FMR 17 Audit Report - Item 6.2 Council Policies

1.3 Office Hours

1.4 Reparation of Damage to Council Assets

5.21 – Use of Council Vehicles

7.1 Council Housing – Water Allocation 10.19 – Safety Obligations of Contractors

PURPOSE OF REPORT:

The purpose of this report is to present sufficient information to Council to enable numerous Council policies to be repealed from the Council Policy Manual.

BACKGROUND:

The Shire of Wongan-Ballidu engaged Moore Australia to undertake a review service with a dual purpose, firstly to provide the basis for a report by the CEO to the Audit Committee on the appropriateness and effectiveness of the Shire's risk management, internal controls and legislative compliance systems and procedures as require by the Local Government (Audit) Regulations 1996 Regulation 17.

Secondly, a review of financial management systems to assess the appropriateness and effectiveness of these systems and procedures, as required by Local Government (Financial Management) Regulations 1996 Regulation 5(2)(c).

The results of the risk management, legislative compliance and internal controls review were reported to the CEO in September 2022.

The Audit Committee resolved to recommend to Council to adopt the Review of Financial Management, Risk Management, Legislative Compliance and Internal Controls Report, to be presented to Council at an Ordinary Council Meeting.

Council received the Financial Management, Risk Management, Legislative Compliance and Internal Controls Report at Ordinary Council Meeting held on 22 March 2023. Resolution 060323 which included 6.2.1 General Policy Actions as outlined below.

Moore Australia identified and associated suggested improvements at item 6.21 of the report as follows: -

6.0 Framework Design

6.2 Council Policies

Whilst the operations of the Shire are the responsibility of the CEO, the Council is responsible for setting the framework for operations via adopted Council policies. These policies represent an overarching framework relevant to risk management, internal controls, legislative compliance and financial management and have been reviewed for appropriateness and effectiveness.

In general, Council policies are well formulated and provide clear guidance regarding Council's position on certain matters. A list of policies reviewed is provided in Appendix B - Council Policies Examined. The table below details matters identified and associated suggested improvements.

	Policy	Purpose / Goal	Matters Identified / Improvements
6.21	General Policy Actions		We noted some council policies which may be, or have elements which may be operational in nature. Council policies are not necessarily intended to provide direction on how different operational functions are to be executed as these are the responsibility of the CEO. Some policies where this may occur includes: 1.3 Office hours 1.4 Reparation of damage to council assets 4.9 Rate Collection 5.9 Elected Members / Staff Conferences 5.15 Obtaining Legal Advice 5.21 Use of Council Vehicle 7.1 Council Housing - Water Allocation 10.19 Safety Obligations of Contractors Policies are not necessarily intended to provide direction on how different functions are to be executed, except where legislation requires it.
			Improvement: Review and update this policy to consider the appropriate separation of the roles of the council and the CEO. Consider
			review and update of policies to articulate the strategic direction of Council, particularly where legislation does not provide such direction.

COMMENT:

The functions of the Chief Executive Officer (CEO) are legislated under section 5.41 of the *Local Government Act 1995*. As per s5.41(d), one of the functions of the CEO is to manage the day-to-day operations of the local government.

Council policies are designed to provide direction on how different functions of the local government are to be executed when legislation requires. Functions that are operational in nature are to be at the direction of the CEO and thus do not require to be adopted by Council as a Council Policy.

It was identified in Moore Australia's review that the Shire had a number of Council policies which were operational in nature and should be operational policies deployed by the CEO for the administration of the local government and not as a Council policy.

On review of Moore Australia's suggested improvements, it was determined that the following Council Policies are operational in nature and thus should be repealed from the Council Policy Manual.

Policy	Comment
1.3 – Office Hours	The opening and closing hours of the administration offices is an operational decision at the discretion of the CEO, as it is the CEO who is responsible for providing employees of the local government with safe and healthy working conditions, as well as determining employees hours of work.
1.4 – Reparation of Damage to Council Assets	Operational as the local government has the legal capacity of a natural person and legal proceedings may be taken by or against the local government. The CEO can enter into legal proceedings on behalf of the local government.
5.21 – Use of Council Vehicles	The nature of this Policy is operational as it specifies guidelines around the usage of vehicles by employees which is a CEO function. Most of this is included in employment contracts and conditions of employment, which again is at the discretion of the CEO. It is recommended to repeal this Policy and at a future date adopt a new 'Fleet Management' Policy.
7.1 – Council Housing – Water Allocation	Operational as this is something negotiated with employment contracts which falls under the function of the CEO.
10.19 – Safety Obligations of Contractors	Operational as contractors are contracted to work for the local government and this is inherently a duty of the CEO and on-delegated to executive management to ensure all WorkSafe practices and WHS conditions are met.

5.21 Use of Council Vehicles

Policy Owner: Administration and Financial Services

Person Responsible: Chief Executive Officer

Date of Adoption: 8 March 2005

Adoption Resolution:
Date of Last Review:

OBJECTIVE

The objective of this policy to provide clear guidelines with respect to use of vehicles by Elected Members and Council staff.

POLICY

Designated Driver

The designated driver of a specific vehicle shall be an employee of the Council who has:

- > Been assigned the vehicle as part of their Council duties and/or conditions of employment
- > Holds an appropriate licence
- > Has private use of the vehicle in accordance with their conditions of employment
- > Is responsible for the care and management of the vehicle.

Authorised Driver

The following persons holding an appropriate driving licence shall be Authorised Drivers of any Council vehicle available:

- > Any Elected Member on Council business acting with the prior knowledge of the CEO and the designated driver;
- > Any person, provided an authorised designated driver is physically present in the vehicle;
- > Any person authorised by the Chief Executive Officer or a designated senior officer;
- > Any employee of the Council not being a Designated Driver who is authorised by the Designated Driver;
- > Outside of normal working hours by the spouse or partner of a Designated Driver who has Private Use of a vehicle provided for in their employment contract.

General Conditions

- 1. Designated Drivers and Authorised Drivers must comply with the following conditions with respect to the vehicle in their care.
- 2. Vehicles are to be brought onto the job every working day (except those days an officer concerned is on paid leave as agreed), and used for all normal working hours and on occasions may be required outside working hours subject to direction of the Chief Executive

- Officer and/or designated senior officer.
- 3. All employees to whom vehicles are allocated are responsible for their care, including exterior and interior cleaning.
- 4. No modifications are to be made to the vehicle without the approval of the Chief Executive Officer.
- 5. The vehicle will not be used to compete in automotive competitions, ie: motor races.
- 6. Organise servicing when required.
- 7. Report all accidents immediately.
- 8. A Designated Driver or Authorised Driver convicted of drunk or dangerous driving in association with an accident involving a Council vehicle must pay the cost of associated repairs in the event that Council's insurers disclaim responsibility.
- 9. No employee shall drive a vehicle whilst under the influence of drugs, whether they are prescribed drugs or illicit drugs, or alcohol.

Private Use

A vehicle made available for private use shall be subject to the following condition;

> Conditions contained within individual officer's employment contract take precedence over this policy.

Reimbursement

Where vehicles are used privately outside the Officer's conditions of employment, approval is required from the Chief Executive Officer. The Chief Executive Officer may request a financial contribution from the employee to cover the cost associated with fuel.

Officer's using a vehicle within the terms of their contract of employment are required to produce receipts.

RESPONSIBILITY FOR IMPLEMENTATION

The Chief Executive Officer is responsible for implementing this policy.

7.1 Council Housing – Water Allocation

Policy Owner:

Health, Building and Planning

Person Responsible:

Deputy Chief Executive Officer

Date of Adoption:

8 March 2005

Adoption Resolution:

Date of Last Review:

22 June 2022 - Resolution 060622

OBJECTIVE

To assist staff to maintain gardens at Council owned houses.

POLICY

Council will meet the cost of water consumption to a maximum of 400kl per annum at houses that are occupied by Council staff that are provided with housing as part of their conditions of employment.

In addition to this policy, an allowance will be made for Council properties that have new gardens put in. The Chief Executive Officer in consultation with Council's horticulturist will determine the appropriate amount of water that Council will pay for in order to establish the garden.

RESPONSIBILITY FOR IMPLEMENTATION

The Deputy Chief Executive Officer is responsible for implementing this policy.

10.19 Safety Obligations of Contractors

Policy Owner: Person Responsible:

Date of Adoption:
Adoption Resolution:

Date of Last Review:

Works Committee
Chief Executive Officer

21 June 2012 080612

OBJECTIVE

To ensure that all contractors doing work on behalf of the Council accept that compliance with safety obligations is an essential element within the terms of their contract with the Shire of Wongan-Ballidu (the Shire).

POLICY

Procedures in the Engagement of Contractors

Council Officers or those persons who are charged with the responsibilities of awarding contracts shall ensure that the successful contractor holds a Workers' Compensation Certificate of Currency and adequate Public Liability Insurance & Professional Indemnity

Where appropriate, the Contractor and/or employee(s) shall:

- Hold relevant qualifications (eg: engineer);
- 2. Hold appropriate license (eg: plumber, electrician);
- 3. Hold a certificate of competency (eg: crane driver, scaffolder);
- 4. Be registered (eg: builder)
- 5. Hold relevant certificates (eg: mine workers health certificate)

The appointed officer shall ensure that the contractor and all persons involved have been made fully aware of procedures, hazards and other relevant information necessary to ensure the safe working of such contractors. An appointed representative of the Contractor must attend a Shire Contractor Safety Information Session.

The workplace is to be inspected by the contractor and employees involved before the commencement of any works to identify potential work hazards.

All contractors and/or their employees must report in the first instance, to the designated Council Officer who will provide instruction and clearance to undertake the work. Contractors and/or their employees must ensure that their presence at the worksite is acknowledged and noted. This is essential, for instance, in the event of an emergency evacuation.

The contractor is required to comply with all relevant statutory requirements, Codes of Practice, Australian Standards and safety requirements of the Shire.

Copies of extracts from relevant policies will be made available from the Contract Supervisor. The Contractor is to acknowledge that he has read, understood and will comply with the minimum

requirements outlined.

The contactor shall have standard procedures for the tasks undertaken.

The contractor shall ensure that all plant, equipment and machinery is of suitable type and capacity to complete the tasks required. It shall also be maintained in good order and condition and be used according to manufacturer's specifications such that persons are not exposed to hazards.

If work permits are required, for example where confined space entry or hot work procedures are in place, they must be adhered to.

The contractor shall ensure that work has a minimal negative impact on the environment and complies with the relevant legislation regarding environmental protection.

Contractor documentation must include clauses to enforce the Shire safety requirements.

The contractor and his employees must be under the control of a person appointed by the Manager of the contracting company to ensure compliance with the safety requirements applicable.

Nothing in the preceding clause shall restrict the Council or its representative from stopping dangerous work or practices and requiring the contractor to take remedial action to comply with safety requirements.

The contracting company shall provide employees and supervisors who are competent and adequately trained to complete the job. (Documentation to demonstrate this may be required).

The contractor shall ensure appropriate supervision of employees.

The contractor shall ensure an adequate standard of housekeeping to keep the area free from hazards.

The contractor must ensure that their activities will not endanger the Shire's employees, ratepayers or members of the general public. Work in progress must be left in a safe manner at the end of the shift and for the duration of non-attendance.

The relevant Manager when selecting a contractor will ensure that all occupational safety and health criteria are met by the contractor.

Contract(s) shall be written in such a manner as to permit termination of the contract(s) for contractor's failure to comply with safety requirements.

Contractor's management and supervisors are to be advised that failure to correct unsatisfactory conditions may lead to work stoppage or termination of the contract. If consistent contractual deficiencies exist, consideration shall be given to termination of the contract.

RESPONSIBILITY FOR IMPLEMENTATION

The Chief Executive Officer is responsible for implementation of this policy.

PURPOSE OF REPORT:

The purpose of this report is to present to Council the Shire's Customer Service Charter as reviewed and updated for endorsement. The updated Customer Service Charter is presented in attachment 1 of this agenda item.

BACKGROUND:

The Shire's current Customer Service Charter is outdated, and this led to a review being undertaken. The draft updated Customer Service Charter was provided to Council at the Informal Council Meeting on 23 August 2023 and Council approved the draft version to be put forward at the September Ordinary Council Meeting for formal endorsement.

COMMENT:

The Shire of Wongan-Ballidu strives to deliver standards of customer service at the highest level, and this is reflected in our Strategic Community Plan and our Organisational Values. The Customer Service Charter outlines how the Shire administration will deliver on its commitments to the provision of high-quality customer service and how this performance can be measured.

The Customer Service Charter includes the Shire's commitment to all customers, customer service standards for the various methods of contact with customers, customer confidentiality and privacy, freedom of information and how customer feedback can be provided to help the Shire improve on any of its customer service processes.

As the Shire has recently implemented a new Customer Request Management System (CRMS), the new Customer Service Charter will outline key measures in which the Shire's customer service delivery can be assessed against and the new system will allow this to be measured and reported on. It increases accountability for the quality-assurance of the customer service function at the Shire.

9.2.3 Financial Health Check

PURPOSE OF REPORT:

The purpose of this report is to present to Council the Monthly Financial Report (containing the Statement of Financial Activity by Nature) for the month ended 31 August 2023. The Capital Works report has been incorporated into this. A monthly financial health check has been appended to the report to give an overview of how the Shire is tracking against some key financial indicators.

BACKGROUND:

Under section 6.4(1) of the *Local Government Act 1995*, a local government is required to prepare an annual financial report for the proceeding financial year and such other financial reports as are prescribed. Part 4 of the *Local Government (Financial Management) Regulations 1996* prescribes the minimum contents of the Monthly Financial Report.

Below is the prescribed contents of the Monthly Financial Report.

Regulation 34 - Statement of Financial Activity

- (1) A local government is to prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget under regulation 22(1)(d), for the previous month (relevant month) in the following detail:
 - (a) annual budget estimates; and
 - (b) budget estimates to the end of the relevant month (YTD Budget); and
 - (c) actual amounts of expenditure, revenue and income to the end of the relevant month (YTD Actual); and
 - (d) material variances between the comparable amounts (YTD Actual YTD Budget); and
 - (e) the net current assets at the end of the relevant month and a note containing a summary explaining the composition of net current assets.
- (2) Each statement of financial activity is to be accompanied by documents containing
 - (a) (removed)
 - (b) an explanation of each of the material variances referred to in sub regulation (1)(d); and
 - (c) such other supporting information as is considered relevant by the local government.

- (3) The information in a statement of financial activity must be shown according to nature classification.
- (4) A statement of financial activity, and the accompanying documents referred to in sub regulation (2), are to be
 - (a) Presented at an ordinary meeting of the council within 2 months after the end of the relevant month; and
 - (b) Recorded in the minutes of the meeting at which it is presented.
- (5) Each financial year, a local government is to adopt a percentage or value, calculated in accordance with the AAS, to be used in statements of financial activity for reporting material variances.

Regulation 35 - Statement of Financial Position

- (1) A local government must prepare each month a statement of financial position showing the financial position of the local government as at the last day of the previous month (the **previous month**) and
 - (a) The financial position of the local government as at the last day of the previous financial year; or
 - (b) If the previous month is June, the financial position of the local government as at the last day of the financial year before the previous financial year.
- (2) A statement of financial position must be
 - (a) Presented at an ordinary meeting of the council within 2 months after the end of the previous month; and
 - (b) Recorded in the minutes of the meeting at which it is presented.

POLICY REQUIREMENTS:

Council Policy 4.1 – Accounting

LEGISLATIVE REQUIREMENTS:

- > Local Government Act 1995
- Local Government (Financial Management) Regulations 1996

STRATEGIC IMPLICATIONS:

There are no Strategic Implications relating to this item.

SUSTAINABILITY IMPLICATIONS:

> Environment

There are no known environmental impacts associated with this proposal.

> Economic

There are no known economic impacts associated with this proposal.

> Social

There are no known social implications associated with this proposal.

FINANCIAL IMPLICATIONS:

Material variances are disclosed in the Statement of Financial Activity.

As part of the adopted 2023/24 Budget, Council adopted the following thresholds as levels of material variances for financial reporting.

In accordance with regulation 34 (5) of the Local Government (Financial Management) Regulations 1996, and AASB 1031 Materiality, the level to be used in statements of financial activity in 2023/24 for reporting material variances shall be:

- (a) 10% of the amended budget; or
- (b) \$10,000 of the amended budget.

whichever is greater. In addition, that the material variance limit be applied to total revenue and expenditure for each nature classification and capital income and expenditure in the Statement of Financial Activity.

The financial reports for the period ending 31 August 2023 are attached to the Council Agenda.

COMMENT:

This report presents the Statement of Financial Activity by nature or type for the period ended 31 August 2023.

The following is a summary of the headline numbers from the attached report, and explanations for variances is provided in note 1 of the report.

	Original Budget	YTD Budget	YTD Actuals – August 2023

Rates

Rates notices were issued with an effective issuance date of 07 August 2023. As at 31 August 2023, the Shire had receipted \$876,717 in rates, ESL and rubbish charges. Due date for payment in full, or

first instalment is 11 September 2023. As at 31 August 2023, the gross amount of rates, ESL and rubbish charges (including arrears, legal charges and interest) is **\$2,637,044** and of this amount \$37,346 is made up of deferred pensioner rates. Total outstanding equates to 75.20% of the brought forward arrears and current year billing.

Capital Works

As at 31 August 2023 the Shire has incurred \$273,296 in actual expenditure on capital works projects against a current budget of \$8,920,501 representing 3.1% of the budgeted works.

Depreciation

Depreciation for the 2023/24 financial year has not yet been processed as the Shire is awaiting the final audit of the Annual Financial Report to be undertaken. As depreciation is a non-cash item, it does not impact the Shire's surplus position.

Other

Attention is drawn to the actual opening surplus figure for 1 July 2023 of \$2,744,736 against the budgeted opening surplus of \$2,713,397. This is an increase in the budgeted opening surplus of \$31,339. Whilst management is confident in the accuracy of the actual opening surplus, this is still to be audited and as such no additional brought forward surplus will be allocated until the budget review.

Shire of Wongan-Ballidu Variance Report 31 August 2023

The Local Government (Financial Management) Regulations 1996 require that financial statements are presented monthly to council. Council has adopted 10% as its threshold for line items on the Statement of Financial Activity by nature shown on page 1. This report uses a traffic light system to flag those items that are within tolerance and others that fall out of the range. Variances are calculated using a comparison of year to date actual against year to date budget. It needs also to be noted that the early months of the financial year are a period when variance percentages are volatile and extremely sensitive to small movements in actual income and expenditure.

Financial health indicators

How are we tracking against our budgeted targets?

Adjusted Operating Surplus

A measure of the Shire's ability to cover its operational costs including depreciation and have funds left over to cover capital expenditure (including principal loan repayments) without relying on debt or reserves.

Adjusted operating surplus and self-sufficient ratios are high in the earlier part of the year due to rates being
fully billed in August. However, as the year progresses, operating expenditure will continue to draw on this
revenue source reducing to target by 30 June 2024.

Asset Sustainability Ratio

Measures if the Shire is replacing or renewing existing non-financial assets at the same rate that its overall asset stock is wearing out.

· Cannot be calculated until depreciation is processed, which will not occur until December/January once the final audit is completed

9.2.3 APPOINTMENTS TO BUSH FIRE ADVISORY COMMITTEE (BFAC)

FILE REFERENCE:

REPORT DATE: 15 September 2023

APPLICANT/PROPONENT:

OFFICER DISCLOSURE OF INTEREST Nil

PREVIOUS MEETING REFERENCES: BFAC Meeting held 13 September 2023

AUTHOR: Sam Dolzadelli, Acting Chief Executive Officer

ATTACHMENTS: 9.2.3-1 Minutes of BFAC meeting held 13 September

2023 (Unconfirmed)

PURPOSE OF REPORT:

That the recommendations of the Bushfire Advisory Committee of appointments to the Committee for a one-year term, commencing on 30 September 2023 until 25 September 2024 be received.

BACKGROUND:

The Bush Fire Brigades Local Law requires each Brigade to hold an Annual General Meeting prior to the first Bush Fire Advisory Committee Meeting each year. At the Annual General Meeting of a Bush Fire Brigade, up to two Brigade members are to be nominated to the Bush Fire Advisory Committee to serve as Fire Control Officer for the Brigade area until the next Annual General Meeting. Other positions within the Brigade area are to be filled for a one-year term.

At the Ordinary Council Meeting held on 26 April 2023, Council resolved to accept and ratify the Bushfire Advisory Committee's recommendation that the appointments to BFAC and as FCOs for the Wongan Hills Volunteer Fire and Rescue Service (WH VFRS) and the Ballidu Volunteer Fire and Emergency Service (Ballidu VFES) be presented to the September BFAC meetings going forward, to better align with their respective Annual General Meetings.

The Bush Fire Advisory Committee has recommended the following persons to be appointed to the Bush Fire Advisory Committee and as Fire Control Officers for the WH VFRS and Ballidu VFES as follows:

9.2.3.1APPOINTMENT OF FIRE CONTROL OFFICERS AND BFAC REPRESENTATIVES FOR THE WONGAN HILLS VOLUNTEER FIRE AND RESCUE SERVICE

COMMITTEE RECOMMENDATION

That the following persons be APPOINTED as Fire Control Officers and BFAC Representatives for the Wongan Hills Volunteer Fire and Rescue Service for a one-year term until 25 September 2024:

- Craig Bowles
- Matt Storer

That the following persons be APPOINTED as a non-voting BFAC Representative for the Wongan Hills Volunteer Fire and Rescue Service for a one-year term until 25 September 2024:

Ben Moss

9.2.3.2 APPOINTMENT OF FIRE CONTROL OFFICERS AND BFAC REPRESENTATIVES FOR THE BALLIDU VOLUNTEER FIRE AND EMERGENCY SERVICE

COMMITTEE RECOMMENDATION

That the following persons be APPOINTED as Fire Control Officers and BFAC Representatives for the Cadoux/Manmanning Bush Fire Brigade for a one-year term until 25 September 2024:

- Jarrod Hood
- Steve Whyte

MOVED: Cr Tunstill

SECONDED: Cr Falconer

1. That Council ADOPTS en-bloc, the recommendations of the Bushfire Advisory Committee for the following items: 9.2.3.1 and 9.2.3.2.

9.3 WORKS AND SERVICES

9.3.1 2023/2024 BITUMEN

FILE REFERENCE:

REPORT DATE: 16 September 2023 **APPLICANT/PROPONENT:** Shire of Wongan-Ballidu

OFFICER DISCLOSURE OF INTEREST: Nil PREVIOUS MEETING REFERENCES: Nil

AUTHOR: Stephen Casey, Manager of Works & Services

ATTACHMENTS: Individual Pricing

PURPOSE OF REPORT:

The purpose of this report is to provide sufficient information summarising the results of the submissions called, for the supply and laying of bitumen products for the 2023/24 financial year to enable Council to award the contract for this service.

BACKGROUND:

Due to the Shire's bitumen sealing program budget exceeding \$250,000.00 for the 2023/24 financial year, it became necessary to initiate a tendering process for the required services.

To facilitate this process efficiently, we utilised the WALGA preferred supplier, e-Quotes, which enables the submission of tender requirements online.

The tender submission sought comprehensive bitumen services, encompassing the supply and application of bitumen, distribution of aggregate, rolling, sweeping, and traffic management services within the Shire of Wongan-Ballidu, extending up to the 30 June 2024.

The deadline for submissions was set at 5 pm on Tuesday, 19 September 2023.

COMMENT:

The Schedule of Rates table, included below, shows the quoted figures from the three (3) suppliers, as well as the Budget figures. In all cases, variations are noted between both the total tender price and the variance between the fixed price and the frise & fall price.

Boral

Boral is the largest vertically integrated construction materials company in Australia. Our network includes prized quarry and cement infrastructure, bitumen, construction materials recycling, asphalt and concrete batching operations.

We employ about 9,000 employees and contractors across our operations that span more than 360 sites nation-wide.

For more than 75 years we've been building something great in Australia - rarely a day goes by that you wouldn't pass one of our sites or trucks, enter a building, use a road, bridge,tunnel, footpath or other critical infrastructure that our people and products have helped enable.

Boral was previously contracted in 2022-2023, 2021-2022, 2020-21-& 2018-19 for the Shire of Wongan-Ballidu, they have a good track record. They provide a very good service and are able to adapt to any situation on request.

NOTE - All Bitumen Products are subject to Rise and Fall

COLAS

The COLAS Group is a world leader in the construction and maintenance of road, air, rail and maritime transport infrastructure. Roads – the Group's core business – account for more than 80% of its total activity.

With over 58,000 employees, a network of 2,000 material production units and 800 construction business units operating in 50 countries across 5 continents, the Group carries out more than 85,000 projects each year supported by a strong upstream industrial network. In 2018, the COLAS Group posted €13.2 billion Euros of consolidated revenue.

COLAS have provided services to The Shire of Wongan-Ballidu in the past and have proven very proficient in their work.

NOTE - All Bitumen Products are subject to Rise and Fall

Downer

Downer Group employs approximately 56,000 people across more than 300 sites, primarily in Australia and New Zealand but also in the Asia-Pacific region, South America and Southern Africa. Downer operates out of Maddington, Western Australia, which houses the majority of management and support staff and also maintains regional offices in Geraldton and Karratha.

They support state government departments and more than 350 local government authorities. Downer is a national supplier.

Pricing

With relation to the pricing options, Council has two choices. The first is to eliminate any risk associated with bitumen price fluctuations **(GMP)** and choose the "fixed" tender price, whilst the second is to take the risk and choose the "rise & fall" price.

Bitumen prices are currently sitting on \$1,345.60 per metric tonne, this is down from \$1520.60 per metric tonne this time last financial year.

Bitumen prices generally increase August to February is when demand and price for bitumen increases as you can see from the Bitumen Index provided below:

MRWA Rise and Fall - Bitumen Index

The current 5-year trend is that the price of bitumen price will increases by around 7% between August & February each year.

Based on this trend and the current pricing, and if the bitumen was to increase by 10% over this period, we would still have significant savings. (As stated in schedule of rates attached)

Based on the current price of bitumen and the potential savings with rise and fall option, the staff recommendation would be to accept the tender from Boral Asphalt (WA) for a Rise & Fall contract to supply and lay bitumen products within the Shire of Wongan-Ballidu for 2023/24.

9.3.2 2023/2024 NEW TRUCK PURCHASE

FILE REFERENCE:

REPORT DATE: 21 September 2023 **APPLICANT/PROPONENT:** Shire of Wongan-Ballidu

OFFICER DISCLOSURE OF INTEREST: Nil PREVIOUS MEETING REFERENCES: Nil

AUTHOR: Stephen Casey, Manager of Works & Services

ATTACHMENTS: Nil

PURPOSE OF REPORT:

The purpose of this report is to provide sufficient information summarising the results of the submissions called for one new truck for the 2023-2024 financial year to enable Council to award the contract for this service.

BACKGROUND:

As a component of the Shire's planned Plant Replacement Program for the 2023 /2024 financial year, we initiated a request for individual pricing concerning the replacement of a 6x4 Tipper Truck. This procedure was carried out in collaboration with the WALGA preferred supplier, e-Quotes, which enables us to submit our requirements electronically.

The submission specifically requested quotations for a new 6x4 Tipper Truck.

The submission period concluded at 5:00 pm on Friday, 08 September 2023.

COMMENT:

We have received 6 responses for the new 6x4 truck and pig trailer replacement for the 2023/ 2024 budget.

Truck evaluations are detailed below.

Mitsubishi Fuso

- 510HP 12.8 litre, 12 speed AMT.
- Japanese design truck with Daimler engine and transmission.
- Cab over design
- Air suspension
- Shires of Dundas and Kent have the Shogun model.

Mark Tulleken, Works Manager – Shire of Kent has a good report for the Shogun truck comfortable to drive and good feedback from their drivers.

We already run several Mitsubishi light vehicles such as the Construction Crew-cab, Mechanical Services Coordinator's vehicle and a medium sized Maintenance Truck (Patching Truck). All have proven very dependable.

Concerns

Unknown vehicle.

Hino

- 480HP 13 litre, 16 speed AMT.
- Euro design truck
- Cab over

Lindon Mellor from Merredin shire has no complaints with the truck, it is comfortable to drive, spacious and good feedback from the drivers.

The Shire of have run a Hino Prime Mover in the past. Issues noted back then were:

- Overheats, truck more suited to bitumen roads.
- Constantly cleaning radiators due to blocking up with dust.
- A/C not efficient.
- Gearbox problems.
- Some parts only from Japan.

Based on our previous experience, contrary to above, the major issue we had with the Hino Prime Mover was overheating. The radiator was constantly clogging up and having to be blown out. The A/C also caused problems and could not handle our conditions, thus leading to operators not being satisfied and a dusty cab environment to compensate. This truck was operated by the Shire from 2010 to 2017.

Concerns

- Previous experiences listed above.
- Lower horsepower rating.

Mack

The Shire of Wongan-Ballidu has been running Mack trucks for the past 7 years. These trucks have proved dependable and are operator friendly. Having a fleet of the same make of truck allows each staff member to seamlessly move between trucks.

The Mack Truck is ergonomically set out for each operator, with all controls easily reached.

We have found the bullnose configuration has worked well, allowing the trucks to run at optimum operating temperature in these conditions.

The other issues we have had with these trucks are down to the hydraulic system installed by the body builder. This is no fault of the truck itself, by specifying Howard Porter as the body builder, we hope to element hydraulic issues moving forward due to their proven track record. We have utilised Howard Porter in previous body builds and had no issues.

Truck Centre have been very accommodating and have always been able to conduct urgent repairs when necessary. Unfortunately, they are very expensive when carrying out this service. We have had several occasions where invoices were questioned, but most of the time they have been reduced or come to an agreement.

- 500HP 13Litre, 12 speed AMT.
- Build orders 2nd half of 2023 for truck, 2024 for body.
- New dash layout reconfigured for easier use.
- New steering wheel design for easier access of entry.
- Tier 2 electrics giving the truck better transmission gear shifting.
- LED lights.

Waiting period for delivery

UD Quon

The UD brand is essentially a Volvo truck. It has a Volvo engine with Volvo running gear. The Shire has run Volvo trucks in the past.

- 460HP 11 litre, 12 speed AMT.
- Japanese design truck.
- Cab over
- Airbag suspension.
- Good turning circle.
- UD are currently number 5 in Australia truck sales.

Shires that have bought UD trucks recently are Northam, Margaret River x 3, Harvey x3, Koorda. WCS Concrete run the UD truck with agitators and are very happy with how the trucks perform, they are stable on gravel roads, they are impressed with the safety functions of the UD truck and will continue buying these trucks.

The expected trade value on the Mack Granite tipper is between \$110,000 - \$160,000 (Pickles 2023). This will cover the shortfall associated with the purchase of a Mitsubishi Fuso.

The expected trade depends on the kilometres, condition of the truck and the market at the time.

Resale Value

The expected resale value of a Mitsubishi Fuso Shogun after 5 years is \$100,000 and \$120,000. (Pickles 2023).

The expected trade depends on the kilometres, condition of the truck and the market at the time.

STAFF RECOMMENDATION

It is important to carefully consider budget constraints and operational needs when making such decisions. Here's a summary of the key points in the recommendation:

Staff acknowledges that running the Mack Truck again would be the preferred option due to familiarity with its operation. However, due to budget limitations, this option is not feasible.

The staff believes that the Mitsubishi Fuso is the next best option to meet the Shire's requirements. It is noted that the 510hp range is essential for pulling the semi-trailer combination, and the cab-over configuration will provide a better turning circle and reduce the overall length of the truck.

It is anticipating that the budget shortfall for acquiring the Mitsubishi Fuso can be offset by trading in the existing Mack Granite. This trade-in is expected to help mitigate the financial impact of the new purchase.

It is mentioned that Council has already agreed to purchase a Mitsubishi Fuso as part of the Plant Replacement Program for the 2022-2023 Financial Year. The new truck is currently being built and is expected to be delivered towards the end of the calendar year. Overall, the staff recommendation supports the purchase of the Mitsubishi Fuso as a cost-effective solution that meets the Shire's requirements, considering both budget constraints and operational needs.

POLICY REQUIREMENTS:

- Regional Purchasing Policy maximising opportunities for local businesses
- Purchasing and Procurement Policy to deliver a best practice approach and procedures for the internal purchasing of the Local Government.

LEGISLATIVE REQUIREMENTS:

The use of WALGA's "Preferred Supplier Process" exempts Local Authorities having to call tenders under the Function and General Regulations 1996 of the Local Government Act 1995.

STRATEGIC IMPLICATIONS:

This purchase complements Council's strategy of ensuring that existing infrastructure is maintained and renewed to meet identified service and amenity levels.

SUSTAINABILITY IMPLICATIONS:

> Environment

There are no significant environmental implications.

> Economic

There are no significant economic implications.

> Social

There are no significant social implications.

FINANCIAL IMPLICATIONS:

The purchase of one Mitsubishi Fuso tipper truck for \$238,016.12 would put us over budget \$8016.12 based on the 2023/ 2024 budgetary estimate of \$230,000. However, given the updated trade in value, the actual budget impact is favourable.

PURPOSE OF REPORT:

To seek Councils permission to approve a request for a skip bin to be kept permanently at the Wongan Hills Sports Pavilion, 100 Ninan Street, Wongan Hills.

BACKGROUND:

The Shire entered into a Management Agreement with the Wongan Hills Sports and Recreation Council Inc (WHSRC) in 2008.

In 2020 upgrades were completed at the Wongan Hills Sports Pavilion with the addition of tennis and gymnasium. In 2023 the upgrade was completed to include the bowling club.

An agreement between the Shire and WHSRC for a skip bin for the Winter sports season annually had been reached.

COMMENT:

Currently the Wongan Sports Pavilion are provided a skip bin at the sportsground for winter sport only.

The WHRSC provide the Shire with the sporting fixtures and a skip bin is ordered for those months which is usually April/May – September.

With the Wongan Hills Sports pavilion expanding to include the gymnasium, tennis, squash and now the bowling club, the applicant is requesting a skip bin all year round.

The monthly cost for the skip bin is \$450.78.

Under 4.0 Shire Terms 4.4 Maintenance Costs of the agreement, the Shire will bear refuse charges and collection, and sanitary collection.

To consider a request from Council to write off fees associated with Debtor 1565.

BACKGROUND:

The applicant is the owner of 13 Avon Road, Wongan Hills. A building application was received to build an eco-shelter on the owner's property.

COMMENT:

A building application was received from the applicant on 10 July 2023 to build an eco-shelter on the property. A BA2 uncertified application was submitted.

Fees were calculated and the owner paid what was requested.

On an audit of building applications, we found that the applicant was not charged the fee of \$434.50 for a Construction of Design Certificate (CDC).

The applicant provided with the building application a hand drawn design. This was not a certified design.

If a building application is received without a CDC the Shire building surveyor completes this as a requirement of the permit. The Shire is charged this fee by the building surveyor and the customer pays this amount to offset it.

The fee and charge for a CDC was adopted by Council in the 2019/2020 financial year.

On 29 August 2023 a letter to the applicant explaining a clerical error had occurred and payment was required. An invoice accompanied the letter.

On the 13 September 2023 the applicant sent an email to the Shire requesting the invoice be written off or that Council agree to a reasonable amount to be paid.
