PURPOSE OF REPORT:

The purpose of this report is for Council to review Council Policy 4.7- Investment.

BACKGROUND:

During a recent Financial Management Review, it was reported that Council were not following the guidelines as outlined in the Council Policy in relation to the maximum amount of funds that are to be invested with financial institutions.

At the Audit Committee Meeting held on 27 August 2019, the Committee recommended to Council to review the policy to ensure compliance.

COMMENT:

The majority of the policy remains relevant and the only section of the policy that is subject to this review is to change the limit of exposure to individual financial institutions. Currently these limits are set out as follows;

S & P Long Term Rating	S & P Short Term Rating	Direct Investment Maximum %	Managed Funds Maximum %
AAA	A-1+	45%	50%
AA	A-1	35%	45%
A	A-2	20%	40%

The top 4 Australian Banks are all rated AA meaning that under the current policy, the Shire would need to spread all of the investments over 3 different financial institutions to ensure compliance. With the small amount of funds the Shire has to invest each year it is difficult to ensure compliance is continually achieved. Current practice is that all funds are invested with the ANZ Bank in Wongan Hills.

It is proposed the policy be amended as follows, this will mirror current practice;

S & P Long Term Rating	S & P Short Term Rating	Direct Investment Maximum %	Managed Funds Maximum %
AAA	A-1+	100%	100%
AA	A-1	100%	100%
A	A-2	20%	40%

No other aspects of the policy will be changed. The fully policy with the amendments marked up is attached.

It is recommended that Council adopt the revised policy.

POLICY/LEGISLATIVE REQUIREMENTS:

Council Policy 4.7-Investment.

POLICY/LEGISLATIVE REQUIREMENTS:

Local Government Act 1995.

That Council adopt the revised policy 4.7- Investment dated September 2019.

**CARRIED: 7/0
RESOLUTION NO: 020919**

4.7 Investment (Draft)

Policy Owner: Administration and Financial Services
Person Responsible: Deputy Chief Executive Officer
Date of Adoption:
Adoption Resolution:
Date of Last Amendment: 25 June 2014

OBJECTIVE:

To invest the Shire of Wongan-Ballidu's surplus funds with consideration of risk and at the most favourable rate of interest available to it at the time, for that investment type, whilst ensuring that liquidity requirements are being met.

The objectives of the policy are threefold in terms of preservation of capital, liquidity and the return on investment.

- The preservation of capital is the primary objective of the Shire's investment to ensure the safety and security of the investment made in relation to the credit risk of the borrowers and interest rate on offer.
- The investment of the Shire's funds should ensure there is sufficient liquidity to meet the operational cash flow requirement as when they fall due without incurring additional cost to the Shire.
- The investment made should achieve a predetermined return on investment taking into account the market condition and risk profile of the borrowers.

LEGISLATIVE REQUIREMENTS

All investments are to comply with the following:

- Local Government Act 1995 - Section 6.14
- The Trustees Act 1962 - Part III Investments
- Local Government (Financial Management) Regulations 1996 - Regulations 19, 28 and 49
- Australian Accounting Standards

SCOPE

This policy applies to all officers involved in the investment of Council funds.

POLICY

Delegation of Authority

Authority for implementation of the Investment Policy is delegated by Council to the CEO in accordance with the Local Government Act 1995. The CEO may in turn delegate the day-to-day management of Council's investment to senior finance staff subject to regular reviews.

Prudent Person Standard

Investments are to be managed with the care, diligence and skill that a “prudent person” (as derived by legislation, Trustees Act 1962, and case law) would exercise. Officers are to manage investments to safeguard the portfolio in accordance with the spirit of this investment Policy, and not for speculative purposes.

Ethics and Conflicts of Interest

Officers shall refrain from personal activities that would conflict with the proper execution and management of Council’s investments. Where there is a conflict of interest, it should be disclosed to the CEO as soon as possible.

Approved Investments

All investment must be denominated in Australian dollars. Without Council approval, investment of the Shire funds is limited to:-

- State/Commonwealth Government Bonds;
- Interest Bearing Deposits;
- Bank accepted/endorsed bank bills;
- Bank negotiable Certificate of Deposits; and

Prohibited Investments

This policy prohibits any investment carried out for speculative purposes including:

- Derivative based instruments
- Principal only investments or securities that provide potentially nil or negative cash flow; and
- Stand alone securities issued that have underlying futures, options, forwards contracts and swaps of any kind.

This policy also prohibits the use of leveraging (borrowing to invest) of an investment.

Risk Management Guidelines

Investments obtained are to comply with three key criteria (described below) relating to:

- Portfolio Credit Framework - to limit overall credit exposure of the portfolio
- Counterparty Credit Framework - to limit exposure to individual counterparties/institutions
- Term to Maturity Framework - limits based upon maturity of securities

a) Overall Portfolio Limits

To control quality on the entire portfolio, the following framework limits the percentage of the portfolio exposed to a particular credit rating category:

S & P Long Term Rating	S & P Short Term Rating	Direct Investment Maximum %	Managed Funds Maximum %
AAA	A-1+	100%	100%
AA	A-1	100%	100%
A	A-2	60%	80%

b) Counterparty Credit Framework

Exposure to an individual institution will be restricted by its credit rating so that single entity exposure is limited as detailed in the table below:

S & P Long Term Rating	S & P Short Term Rating	Direct Investment Maximum %	Managed Funds Maximum %
AAA	A-1+	100%	100%
AA	A-1	100%	100%
A	A-2	20%	40%

If any of the investments are downgraded such that they no longer fall within the investment policy, they will be divested as soon as practicable.

Investments in Negotiable Bank Instruments are not to be greater than 12 months and investments in Guaranteed Government Bonds are not to be greater than 3 years.

c) Term to Maturity Framework

The following maturity constraints will apply under Section 19C of the Local Government (Financial Management) Regulations 1996

Negotiable Bank Instruments Maturity Limits (Term Deposits)

Bank Instruments % < 3 months	100% Max
Bank Instruments % < 6 months	80% Max
Bank Instruments % < 9 months	60% Max
Bank Instruments % < 12 months	40% Max
Authorised Deposit Institution Limits	12 months
Non Authorised Deposit Institution Limits	Not Allowed

Guaranteed Government Bonds Maturity Limits

Government Bonds % < 1 year	100% Max
Government Bonds % > 2 year	60% Max
Government Bonds % > 3 year	25% Max

Note: Authorised Deposit Institutions are corporations that are authorised under the Banking Act 1959 to take deposits from customers.

Investment Guidelines

Municipal funds will be invested for short to medium terms, and reserve funds for medium to long terms. To maintain accountability and transparency, municipal funds and reserve funds are to be invested in separate accounts.

For the purposes of this policy:

- “Long term” refers to a term of **up to 12 months or more.**
- “Medium term” refers to a term of up to 6 months.
- “Short term” refers to liquid investments (at call) or up to 3 months or less that is readily convertible to cash with no impairment to the original value of the investment.

Appendix B - Investment Policy checklist from Local Government Operational Guidelines - Number 19 - Investment Policy (February 2008) shall be used to assess each new investment. The form shall be retained as evidence. Three quotes will be obtained when investing any funds. Once the rate is finalised the investment must be approved by two signatories to the bank account.

Investment Strategy

An Investment Strategy will run in conjunction with this investment policy. The investment strategy will be presented to Council's Finance Committee every six months. The Strategy will outline:

- Council's cash flow expectations
- Optimal target allocation of investment types, credit rating exposure, and term to maturity exposure and
- Appropriateness of overall investment types for Council's Portfolio

Investment Advisor

Any Investment Advisor appointed must be approved by Council and be licensed by the Australian Securities and Investment Commission. The advisor appointed must be an independent person who has no actual or potential conflict of interest in relation to investment products being recommended; and is free to choose the most appropriate product within the terms and conditions of the investment policy.

Approved Borrowers

The following are approved by Council as financial institutions in which the Shire's funds may be invested.

- Westpac Banking Corporation (WBC)
- Australia and New Zealand Bank (ANZ)
- Commonwealth Bank of Australia (CBA)
- National Australia Bank (NAB)
- Bankwest of WA

From time to time, new parties emerge wanting to participate in the Shire's investment program they will be assessed, evaluated and recommended to Council for approval. Their inclusion in the above listing is subject to approval by the Council.

Reporting and Review

A monthly report must be provided to Council detailing the investment portfolio in terms of performance, percentage exposure of total portfolio, maturity date and changes in market value (if applicable). The report will also detail investment income earned against budget.

Documentary evidence must be held for each investment and details thereof maintained in an investment register. For audit purposes, certificates will be obtained from financial institutions confirming the amounts of investments held on Council's behalf as at 30 June each year and reconciled to the Investment Register.

This policy should be reviewed if there is a marked change in the economic landscape affecting financial markets and interests and / or if there are state or federal legislative changes affecting the movement and investment of Council funds.

RESPONSIBILITY FOR IMPLEMENTATION

The Deputy Chief Executive Officer is responsible for implementing this policy.

Variance Report 31 August 2019

The Local Government (Financial Management) Regulations 1996 require that financial statements are presented monthly to council. Council has adopted 10% as its threshold for line items on the nature and type report shown on page 1. This report uses a traffic light system to flag those items that are within tolerance and others that fall out of the range. Variances are calculated using a comparison of year to date actual against year to date budget. It needs also to be noted that the early months of the financial year are a period when variance percentages are volatile and extremely sensitive to small movements in actual income and expense.

Code	Variance Actual to YTD Budget	Variance reason	Report Section	Comments
Operating Income				
✓	21,729	Timing	Rates	Rates were levied on 12th August 2019
✓	(29,855)	Timing	Grants Operating, Subsidies & Contributions	Within Council variance reporting threshold.
