PURPOSE OF REPORT:

To advise Council of the intent of the Chief Executive Officer to take a combination of Long Service and Annual Leave and to formalise acting arrangements during this period of leave.

BACKGROUND:

The Chief Executive Officer intends to take Long Service Leave as provided by the local Government Long Service Leave regulations for a total of 12 weeks.

COMMENT:

It is the intent of the CEO to take long service leave from the 16th August 2019 and return to work on 19th November 2019.

It is courteous and good practice to inform Council of the Chief Executive Officers intent to take leave and seek Council's endorsement.

Given the extended nature of Long Service Leave Council will need to appoint an Acting CEO to be responsible for the day-to-day operations as well as the statutory requirements of the position during this period of leave.

Long Service and Annual leave is calculated and accrued annually, a Reserve exists to assist Council in funding long service leave and the annual budget provides for the component of each employee.

Provisions under the Long Service Leave Regulations require previous Local Government employers to contribute to the cost of an employee's long service leave at the rate of pay of the employee at the time of employment with that Local Government.

The balance is the responsibility of the Shire of Wongan Ballidu.

The local government contributions and the annual salary budget have sufficient funds to accommodate this leave entitlement and associated costs without impact on the overall budget.

Shire of Wongan-Ballidu Variance Report 30 June 2019

The Local Government (Financial Management) Regulations 1996 require that financial statements are presented monthly to council. Council has adopted 10% as its threshold for line items on the nature and type report shown on page 1. This report uses a traffic light system to flag those items that are within tolerance and others that fall out of the range. Variances are calculated using a comparison of year to date actual against year to date budget. It needs also to be noted that the early months of the financial year are a period when variance percentages are volatile and extremely sensitive to small movements in actual income and expense.

Code	Variance Actual to YTD Budget	Variance reason	Report Section	Comments			
			Operating Incom	ne			
0	319,086	Timing	with a similar amount of prepaid rates held as at the e				
×	(1,080,588)	Timing	Grants Operating, Subsides & Contributions	This increase in funds variance relates to the advance payment of approx. one-half of the FAGS grants for 19/20. Grants for the Co-Location project budgeted to be received in the 2018/19 year, will now be received in 2019/20 year due to the project only commencing in the 19/20 financial year.			
0	322,765	Timing	Non Operating Grants, Subsidies & Contributions	Council has received the 1st instalment of the grant for the construction of the tennis courts in June 2019.			
✓	24,388	Within Threshold	Fees & Charges & Service Charges	Within Council variance reporting threshold.			
×	(159,023)	Permanent	Other Revenue	Re-imbursements are \$135k higher than budget (e.g. insurance and workers compensation). This income is offset by expenditure. Diesel Fuel Rebate is \$39k higher than budget which is additional income for the year.			
×	(35,706)	Permanent	Interest	Reserve Funds and Municipal funds Interest earnings and late payment interest are higher than YTD budget. This has resulted in additional income for the year and additional transfer of interest to reserves.			
✓	(7,005)	Within Threshold	Profit on sale of Assets	Within Council variance reporting threshold.			
			Operating Expendi	ture			
√	(157,623)	Within Threshold	Employee Costs	Within Council variance reporting threshold.			
0	(182,012)	Timing	Materials & Contracts	Transport costs are \$189k higher than budget, this is due to higher Plant operations costs. Plant Operating costs are \$74K over allocated which will partly offset the higher costs in Transport. Staff will correct these allocations as part of end of year processes. In the other programs Materials and Contracts are \$371k lower than budget.			
√	(35,418)	Within Threshold					
0	(7,928)	Timing	Interest	Interest expenses are lower than YTD budget. This is a timing issue, where prior year accruals offset expenses, and this years accruals are yet to be recognised.			
√	(17,928)	Within Threshold	Insurance	Within Council variance reporting threshold.			
✓	(21,079)	Within Threshold	Other General	Within Council variance reporting threshold.			
×	30,547	Within Threshold	Loss on Asset Disposals	The main cause of this variance is due to the unbudgeted sale of 2 Elphin Crescent and the associated loss generated. The loss on sale of the Grader was less than expected.			
×	391,009	Permanent	Depreciation	Depreciation is higher than budget due to an increase of value of Road Infrastructure in the 2017/18 Roads Revaluation. At time of preparing the budget road infrastructure was valued lower than current value. As this is a non-cash item it has no impact to the Municipal Surplus.			
			Capital				
0	(1,251,120)	Timing	Land & Buildings	This variance related to lower expenditure at the WH Recreation Centre, Ballidu sports complex, toilets and Masonic Lodge. These projects will flow into FY20.			
0	(16,676)	Timing	Furniture & Equipment	This variance relates to the Town Centre CCTV project that is nearing completion and expected to be finalised soon.			
✓	371	Within Threshold	Motor Vehicles	Within Council variance reporting threshold.			
0	(114,728)	Timing	Plant	The Roller and Bushfire Truck anticipated to be replaced during the year has been delayed.			
✓	(10,481)	Within Threshold	Infrastructure Other	Within Council variance reporting threshold.			
√	(17,474)	Within Threshold	Infrastructure Roads	Within Council variance reporting threshold.

REPORT DATE: 28/07/2019

APPLICANT/PROPONENT: Shire of Wongan-Ballidu

OFFICER DISCLOSURE OF INTEREST NII PREVIOUS MEETING REFERENCES: NII

AUTHOR: Karl Mickle (MWS) ATTACHMENTS: Individual Pricing

PURPOSE OF REPORT:

The purpose of this report is to recommend to Council to purchase a new Rubber Tyre Roller from the recommended supplier, in accordance with the plant replacement program as outlined in the 2019/2020 Budget.

BACKGROUND:

As the Shire's proposed plant replacement program for the 2019/2020 financial year exceeds \$150,000.00 it was necessary to call individual pricing for the service.

This process was done with WALGA preferred supplier-e-Quotes which allows us to submit requirements on line.

The submissions called for a New Rubber Tyre Roller on 25th June 2019

Submission closed at 12pm Friday the 15th July 2019.

COMMENT:

Over the last three weeks we have received (4) responses for the new Rubber tyre Roller for the 2019/20 budget.

While Cat CW34 is not the cheapest out of the four options, you get the reliability of the CAT brand. Similar to us running all Mack truck the advantage of running the same brand machinery speaks for itself. We currently run 2 CAT 12M Grader and CAT Vibrating Roller and recently purchased Skid Steer loader. Our ability to source filters and parts from the same dealership reduces down-time and mistakes.

Also, the big stand out with the Cat CW34 is the 7year warranty

STAFF RECOMMENDATION:

We recommend the purchase of a CAT CW34 Rubber Tyre Roller

I believe the ability to deal with one dealership, rather than multiple, has a big advantage. The Cat CW34 Meets all the Shire specifications requirements

POLICY REQUIREMENTS:

- Regional Purchasing Policy maximising opportunities for local businesses
- Purchasing and Procurement Policy to deliver a best practice approach and procedures for the internal purchasing of the Local Government.

LEGISLATIVE REQUIREMENTS:

The use of WALGA's "Preferred Supplier Process" exempts Local Authorities having to call tenders under the Function and General Regulations 1996 of the Local Government Act 1995.

STRATEGIC IMPLICATIONS:

This purchase complements Council's strategy of ensuring that existing infrastructure is maintained and renewed to meet identified service and amenity levels.

SUSTAINABILITY IMPLICATIONS:

> Environment

There are no significant environmental implications.

> Economic

There are no significant economic implications.

Social

There are no significant social implications.

FINANCIAL IMPLICATIONS:

The purchase of a Cat CW34 Rubber Tyre Roller for \$170,000 will be within budget as specified in the adopted 2019/2020 Plant Replacement Program

VOTING REQUIREMENTS:

ABSOLUTE MAJORITY REQUIRED: No

MOTION: Moved Cr Hasson / Seconded Cr West

That Council:

Accept the quotation from WesTrac WA Pty Ltd for the purchase of one Cat CW34 Rubber Tyre Roller with a Purchase Price of \$170,000.
