or Public Holidays.
- 6. Failure to comply with any of the conditions of this development approval constitutes an offence under the provisions of the Planning and Development Act 2005 and the Shire of Wongan-Ballidu Local Planning Scheme No. 5 and may result in legal action being initiated by the local government.
- 7. If the applicant/landowner is aggrieved by this determination, there is a right of review by the State Administrative Tribunal in accordance with the Planning and Development Act 2005 Part 14. An application must be submitted within 28 days of the determination

9.4.2 P525 AMUSEMENT PARLOUR – UNAUTHORISED DEVELOPMENT FEE

FILE REFERENCE: A605/P525

REPORT DATE: 18 August 2022

APPLICANT/PROPONENT: Nil **OFFICER DISCLOSURE OF INTEREST:** Nil

PREVIOUS MEETING REFERENCES: July 2022 - OCM Item 9.4.1

AUTHOR: Melissa Marcon – Manager Regulatory Services

ATTACHMENTS: Nil

PURPOSE OF REPORT:

To provide Council background information relating to the Development Application for an Amusement Parlour at Unit 3, 39 Fenton Place, Wongan Hills.

BACKGROUND:

At the Ordinary Council Meeting on the 28thJuly 2022 the Manager Regulator Services presented to Council an agenda item for the approval of an amusement parlour to be located at Unit 3, 39 Fenton Place, Wongan Hills.

The conditions of the agenda item included a penalty fee to be imposed for unauthorised development the amount of the fee of \$640 plus, by way of penalty, twice that fee \$1,280 equalling \$1,920.

Questions were raised by Council at the meeting in relation to the above that where unable to be answered at the time, as the Manager of Regulatory Services was on leave.

Council voted to amend the officer recommendation to enable the approval to be granted and accepted that further information would be provided at August Council meeting in relation to the penalty component of the original recommendation presented at the July Council meeting.

COMMENT:

On the 8th of June 2022 the Manager Regulatory Services (MRS) was handed a development application from Mr Smith (applicant) for an amusement parlour located at Unit 3, 39 Fenton Street, Wongan Hills. MRS advised the applicant that the application was incomplete and that we required further information to enable the application to be properly assessed and presented to Council for approval. MRS highlighted on the Planning Application Process Information Sheet what information is required to be included with the application. The applicant was not happy with this but advised he would email the required information.

On the 9th June 2022 the applicant called MRS regarding the application and wanted MRS to complete the application for him. MRS advised that he needed to do this himself or to engage a Planning Consultant to assist him with his application. MRS also advised the applicant that it is his responsibility to provide all information required to enable the Shire to assess the application, and not for the responsibility of the Shire to gather the information, or prepare the application for the applicant.

On the 9th June 2022 the applicants partner requested a copy of the application dropped off the day before. An email with the attached application was sent on the 10th June 2022.

An employee of the applicant contacted the MRS on the 16th June 2022 advising that he was assisting the applicant with the application and would be lodging the application to the Shire on the 17th June 2022.

The employee of the applicant was advised that if he wished to speak with the MRS regarding the application that, the MRS was available after 2pm on the day they were lodging the application. Unfortunately, the representative did not receive the email advising of this until after the application had been lodged with the Shire.

On the 21st June 2022 MRS received a text message from the applicant asking if his paperwork was in the meeting tomorrow. A return message advised the applicant that this was unable to be assessed in time for the June Council meeting and, that if the application has all the required information, it will be included in the July if not then the August Council Meeting Agenda.

The applicant's response was 'I dropped it all off to you last Friday'. MRS acknowledged that application was received on the day of the June Council Agenda close date, which gave no time to assess the application or prepare the agenda item for the June Council meeting. The applicant was also advised that the Shire has 60 days to process the application under the planning regulations'. This was the end of the conversation.

On the 29th June the employee of the applicant was contacted requesting further additional information relating to the application. Part of the additional information requested related to the sign.

On the 7^{th} July 2022 the employee of the applicant responded to the request for additional information advising that the sign was an illuminated sign 4600 mm (l) x 1000m (h).

On the 13th July 2022 at 8.30 am MRS noticed a vehicle set up with a cherry picker trailer in Fenton Place. The vehicle was obstructing disabled parking, footpath and had no WHS compliance. There was also no approval from the Shire, which would have been a condition of the development application. The vehicle was there to erect the illuminated sign.

After consulting with the Chief Executive Officer (CEO) the MRS spoke to the applicant advising that there were contractors in town set up to erect the illuminated sign. MRS advised the applicant that he did not have approval for this to occur as the application had not been approved by Council. The applicant advised that he "didn't care", he was more concerned with having the sign erected and not having to pay the contractor to come back. While this acknowledged and understood, the underlying issue is without the planning approval the sign should not have been ordered as Council had not yet approved the use of the building for the purpose of, for the proposed sign, or the type, size or installation of a sign.

During the conversation, MRS reiterated that the applicant needed planning approval from Council to proceed and the possible penalty for proceeding without the approval. The applicant advised that he wanted it to go ahead with the sign without the necessary planning approval.

The applicant was advised that the recommendation to Council for the approval of the development and associated sign would include the imposition of the penalty fee for unauthorised development as per the Planning regulations.

Under the Shire of Wongan Ballidu Local Planning Scheme No. 5 this development is classed as a 'D' use which means that the use is not permitted unless the local government has exercised its discretion by granting development approval.

It is noted that although there was an existing sign in place, the new sign forms part of the development application which is assessed during the approval process.

The Planning and Development Regulations 2009 Schedule 2 – maximum fees for certain planning services states under item 2 allows a penalty for unauthorised development –

(2) Determining a development application (other than for an extractive industry) where the development has commenced or been carried out; -

The fee in item 1 plus by way of penalty twice that fee.

LOST: 2/5

RESOLUTION:12082022

Reasons provided at the meeting for not supporting the motion:

That there was not sufficient information to determine whether a breach of planning regulations had occurred.

9.4.3 WONGAN HILLS COMMUNITY CLUB INC – REMOVAL OF EXISTING CLUB SHED AND INSTALLATION OF NEW CLUB SHED

FILE REFERENCE: A1221

REPORT DATE: 17 August 2022

APPLICANT/PROPONENT: Wongan Hills Community Club Inc

OFFICER DISCLOSURE OF INTEREST: Nil PREVIOUS MEETING REFERENCES: Nil

AUTHOR: Melissa Marcon – Manager of Regulatory Services

ATTACHMENTS: Nil

PURPOSE OF REPORT:

To seek Councils approval to remove the existing hockey club shed and the installation of a new hockey club shed. The shed will be used by the Wongan Ballidu Hockey Club (WBHC) and Drifters Hockey Club (DHC).

The new shed will be erected on the boundary of the fence line at the Wongan Hills Recreation Centre, hockey oval, 100 Ninan Street, Wongan Hills.

BACKGROUND:

The Shire entered into a Management Agreement with the Wongan Hills Sports and Recreation Council Inc in 2008.

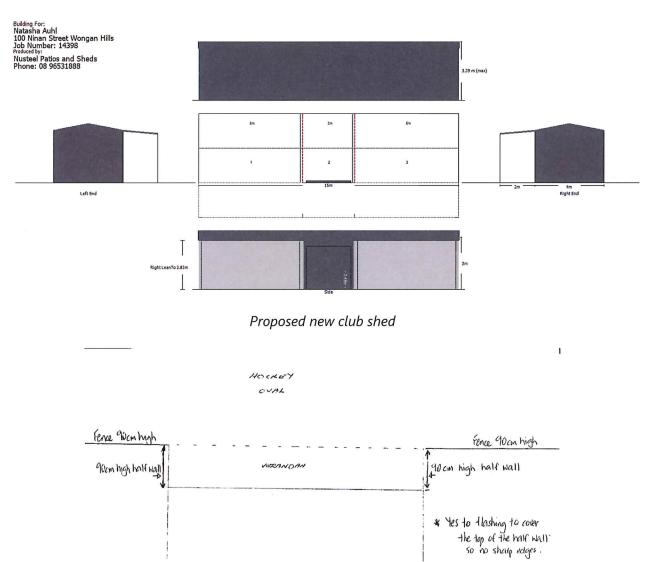

The Agreement requires any changes to the sports ground be presented to Council for Approval.

Existing club shed 18 August 2022

COMMENT:

We have received all the required information from the applicant who is seeking permission on behalf of the WBHC and DHC for the removal of the existing club shed and the erection of a new 4m (w) x 15m (l) x 3m (h) club shed.

CARPARK

A meeting was held with members of the WBHC, DHC and WHCC on Thursday 4th August 2022 to discuss the upcoming project.

WBHC and DHC have been actively applying for grants and sourcing funding for the project.

Information below has been provided by the Applicant.

Proposed Works

The new shed will be 4m (W) x 15m (L) x 3m (H) and sit central to the side of the field as per existing structure.

- Consisting of 3 bays: 6m bay (shelter), 3m bay (storage), 6m bay (shelter).
- The storage bay will have a manual roller door and enough room to fit equipment for both clubs.
- The 2 shelter bays on either side will make a great addition to our facility with room for both teams to have a "side" each, for gear and spectators.
- The shed will have a lean-to out the front, this will line up with the already existing fence line, it will have a half wall to stop balls and children escaping into the car park.
- Gutters and down pipes over whole shed, which will keep it away from both grassed areas and carpark, not just at front of shed.
- The shed will be colour matched with the new sports club and also have gutters to prevent more water getting onto the playing surface.
- We propose to try and keep the shed as user friendly as possible with no steps, making it easier for prams, wheelchair, and wheelie walker access.
- We propose to get electricity to the shed with at least one LED light for each bay. This will help with the darkness at trainings but to also be forward thinking in respect to one day being able to play evening games. Ideally have 2 power points on each side of the shed, for when we would like the occasional afternoon tea in the shed and not want to try and carry a boiling urn down. We understand that the co-location is just that, to be inclusive, but our after-game presentations fall at the same time as football afternoon tea and sometimes it is really just too hard to hear.
- Supply and lay concrete for shed new earth works ready for new pad included.
- Water run water up to the shed from down near bowls.
- Simple Water Tap with a timed push down button flow.

- Liquor Licence May only need once every year or two during Drifters Final. Will liaise with Wongan Hills Community Club.
- Electricity –run power to new shed using existing underground lighting conduit from main switchboard to nearest light tower, trench remaining 20 meters to shed location. Electrical fit out of new shed including distribution board, power and lighting.

What we would ask for from the Wongan Hills Community Club

- Support, which we feel we already have.
- Costings to go thru Wongan Hills Community Club for claiming GST
- Sinking fund still to be decided as this is still to be discussed between Shire, Wongan Hills Community Club and sporting clubs.

What we would ask for from the Shire, instead of asking for funds.

We were happy to take down the existing shed. At the meeting down at the oval (4/8/22) it was discussed that maybe we as clubs could not pull down the existing shed or dig trenches ourselves with regards to OHS reasons.

We would request in-kind from the Shire of Wongan-Ballidu was discussed at a meeting 10.8.2022

- Removal of old shed it was suggested that this just couldn't be done by anyone, needs correct OHS by Shire, as well as removal of old concrete pad.
- Fence amended to suit larger size of new shed and another gate put at the other end of the shed, so we have one either side.
- Trenching for power, water and water runoff (to the correct specifications).
- Soak wells or storm water piping (to drain away from car park) if that is what the Shire deems necessary. There was a bit of discussion with the fact that no more or less rain would be falling over the same area, we have gutters on the front of the proposed shed to keep water away from the grassed area.
- As this is going to be a Shire asset and covered under their insurance, we would think that the hockey clubs would continue to do what they have always done keeping it clean and tidy etc.

Clarification was sought with regard to the supply of materials for the in-kind request from the Shire of Wongan Ballidu.

The applicant is requesting that the Shire fund the materials for the fence, gate and the storm water drainage, as well as the Shire undertaking the trenching works and removal of existing shed concrete pad.

At the meeting held on the 4th August it was explained to the group that the removal of the shed could not be done without following the current Work Health and Safety (WHS) requirements. The group were unsure of how they would remove and dispose of the shed. They were advised that the Shire could help with the WHS requirements and to make contact closer to the time of removal.

It is unclear from the request if the applicant is wanting the Shire to remove the existing shed or only to provide the induction.

POLICY REQUIREMENTS:

There are no policy requirements in relation to the item.

LEGISLATIVE REQUIREMENTS:

There are no legislative requirements in relation to the item.

STRATEGIC IMPLICATIONS:

There are no known strategic implications associated with this item.

SUSTAINABILITY IMPLICATIONS:

> Environment

There are no known environmental implications associated with this item.

> Economic

There are no known economic implications associated with this proposal.

> Social

There are no known social implications associated with this proposal.

FINANCIAL IMPLICATIONS:

The applicant is requesting in-kind by the Shire to supply workforce labour, plant and materials. This will have a financial impact on the current budget, estimated costings are –

Trenching – power and water	\$4,500.00
Concrete pad removal and fence repair	\$3,500.00
Drainage from rear of new shed in carpark	\$4,000.00
Removal of existing shed (if required)	\$2,500.00

There will also be building Licence and levies costs associated with this project.

VOTING REQUIREMENTS:

ABSOLUTE MAJORITY REQUIRED: No

MOVED: Cr Anspach

- **SECONDED: Cr West**
- 1. Council APPROVE the new hockey club shed to replace the existing shed.
- 2. The Shire will PROVIDE induction on current Work Health and Safety requirements to enable the applicant's volunteers to remove the existing shed.
- 3. Council to APPROVE Shire outside workforce and plant to remove the existing concrete pad and shed, if required.
- 4. Council APPROVE Shire outside workforce and plant to assist with the trenching to enable contractors for the applicant to install electrical cable and water to the new shed.
- 5. Council APPROVE Shire outside workforce, plant and material costs for storm water management for the carpark area behind the new shed.
- 6. Council APPROVE Shire outside workforce, plant and materials for installation of new gate.
- 7. Council WAIVE any building fees payable by the hockey club.
- 8. Council AGREE to absorb the financial cost of any building fees payable for the erection of the shed.

RESOLUTION:13082022

9.4.4 WONGAN HILLS COMMUNITY CLUB INC – APPROVAL TO UPGRADE PAVILION BAR

FILE REFERENCE: A1221

REPORT DATE: 16 August 2022

APPLICANT/PROPONENT: Wongan Hills Community Club Inc

OFFICER DISCLOSURE OF INTEREST: Nil PREVIOUS MEETING REFERENCES: Nil

AUTHOR: Melissa Marcon – Manager of Regulatory Services

ATTACHMENTS: N

PURPOSE OF REPORT:

To seek Councils approval for the upgrade of the bar area in the function room at the Wongan Hills Sports Pavilion, 100 Ninan Street, Wongan Hills.

BACKGROUND:

The Shire entered into a Management Agreement with the Wongan Hills Sports and Recreation Council Inc in 2008.

In 2020 a \$4.5 million upgrade was completed at the Wongan Hills Sports Pavilion including the bar area, kitchen, function room and ablutions.

A new Management Agreement has not been finalised with the Wongan Hills Community Club Inc.

Existing bar area 18 August 2022

COMMENT:

The applicant is requesting approval from Council to upgrade the bar area in the function room at the Wongan Hills Sports Pavilion.

The Wongan Hills Sports Council has explained the current bar area is not secure and its functionality needs to be improved, especially with the bowls club soon joining. Extra security and storage is required.

The process would be to install shelving next to the cool room doors with lockable cupboards underneath them (see images below). The shelves would have a semi-clear roller door that would pull down to secure them. The shelves would also be backlit with LEDs. The whole back wall will be cladded to hide the white cool room panelling. The current cool room doors would have a strategically constructed security bar to keep them locked.

They are also looking to replace the bar top with timber and re-clad the front of the bar down to the kick plate with V board cladding.

Concept photos of the upgrade to the bar area (16/8/2022)

The approximate cost of this project is \$23,422.00 including GST.

Wongan Hills Community Club Inc. have not requested financial assistance from the Shire of Wongan Ballidu.

POLICY REQUIREMENTS:

There are no policy requirements in relation to the item.

LEGISLATIVE REQUIREMENTS:

There are no legislative requirements in relation to the item.

STRATEGIC IMPLICATIONS:

There are no known strategic implications associated with this item.

SUSTAINABILITY IMPLICATIONS:

> Environment

There are no known environmental implications associated with this item.

> Economic

There are no known economic implications associated with this proposal.

> Social

There are no known social implications associated with this proposal.

FINANCIAL IMPLICATIONS:

There are no financial implications to Council in relation to this item as all costs will be incurred by the applicant.

VOTING REQUIREMENTS:

ABSOLUTE MAJORITY REQUIRED: No

MOVED: Cr West

SECONDED: Cr Boekeman

That Council APPROVE the request to the upgrades of the bar area in the function room at the Wongan Hills Sports Pavilion subject to the condition below –

- 1. All works are to be completed by qualified contractors/tradespersons.
- 2. The Shire is to be advised of any change in the scope of works prior to the commencement of variation.
