#### Shire of Wongan-Ballidu Variance Report for June 2017

The Local Government (Financial Management) Regulations 1996 require that financial statements are presented on a monthly basis to council. Council has adopted 10% as its threshold for line items on the nature and type report shown on page 1. This report uses a traffic light system to flag those items that are within tolerance and others that fall out of the range. Variances are calculated using a comparison of year to date actual against year to date budget. It needs also to be noted that the early months of the financial year are a period when variance percentages are volatile and extremely sensitive to small movements in actual income and expense.

Code	Report Section	Comments				
	Operating Income					
×	Grants Operating, Subsides & Contributions	This balance is higher due to early payment of the 17/18 Financial Assistance Grants.				
0	Non-Operating Grants, Subsidies & Contributions	This balance is lower due to Roads to Recovery grants income being lower than expected.				
0	Fees & Charges & Service Charges	This balance is lower than budget due to the re-classification of flood damage income from Fees and Charges to Other Revenue and the budget has not been amended to reflect this change.				
×	Other Revenue	This balance is higher due to more reimbursements, flood damage claim and diesel fuel rebates being received.				
×	Interest	This is higher due to more interest received with Investments				
0	Profit on Sale  Vehicle traded resulted in a loss on sale. This is in relation to the loader.					
	Operating Expenditure					
0	Employee Costs	This is lower than budget. End of year accruals are still to occur which will increase this balance to be in-line with the budget.				
0	Insurance	Savings achieved on annual insurance costs.				
×	Other General	CRC Expenditure is higher than budget for projects that are funded by way of a grant and the budget has not been amended to reflect the actual expenditure and the grant income.				
×	Loss on Sale	Loss on sale is higher due to higher written down values.				
	Capital					
0	Land and Buildings	This is expenditure related to costs for Sports Co-Location. As noted in the budget review, these costs are offset through additional transfer from reserves.				
0	Furniture and Equipment	Project has not yet been commenced.				
0	Infrastructure Other	Project has not yet been commenced.
