Item 5. DEPUTATIONS / PRESENTATIONS / SUBMISSIONS / PETITIONS

Karen Earnshaw and Brendan Riley from INPEX provided a presentation to Council regarding their joint project: Wheatbelt Connect.

INPEX, alongside ANZ and Qantas, yesterday announced they have entered a memorandum of understanding (MoU) to progress the evaluation of a project which brings together carbon farming and renewable biofuels in the Wheatbelt region of Western Australia.

The project provides an opportunity to support reforestation and decarbonisation using drought-resilient native tree crops, integrated with existing farming systems.

Diagram - Land for Sale Shields Crescent Wongan Hills

PURPOSE OF REPORT:

To consider request received from Gary & Narelle McGill to purchase Lot 717 – 2 Shields Crescent, Wongan Hills or Lot 716 - 9 Shields Crescent Wongan Hills and to delegate authority to the CEO to negotiate with potential buyers in regard to the sale of Lot 716 and 706 Shields Crescent, Wongan Hills in accordance with Councils' parameters and Sections 5.42 and 5.43 of the *Local Government Act* 1995.

BACKGROUND:

Council has developed residential blocks at Shields Crescent to encourage residential development within the Wongan Hills town site. The Stage 1 developments are now complete.

COMMENT:

Council has previously received enquiries from potential purchasers and therefore decided to engage a Property Valuer to provide a valuation. The Valuations are based on the development costs of the Shields Crescent Subdivision and Valuations provided by a licenced Valuer in 2014 to comply with The Fair Value Requirements of the Act.

Lot 717 - 2 Shields Crescent has previously been reserved for future Shire housing. The valuation of this lot is \$42,000.00.

Lot 716 - 9 Shields Crescent is not suitable for multiple dwellings due to its smaller size and is not located on corner block.

The valuation for Lot 716 – 9 Shields Crescent is \$35,000.00.

POLICY REQUIREMENTS:

There are no known policy requirements in relation to this item.

LEGISLATIVE REQUIREMENTS:

5.42. DELEGATION OF SOME POWERS AND DUTIES TO CEO

 - * Absolute majority required.
- (2) A delegation under this section is to be in writing and may be general or as otherwise provided in the instrument of delegation.

[Section 5.42 amended by No. 1 of 1998 s. 13.]

5.43. LIMITS ON DELEGATIONS TO CEO'S

A local government cannot delegate to a CEO any of the following powers or duties: -

- (a) any power or duty that requires a decision of an absolute majority or a 75% majority of the local government;
- (b) accepting a tender which exceeds an amount determined by the local government for the purpose of this paragraph;
- (c) appointing an auditor;
- (d) acquiring or disposing of any property valued at an amount exceeding an amount determined by the local government for the purpose of this paragraph;
- (e) any of the local government's powers under section 5.98, 5.98A, 5.99, 5.99A or 5.100;
- (f) borrowing money on behalf of the local government;

9.2.3 Financial Health Check

PURPOSE OF REPORT:

The purpose of this report is to present to Council the Monthly Financial Report (containing the Statement of Financial Activity by Nature or Type) for the month ended 31 March 2023. The Capital Works report has been incorporated into this. A monthly financial health check has been appended to the report to give an overview of how the Shire is tracking against some key financial indicators.

BACKGROUND:

Under the *Local Government (Financial Management) Regulations 1996* ('FMR') the Council is to prepare financial reports outlining the financial operations at the previous month end date.

The State Government has recently amended regulation 34 of the *Local Government (Financial Management) Regulations 1996* to require the Statement of Financial Activity to be presented according to nature or type classification.

Listed below is a compilation of the reports that will meet compliance, these are listed under Sections and the relevant regulations below.

Statement of Financial Activity Report

Section 6.4 of the *Local Government Act 1995* regulation 34.1 of the FMR requires a local government to prepare each month a statement of financial activity reporting on the sources and application of funds, as set out in the annual budget containing the following detail:

- Annual budget estimates;
- Budget estimates to the end of the month to which the statement relates (known as YTD Budget);
- Actual amounts of expenditure, revenue and income to the end of the month to which the statement relates (known as YTD Actuals);
- Material variances between the comparatives of Budget v's Actuals; and
- The net current assets (NCA) at the end of the month to which the statement relates.

Regulation 34.2 - Each statement of financial activity must be accompanied by documents containing:

- An explanation of the composition of the net current assets of the month to which it relates, less committed assets and restricted assets; and
- An explanation of each of the material variances; and
- Such other supporting information as is considered relevant by the local government.

Regulation 34(3) - The information in a statement of financial activity must be shown according to nature or type classification.

Regulation 34(5) - Each financial year a local government is to adopt a percentage or value, calculation in accordance with AAS5, to be used in statements of financial activity for reporting material variances.

POLICY REQUIREMENTS:

Council Policy 4.1 – Accounting

LEGISLATIVE REQUIREMENTS:

- > Local Government Act 1995
- > Local Government (Financial Management) Regulations 1996

STRATEGIC IMPLICATIONS:

There are no Strategic Implications relating to this item.

SUSTAINABILITY IMPLICATIONS:

> Environment

There are no known environmental impacts associated with this proposal.

> Economic

There are no known economic impacts associated with this proposal.

> Social

There are no known social implications associated with this proposal.

FINANCIAL IMPLICATIONS:

Material variances are disclosed in the Statement of Financial Activity.

As part of the adopted 2022/23 Budget, Council adopted the following thresholds as levels of material variances for financial reporting.

In accordance with regulation 34 (5) of the Local Government (Financial Management) Regulations 1996, and AASB 1031 Materiality, the level to be used in statements of financial activity in 2022/23 for reporting material variances shall be:

- (a) 10% of the amended budget; or
- (b) \$10,000 of the amended budget.

whichever is greater. In addition, that the material variance limit be applied to total revenue and expenditure for each Nature and Type classification and capital income and expenditure in the Statement of Financial Activity.

The financial reports for the period ending 31 March 2023 are attached to the Council Agenda.

COMMENT:

This report presents the Statement of Financial Activity by nature or type for the period ended 31 March 2023.

Shire of Wongan-Ballidu Variance Report 31 March 2023

The Local Government (Financial Management) Regulations 1996 require that financial statements are presented monthly to council. Council has adopted 10% as its threshold for line items on the nature or type report shown on page 1. This report uses a traffic light system to flag those items that are within tolerance and others that fall out of the range. Variances are calculated using a comparison of year to date actual against year to date budget. It needs also to be noted that the early months of the financial year are a period when variance percentages are volatile and extremely sensitive to small movements in actual income and expense.

Financial health indicators

How are we tracking against our budgeted targets?

Adjusted Operating Surplus

A measure of the Shire's ability to cover its operational costs including depreciation and have funds left over to cover capital expenditure (including principal loan repayments) without relying on debt or reserves.

Adjusted operating surplus and self-sufficient ratios are high in the earlier part of the year due to rates being
fully billed in July. However, as the year progresses, operating expenditure will continue to draw on this
revenue source reducing to target by 30 June 2023.

Asset Sustainability Ratio

Measures if the Shire is replacing or renewing existing non-financial assets at the same rate that its overall asset stock is wearing out.

9.2.3 APPOINTMENTS TO BUSH FIRE ADVISORY COMMITTEE (BFAC)

- Prohibited Burning Period 15 November 2023 to 13 February 2024
- Restricted Burning Period 14 February 2024 to 31 March 2024

MOVED: Cr Tunstill

SECONDED:Cr Falconer

That Council ADOPTS en-bloc, the recommendations of the Committee for the following items: 9.2.3.1, 9.2.3.2, 9.2.3.3, 9.2.3.4, 9.2.3.5, 9.2.3.6, 9.2.3.7, 9.2.3.8, 9.2.3.9, 9.2.3.10. 9.2.3.11, 9.2.3.12 and 9.2.3.13.

CARRIED ENBLOC: 6/0 RESOLUTION:040423

9.2.4 WONGAN HILLS VFRS AND BALLIDU VFES FIRE CONTROL OFFICER NOMINATIONS DATES (BFAC)

FILE REFERENCE:

REPORT DATE: 19 April 2023

APPLICANT/PROPONENT:

OFFICER DISCLOSURE OF INTEREST: Nil

PREVIOUS MEETING REFERENCES: BFAC Meeting held 12 April 2023

AUTHOR: Sam Dolzadelli, Deputy Chief Executive Officer

ATTACHMENTS: Nil

PURPOSE OF REPORT:

To present to Council a motion that was moved at the April 2023 BFAC meeting that the Wongan Hills VFRS and Ballidu VFES brigade units' Fire Control Officer nominations should be presented to the September BFAC meeting each year and then ratified at the September Ordinary Council Meeting each year.

BACKGROUND:

The Bush Fire Brigades Local Law requires each Brigade to hold an Annual General Meeting prior to the first Bush Fire Advisory Committee Meeting each year. At the Annual General Meeting of a Bush Fire Brigade, up to two Brigade members are to be nominated to the Bush Fire Advisory Committee to serve as Fire Control Officer for the Brigade area until the next Annual General Meeting. Other positions within the Brigade area are to be filled for a one-year term.

The above that is contained in the Shire's Bush Fire Brigades Local Law only relates to the local government constituted brigades, and not the brigade units that are managed by Department of Fire and Emergency Services (DFES).

The Wongan Hills Volunteer Fire and Rescue Service (WH VFRS) are mandated to hold their AGM in June of each year. The Ballidu Volunteer Fire and Emergency Services unit (Ballidu VFES) hold their AGM in August each year. This means that there is currently a gap between the Fire Control Officer nominations from these AGMs and the April BFAC meeting and April Ordinary Council Meeting to ratify these appointments.

COMMENT:

There is a timing lag issue between the Wongan Hills VFRS and Ballidu VFES AGMs in which these units nominate their Fire Control Officers and the ratification of these appointments by Council. Given these nominations are occurring prior to the commencement of the fire season, but are not being endorsed by Council until after the fire season presents a risk to the Shire, given that Fire Control Officers have several powers under the *Bush Fire Act 1954* and *Bush Fire Regulations 1954*.

COMMITTEE RECOMMENDATION

That the Wongan Hills Volunteer Fire and Rescue Service and the Ballidu Volunteer Fire and Emergency Service Fire Control Officers nominations from the respective Annual General Meetings are presented to the September Bush Fire Advisory Committee Meeting each year and are presented to Council for endorsement at the September Ordinary Council Meeting each year.

MOVED: Cr West

SECONDED: Cr Boekeman

That Council ACCEPTS the Bush Fire Advisory Committee recommendation and endorses the Wongan Hills VFRS and Ballidu VFES Fire Control Officer nominations at the September Ordinary Council Meeting each year, subsequent to the September Bush Fire Advisory Committee meeting that year.

RESOLUTION:050423

9.2.5 BURNING PERMITS FIRE BEHAVIOUR INDEX THRESHOLD (BFAC)

FILE REFERENCE:

REPORT DATE: 19 April 2023

APPLICANT/PROPONENT:

OFFICER DISCLOSURE OF INTEREST: Nil

PREVIOUS MEETING REFERENCES: BFAC Meeting held 12 April 2023

AUTHOR: Sam Dolzadelli, Deputy Chief Executive Officer

ATTACHMENTS: Nil

PURPOSE OF REPORT:

To present to Council a motion that was moved at the April 2023 Bush Fire Advisory Committee (BFAC) meeting that the Shire sends formal correspondence to the Department of Fire and Emergency Services (DFES) and the Australian Fire Danger Rating System Review Committee (ADFRS) requesting them to amend the Fire Behaviour Index (FBI) range in the moderate and high category.

BACKGROUND:

As of 1 September 2022, the new Australian Fire Danger Rating System (AFDRS) was mandated. The new AFDRS brought Western Australia in-line with other States and Territories and the new AFDRS is simplified from the previous fire danger rating system. The new system has only four categories, and the previous Fire Danger Index (FDI) has been replaced by the Fire Behaviour Index (FBI). The four categories are as follows:

Category	FBI Range
Moderate	12-23
High	24-49
Extreme	50-99
Catastrophic	100+

During the restricted burning periods (13 October 2022 – 14 November 2022 and 14 February 2023 – 31 March 2023 for the 2022/23 FY), burning can only be carried out when a burning permit is issued by a Fire Control Officer to the applicant. However, a burning permit is not a free licence to burn at will, a number of conditions must still be met as identified on the burning permit. One of these conditions is that you cannot burn if the fire danger rating is high, extreme or catastrophic. This is legislated under *Bush Fires Regulations 1954* Regulation 15B(7).

COMMENT:

The transition to the new AFDRS and FBI calculations has led to a reduction in the number of opportunities in which burning during the restricted burning period can be carried out. A FBI of 24 is a very mild day and presents little to no fire danger.

The districts Fire Weather Officer can override this under section 38A(17) of the *Bush Fires Act 1954*, however, this is not the preferred option as it places additional pressure on this officer to make such decisions.

The alternative would require the Fire Danger Rating category ranges to be amended, so that the high-end of the moderate category is increased and the low-end of the high category is increased.

As the newly implemented AFDRS is under review, it presents an opportune time to make this request.

COMMITTEE RECOMMENDATION

That the Shire sends formal correspondence to the Department of Fire and Emergency Services and the Australian Fire Danger Rating System Review Committee requesting them to amend the fire danger ratings category ranges for the 'moderate' and 'high' category, so that the moderate category ranges from 12-29 and the high category ranges from 30-49.

MOVED: Cr West SECONDED: Cr Tunstill

That Council ACCEPTS the Bush Fire Advisory Committee recommendation and requests the Chief Executive Officer to write to the Department of Fire and Emergency Services and the Australian Fire Danger Rating System Review Committee to request the change in the fire danger rating categories of 'moderate', to be changed to a FBI range of 12-29 and 'high', to be changed to a FBI of 30-49.

9.2.6 HARVEST AND VEHICLE MOVEMENT BAN – FIRE BEHAVIOUR INDEX THRESHOLD (BFAC)

FILE REFERENCE:

REPORT DATE: 19 April 2023

APPLICANT/PROPONENT:

OFFICER DISCLOSURE OF INTEREST: Nil

PREVIOUS MEETING REFERENCES: BFAC Meeting held 12 April 2023

AUTHOR: Sam Dolzadelli, Deputy Chief Executive Officer

ATTACHMENTS: Nil

PURPOSE OF REPORT:

To present to Council a motion that was moved at the April 2023 Bush Fire Advisory Committee (BFAC) meeting that the Shire amends the Fire Behaviour Index (FBI) threshold for the Chief Fire Weather Officer/Chief Bush Fire Control Officer to impose a Harvest and Vehicle Movement Ban (HVMB) on non-Total Fire Ban (TFB) days.

BACKGROUND:

There are two types of HVMBs that are issued under the *Bush Fire Act 1954* and *Bush Fire Regulations 1954*.

Under the *Bush Fire Regulations 1954* Regulation 24C states that a HVMB must be declared if there is a Total Fire Ban declared and the FBI is 40 or greater. Currently, the 40 FBI threshold is legislated and is not at the local government's discretion.

Under the *Bush Fire Regulations 1954* Regulation 38A states that a HVMB can be declared if it is of the Bush Fire Control Officers opinion that the use of any engines, vehicles, plant or machinery during the prohibited or restricted burning periods is like to cause a bush fire, or would be conducive to the spread of a bush fire.

COMMENT:

Currently the FBI threshold for the Chief Bush Fire Control Officer to declare a HVMB under Regulation 38A of the *Bush Fire Regulations 1954* is set at 42 for the Shire of Wongan-Ballidu, however, there is discretion in this threshold.

The Shire implemented three new weather stations (in addition to one already installed) in the district at the commencement of the 2022/23 fire season. This allowed for the weather reading data to be collated for the fire season.

The Bush Fire Advisory Committee is of the view that the old Fire Danger Index (FDI) has not been accurately re-calculated to the new Fire Behaviour Index (FBI), and as such the FBI of 42 that is set for HVMBs is too low.

COMMITTEE RECOMMENDATION

That the Fire Behaviour Index threshold for Regulation 38A Harvest and Vehicle Movement Bans be increased from 42 to 45.

MOVED: Cr West

SECONDED: Cr Tunstill

That Council ACCEPTS the Bush Fire Advisory Committee recommendation and endorses a Fire Behaviour Index threshold of 45 to be applied for all *Bush Fire Regulations 1954* Regulation 38A Harvest and Vehicle Movement Bans in the Shire district.

9.2.7 WATER TANKER REQUEST FOR CADOUX/MANMANNING BRIGADE (BFAC)

FILE REFERENCE:

REPORT DATE: 19 April 2023

APPLICANT/PROPONENT:

OFFICER DISCLOSURE OF INTEREST: Nil

PREVIOUS MEETING REFERENCES: BFAC Meeting held 12 April 2023

AUTHOR: Sam Dolzadelli, Deputy Chief Executive Officer

ATTACHMENTS: Nil

PURPOSE OF REPORT:

To present to Council a motion that was moved at the April 2023 Bush Fire Advisory Committee (BFAC) meeting that Council considers retaining the current water tanker to be able to be allocated to the Cadoux/Manmanning Bush Fire Brigade during the high-threat period.

BACKGROUND:

The Shire currently owns one water tanker, which is due for replacement in the 2022/23 budget year. The Cadoux/Manmanning Bush Fire Brigade moved a motion at the Brigade's AGM in March 2023 that the Shire's water tanker be stationed in Cadoux, to be towed by brigade member's prime movers. This motion was put forth after lengthy discussion regarding the lack of available and accessible water throughout a large portion of the Shire to the east. In addition to this, concerns were raised over the time it takes at the current supply spots to fill firefighting units.

COMMENT:

The Shire's current water tanker is due for replacement as part of the Shire's Plant Replacement Program in the 2022/23 budget year. The Shire has budgeted capital proceeds from the disposal of the current water tanker of \$55,000 and the new water tanker is budgeted to cost \$160,000.

In consultation with the Shire's Acting Manager Works and Chief Executive Officer, it has been discussed that the Shire has the workload capacity through the current and future road projects to utilise two water tankers.

The current water tanker has no mechanical issues and would be fit for purpose to be used by the Cadoux Bush Fire Brigade during the high-threat period.

The decision to keep the current water tanker would have both short-term and long-term financial implications on the Shire's financial position. In the short-term, the budgeted net changeover for the new water tanker is \$105,000, however the budgeted capital proceeds on disposal of the current water tanker (\$55,000) would be forgone if the decision was made to keep this water tanker. The long-term financial impact is that the Plant Replacement Program will need to be amended when the current water tanker reaches the end of its useful working life and there is the added maintenance costs as this tanker gets older.

COMMITTEE RECOMMENDATION

That Council consider retaining the current Shire water tanker in addition to acquiring a new water tanker, with the current water tanker to then be stationed at Cadoux during the high-threat period and to be towed by brigade members prime movers.

MOVED: Cr Tunstill

SECONDED: Cr Falconer

That Council ACCEPTS the Bush Fire Advisory Committee recommendation and during the 2023/24 budget deliberations, considers retaining the current water tanker so that it can be stationed at Cadoux during the high-threat period each year.

9.4.1 WONGAN HILLS SPORT AND RECREATION CLUB INC, OUTDOOR BLINDS INSTALLATION REQUEST

FILE REFERENCE: A1221

REPORT DATE: 13 April 2023

APPLICANT/PROPONENT: Wongan Hills Sport and Recreation Club Inc

PURPOSE OF REPORT:

To seek Councils permission to approve the installation of outdoor blinds along the western side of the outdoor function area at the Wongan Hills Sports Pavilion, 100 Ninan Street, Wongan Hills.

BACKGROUND:

The Shire entered into a Management Agreement with the Wongan Hills Sports and Recreation Council Inc in 2008.

In 2020 upgrades were completed at the Wongan Hills Sports Pavilion.

COMMENT:

The applicant is requesting permission from Council to install outdoor blinds on the western side of the outdoor function area at the Wongan Hills Sports Pavilion.

An email received from Carolyn Robinson, Wongan Hills Sports Council received on 31st March 2023 is referenced below –

'For some time we have had discussions with the Tennis club and other people whilst there has been functions in the outdoor patio area regarding the sun in the late afternoon evening. During the summer the area is only partially useable as the sun goes down. We would like to install Ezi track outdoor blinds along the west side of the pergola area to help with the sun and wind. This will make it a lot more pleasant during summer for tennis, bowls and any other functions.

Attached is a photo of the area we wish to install the 3 blinds and a quote for the blinds. We plan that these blinds will only be down whilst the area is in use as required. The Sports Council will fully fund the project.'

We requested further information on the colour and style of the blinds and an email from Carolyn Robinson, Wongan Hills Sports Council received 14th April 2023 is referenced below –

'I have attached a brochure of the Ziptrack Blinds.

We are planning to the manual option so we don't have worry about trying to get power to them and so we don't have to worry about motors. Given they will be manual we will have a pull stick which will be kept either in the bar or away from the general public. Our intention is that they will be up at all times unless required to cut the sun and wind. When Jen is down cleaning we will have her check to make sure they are up and all clubs will be told they are to up once they have finished. Our main aim is really to cut the afternoon sun.

The fabric will be visiontex which most shades are, not clear pvc. We will be going with the same colour as the existing poles which of the top of my head is either titan grey, graphite or monument'

When blinds are in the down position it will block one of the stairway access points to the function area and the direct access for the ramp, as shown below in red.

This is the only ramp access from the newly installed lawn area, tennis court and bowling green to the outdoor function area. The Shire has an obligation to provide inclusive access to all users of the facility. This includes people with wheelchairs, walking frames, gophers and parents with prams.

The cost of this project is approximately \$10,154.00 excluding GST. Wongan Hills Sports Council have not requested financial consideration from the Shire of Wongan Ballidu.

Social

The installation of the outdoor blinds will give greater use of the outdoor function area.

FINANCIAL IMPLICATIONS:

There are no financial implications to Council in relation to the installation of this item as all costs will be incurred by the applicant.

VOTING REQUIREMENTS:

ABSOLUTE MAJORITY REQUIRED: No

MOVED: Cr Falconer SECONDED: Cr Boekeman

That Council **APPROVE** the request to install outdoor blinds on the western side of the outdoor function area subject to following conditions:

- 1. The colour of the tracks to be installed is Monument.
- 2. Wongan Hills Sports and Recreation Council are responsible for the cleaning and maintenance of the outdoor blinds on the western side of the outdoor function area.
- 3. Installation shall provide clear access to and from the ramp from the outdoor function area at all times.
- 4. The applicant shall be advised that all works associated with this process be done with the prior approval of the Manager of Regulatory Services.

2

Select the skin type

*Sunscreen Mesh - Privacy and Protection

Provides a high degree of privacy, reduces sun glare, and allows airflow. For year-round protection from the harsh weather - with up to 99% UV and 96% wind block.

*Clear PVC - Uninterrupted Views

Allows for maximum views and rain protection. Keeps the warmth in during winter while blocking up to 93% UV.

3

Select the hardware colour

Ziptrak* aluminium componentry is readily available in six colours or can be powder-coated to any conceivable colour to match the décor of your existing outdoor area.

t The recommended maximum dimensions for Ziptrak *blinds are 6000mm wide by 3500mm high when using Sunscreen Mesh, or 5500mm wide by 3500mm high when using clear PVC • Sunscreen Mesh and PVC products are complementary to the Ziptrak system but are not manufactured or sold by Ziptrak Pty Ltd. Please speak with your retailer about the range, warranty and technical specification of these products. We recommend making your selection after viewing actual product samples in your outdoor area. Varying light conditions and printing processes can affect colour tones represented in this catalogue.

Effortless smooth operation

Ziptrak® Spring-Balanced technology permits effortless smooth operation. Simply push the blind up or pull the blind down and your Ziptrak® blind will stay where you leave it. You can also lock your blind into place by pushing down into the lowest position and engaging the Ziptrak® Centre-Lock-Release mechanism. To unlock, lift the handle to activate the release latches and lift.

Optional motorisation is also available – with remote control instead of manual operation, useful for multiple blind applications or installations in hard to reach locations like outside of windows or heights.

Designed for all the family

The Ziptrak® patented Track-Guided Blind System with its unique spline binding creates a gapless barrier on all sides of each blind – keeping out dust, wind, rain and insects. Our design also presents a safe environment for children and pets with no cords, crank handles, zips or external wiring.

Spring-Balanced Technology

Enjoy your privacy without compromising the view

Enjoy a sense of privacy while preserving your external views with the use of modern Sunscreen Mesh fabrics. Or for uninterrupted views and maximum rain protection choose clear PVC with your Ziptrak blind system.

Choose from the Pelmet or Bracket options

Streamline Pelmet with Insect Control System

Provides exceptional protection from the elements, ensuring your blinds look great and operate flawlessly for years.

Traditional Pelmet

Conceals and protects the blind when retracted.

Cast Bracket with Back Flashing

Hides the blind from view on one side only.

Cast Bracket

Holds the blind in place but leaves it unprotected from the elements.

Choose from the Bottom Bar Weather Protection options

Provides superior weather protection while closing gaps effectively.

Large Weather Strip (30 mm)

Blocks weather and other debris when large gaps are present.

Custom-Made Skirt

For acutely sloping surfaces your retailer can offer a custom-made skirt.

No weather protection

Basic Bottom Bumper

Prevents surface damage but does not provide weather protection.

Choose either manual (Spring-Balanced) or motorised operation

Centre-Lock-Release Mechanism (exclusive for manual operation)

Front Handle

Lock your blind in place when fully down (closed).

Reverse Handle

Add an extra handle to unlock the blind from the other side.

Pull Stick

Request a pull stick to avoid reaching up high or bending low to operate your outdoor blind.

Motorisation

Ask your local Retailer for details about convenient motorisation and SolarSmart™ options, only available with Sunscreen Mesh.

UVR Protection. The amount of UV Radiation that is transmitted through a fabric. Mesh fabrics can block up to 99% of UV Hadiation depending on individual technical specifications. This is important when considering protection of outdoor flooring, furnishing fabrics and furniture against fading. Privacy: The openness or proportion of holes in woven fabrics affects the degree of visibility. Dark colours may provide outgoing visibility with daytime privacy whereas light colours offer greater heat protection efficiency but with lower privacy. Wind Protection: The amount of wind that can pass through the blind when completely closed. The amount of wind thoreoff by the system will vary depending on the type of fabric and blind configuration selected. I Testing performed by the University of Adelaide showed that the Ziptrak Blind System of 2.5m by 2.5m can resist a wind loading up to 82.4km/hr when installed with atuminum rivers and up to 133km/hr when installed with atuminum rivers and up to 133km/hr when installed with stranfess steel rivers. Installation is crucial to determining the performance of a blind in windy conditions. For commercial applications, and in areas prone to high winds, we recommend a greater number of fixings to the mounting structure. It is recommended that staniless steel rivers be utilised between the track and channel. 2 Sunscreen Mesh and PVC products are complimentary to the Ziptrak'system but are not sold or manufactured by Ziptrak Pty Ltd. Technical specifications can differ between products. Please speak with your retailer about the range, warranty, and specifications of these products. We recommend making final selections after viewing actual samples. • Pressure on Siniscreen Mesh fabrics due to wind and rain conditions can increase water penetration through these fabrics.
