## DBCA TO MANAGE RABBITS IN WONGAN CONSERVATION PARK

The Department of Biodiversity Conservation and Attractions will be undertaking rabbit control operations in Wongan Conservation Park from Monday 23 February 2026 to Tuesday 30 June 2026.

1080 grain baits will be used in combination with a Calicivirus release to reduce rabbit grazing on populations of threatened plants, like the Wongan Triggerplant, located approximately 2.5km north of Wongan townsite.

Please look out for warning signs and ensure domestic animals, such as pet cats and dogs, do not enter Wongan Conservation Park at any time.

There are many dog-friendly walking areas in and around Wongan townsite, such as the Wongan recreation ground and Christmas Rock walk trail.

Thank you for helping us conserve threatened plants in your community.

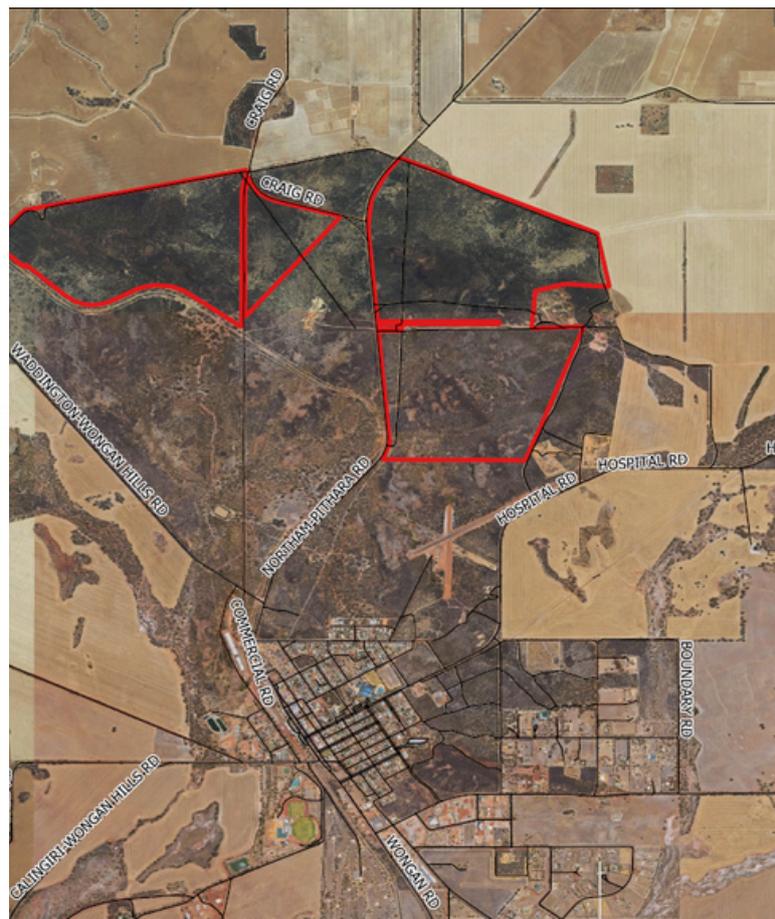

## WORKS AT THE WONGAN HILLS CEMETERY

Works commenced at the Wongan Hills Cemetery on Monday 16 February. These works are expected to take a few weeks.

Please note that there will be no access to the public toilet facilities during this time.

Sections of the cemetery entrance/s will also be temporarily closed to the public while works are underway.

We appreciate your patience and understanding as these works are carried out.

## STRATEGIC PLANNING OUTCOME ENGAGEMENT SESSION

Thank you to everyone who took part in our recent community engagement sessions and survey for the Strategic Community Plan (SCP) and Disability Access and Inclusion Plan (DAIP) review. Your feedback has helped shape the priorities and direction for the future of the Shire of Wongan-Ballidu.

We now invite community members to attend a follow-up session to hear the outcomes of your input and learn more about the strategic direction of the Shire for the coming years, presented by our consultants.

**Wednesday 18th February**  
**5.30pm start**  
**CRC Function Room**

We hope to see you there as we share what we heard and where we're heading next.
